

4K Friends

~by Twisted Tusk with lyric ideas from Ms. Jackie's Morning 4K Friends

How I love my 4K friends
You know I love my 4K friends
I'll always love my 4K friends
These are my 4K friends

My first time in 4K I got to go home and come back
We play. We eat. We go outside. We go home.
We play. We eat. We go outside. We go home.

I love to remember coming in and lining up for the morning
How to spell things like M O M spells Mom
And how to spell my own name

I love playing lots of games at recess.
I love pretending to be a ninja or picachu!
I love the cereal, I love everything!

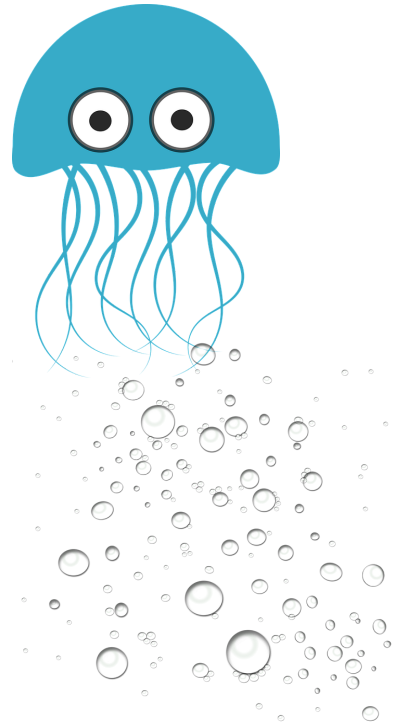

How I love my 4k Friends!

When I was the line leader that made me feel so special!
Snow mountain! Snow mountain!

And all the friends that left this year... And all the friends we formed this year!

And anytime a guest came in we all showed love and welcoming to them.
And anytime a guest came in we all showed love, community; We are all friends!

How I love my 4k friends!
