

Our Ministry Plans

Semester 1

Vision

What is our vision? What do we want to see happen this semester/year on campus?

(Students coming to Christ? Students growing in their faith? Students leading? Students supporting one another?)

Resources

What resources do we have to help fulfill our vision?

(Churches, volunteers, teachers, Christian students, parents? [The Mapping your campus worksheet](#) will be helpful as well.)

Plan

Who will we lead with? When and where will our leader/planning team meet?

Of the ministry elements (meetings, prayer, Bible study, outreach, community builders, retreats), what is the centerpiece of the ministry this semester? What other elements can we prioritize?

How often will we meet? When and where will we meet? What structure will our centerpiece have?

The [Ministry Semester Schedule](#) can be used to lay out the specifics of your semester.

Semester Evaluation

Use after each semester

Evaluate

Praises - What did we see God do?

Key areas: Are we sharing our faith? Are students being disciplined? Are students leading?

Things that worked:

Things that need work:

Brainstorm

What is God's purpose for us at our campus? (sharing our faith? Discipling students? Leading for Christ?...And how do we fulfill that purpose?

What is God already doing? And how can we join Him?

How can we enter into something relevant on campus and share God's heart about that idea/event?

How can we partner with another group?

How can we love others?

How can we serve the school as a whole?
