2. Email your list daily
3. Send DM's and connect with new people daily.
4. Interact in WhatsApp group daily.

Daily Schedule Part 1: Traffic & Leads

How to use this guide: Every single link below is a real resource Richard and Jon Weberg personally use and have tested over two decades. They are 100% free to join unless marked as Paid. Work through them systematically, one section at a time — don't try to do everything at once. Consistency beats volume every time.

 **Important:** Do NOT join these if you are not going to actually use them. Traffic only works if you show up.
