

In general, the Director or their designee may sign documents on behalf of the school or the Board. When a signature of one Board member is required, the Chair, or their designee, is authorized to sign on behalf of the Board.

Execution of a document on behalf of the school or the Board is indicated by the person so signing that the document is accurate, has been adequately approved by the Board or the Director as appropriate and necessary, and is in the best interest of the school.
