Leicestershire & Rutland Postal Frostbite Season Summary - 2025/2026

Once again, the good weather is coming back and with that brings the end of the 2025/2026 LRCAA Frostbite postal league.

As always, a big thank you goes out to those who acted as reps for the clubs, but mainly thanks and congratulations need to go out to everyone that managed to shoot every month, it's not an easy thing to do when the weather is bad.

As with the L&R 300, a minimum of three scores have to be submitted to receive a medal. This year's only non-awarded archer was Stuart Gemmell of Bowmen of Rutland in the horsebow category, but don't feel bad for him, because he got Gold and Silver in the other two categories he participated in.It was agreed by the County committee that juniors who have not shot 3 rounds will still receive medals from this year on.

Individual and team medals are summarised below.

All medals will be available to collect at the next LRCAA committee meeting to be held at Countesthorpe Village Hall. I'll make an effort to distribute medals as quickly as possible to any clubs that cannot collect them at the meeting, either in person or by post as a last resort.

Thanks for shooting and please join us again next winter.

Dave Whiffin, LRCAA postal leagues organiser.
