Tell Me About It

Tell me about it
how it started
what you said
who I used to be - I can't seem to remember

oooo

Tell me about time
your face and mine
in photographs
hiding in the bushes thinking summer would last

tell me bout

ooooo

Tell me about joy
sunlit eyes
and lemon juice
lullabies and vinyls crackling sounds of silence

Tell me about change
restless hearts
and hummingbirds
robins in the winter singing spring is coming

tell me bout

ooooo

I need to remember 7th Street
new beginnings
birds return
I need to remember 7th Street
new beginnings
birds return

I need to remember 7th Street
new beginnings
birds returning with another spring
