

Katrina Ruth - Cashflow Certainty

Ready to be with what is in your cashflow, your certainty, your soul, your YOU? I have decided to add one more day for you before the price goes up on Cashflow Certainty! Join me now – we have just begun!

Babe. You motherfreakin' know that money is always available, always all around you, always EASY, and?

Right there for the taking.

You are aware, REGARDLESS of where you think you're right now AT, that if you could only open your eyes in a way beyond what you THINK is in front of ya –

you'd see it all around.

You KNOW money is easy, you KNOW receiving is a switch you just flick on, you KNOW that certainty is available, and you KNOW that anytime you really decide, the heavens freakin' open, the secret passageways are suddenly lit before you, entire WORLDS appear out of nowhere, and you can have ANYTHING YOU CHOOSE.

So why then,

(pray tell!)

do you think you don't, well, um, how do I say this?

MOTHERFUCKING CHOOSE?!

Shall we talk about why not? Okay, LET'S!

- You don't just choose because you tell yourself a story that it's not that easy, that you've already tried and you **ARE doing the work**, no really!
- **You don't just choose because you overthink TF out of what you are offering**, turning round and round and round in circles endlessly and forgetting the bit where you settle down like hey – ! This here is MY space. Let's go!
- You don't just choose because your energy is off. You are filling yourself UP with endless things to stay on top of, oversee, improve, **when what you should be doing is pouring yourself OUT**, all over the damn place. Out, and out, and out, and OUT!
- You don't see yourself as THAT Queen level badass yet. You know you are. **Believe it's there for you. FULLY expect to one day step ALL the way in.** But you have reasons. Reasons that feel real! About why you cannot yet, are not yet, have not yet, and what you have to do first. The outcome of all of which is – people don't feel you fully feeling YOU babe. Because you are not.

- You think it's about that you need to improve this one particular area. Finally get the right team in place. Uplevel your socials. Get up earlier! When the reality is that day after day you are going to bed frustrated with the knowledge that you **STILL JUST DID NOT CHOOSE**.
- You ARE choosing, it's just – you're choosing reflective of **who you are NOW**. Reflective of identity constructs which may no longer be true for you. And reflective of who or what you think you need to become in order to be THERE. As opposed to what would **ACTUALLY be true for you when there**.
- You still, after all this time, think it is going to cost you something that maybe you're not prepared to give, or that you aren't equipped or ready to give.

So let's talk about what gets to be true instead, yes? What you KNOW is true. What can only BE true, for a woman like you.

- Money is freakin' EASY for you, and that is just how it is. **You know this to your CORE**. You HAVE indeed embodied it. Yep, it's bloody irritating when some human part of you apparently forgets it at times, but the reality? **YOU CAN SNAP IT BACK IN AT ANY MOMENT**.
- Certainty, also always available. Money certainty. Soul certainty. **CERTAINTY certainty**. Even just reading this lifts you, elevates you, REMINDS you of who you are. Speaking of which? Who you are:
- **You simply ARE, 'that bitch'**. The one who gets paid like that. Who works with clients like that. Runs offers like that. Looks and feels like that. Afuckingmen. You know who and what you are, and you're not afraid to own it. You know how to choose anything that SHE, that version of you, wants. And you know you know this. Here is what else you know:
- People love to pay you. **They LURRRRRVVVVE to pay you**. This is a fact of life, like gravity. You feel it all the way through you and to the core of you. Fuck yes! Screw the moments when you forget it and LET it be hard because this ALWAYS gets to be a vibe.
- You are an idea-source sent from the heavens. **For real though**.
- **You are MEANT to go all the way**, to the fullest expression of what you see inside of you. No two ways about it! The money you see. The clients you see. The ease and flow you see. The DEALS and opportunities you see. The level of ridiculous fuck yes of **ALL of it you see. It.is.FOR you**.

Do you hear that? REALLY hear it?

WHAT YOU SEE INSIDE OF YOU IS FOR YOU.

Which brings us to this:

Starting – December 27th! (Nothing like a pre New Year's FLOW hustle to lift the vibe of this thing!)

About Kat Loterzo

I'm Katrina Ruth. I'm a self-made multi-millionaire, and I work with successful badasses like YOU, who kick their OWN ass already, who were always gonna do and BE the damn thing, but who maybe want me to kick their ass that little bit harder. I love God, following soul, running EVER deeper into trust, and plenty of strong black coffee and gritty red wine.

What I do?? I flick the damn switch for the called ones, and I get you ALL riled up on your own YOU-ness, as I help you remember who you always were – and then become it.

I currently live on the Gold Coast of Australia, and I'm Mum to my two beautiful children, Alyssa and Nathan. I also recently got re-married to their Dad, Enzo. We divorced 5 years ago and are re-married this year! I travel a LOT with my business

(sometimes with the fam, sometimes not, a little more restricted these days but still on the go!), and my business allows me to be fully location free.

After many MANY years of not going all in, NOT speaking my truth or doing what I really wanted to do in the world, I finally said yes to purpose and sharing my deep soul message, AND to doing the damn work, and now, well – Here we are.

I have been fortunate enough to build up an INCREDIBLE online community of driven entrepreneurs and leaders and creators, and each day I get to do what I always wanted to do, which is to motivate, educate, empower and inspire you to press play and create the business and life YOU want.

I've made over \$20,000,000 (yes, 20 million dollars) online (and have several other offline companies and business, plus investments!) just by speaking my truth and following the path of my soul, breaking any and all rules that don't feel fuck yes for me, and also – and this is my fave! – really just being ME. Yeah, I might have some fancier stuff now than when I started, but my business was built on, and still runs on, me being the girl who just loves to write and say what needs to be said running around usually in her gym gear as a hot mess, in between being a Mum and wife and just, well, living life!

You do NOT have to be anything other than who and what you already are to create all of this. Other than just that part of you who you've not yet dared to own, hmmm?! But you sure as shit don't need to be polished, prepared, perfect. I'm still not! And never will be. What you do need to be is this:

Ready to fucking claim it. To recognise that yeah, the hardest work in the world is to march into our dreams without looking back, and to choose to be the version of us we know we're meant for, every damn day, with zero availability for anything except seeing it ALL come to life.

You were born for the motherfucking fire and the flow. NO POINT PRETENDING OTHERWISE. Now let's go get you paid. The way it is SUPPOSED, to be.

After all –

Life is Now. Press Play.

Kat

PS. Girl. You KNOW there is so much available for you!

YOU WERE BORN KNOWING HOW TO MOTHERFUCKING BE.

And when you take the gloves off and LET yourself BE. WELL. YOU –

Are FABULOUS.

Funny | crazy | just the right kind of disturbed as ALL get out.

A MESMERISING FREAKING RIOT ACT.

And a conduit for a message | fire | truth that NOBODY can look away from.

THIS – is part of unleashing the cashflow and SOUL – CERTAINTY. Which you know is available for you.

So yes. You join Cashflow Certainty because it is THE crazy awesome fuck yes course of 2022 already! And because we are laying down 7 (count 'em!) epic fire and RESULT fuelled modules together.

But mainly? YOU JOIN BECAUSE YOUR SOUL KNOWS IT IS TIME TO SHAKE SHIT UP. TO WAKE UP. AND to express – FULLY –

You.

The way that (obvs!) makes you millions. Impacts millions. And changes? The mofo world and everything in it. Starting babe with YOU.
