

Ritte's Commissions

Before we start

- I have the right to decline any commission request for any reason, whether I feel I cannot do it justice or if it makes me feel uncomfortable
- I also have the right to cancel any commission if the client is rude or unpleasant, please be nice 😊
- I'm a naturally slow artist and unfortunately I do have a life so progress will likely be quite slow; if you're looking to commission a time-sensitive piece or you simply cannot wait then I'd suggest you reconsider commissioning me
- Commission pieces are for personal /non-commercial use, please DM me if you'd like to discuss monetization of something
- If you are currently having financial struggles, then I highly suggest not commissioning me. *I will actively cancel your commission if I find out you could be using your money for more important things*
- Finished commissions are non-refundable; minor changes may be asked for but after the first 2 times I will ask for compensation
- Usage of my art for any NFT/blockchain-related activities is strictly prohibited.

With that over with, let's go!

*no adjustments outside of very glaring errors will be offered
