

Paper Missions Note Catcher

Math, Grades K-2

Assignment Objectives

- Students will be able to track their activity with more structured responses to their Paper Missions
- Promote problem solving skills while students complete Paper Missions

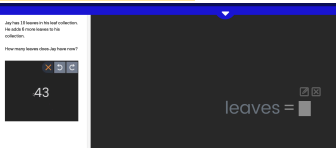

Teacher Instructions

- Print out the student half of this activity, including as many Mission sections as you'd like, and provide a copy to each student.
- Review the student's work and assess any need for additional support
- Demonstrate for students how to use Live Help while completing the Paper Mission:
 - Toggle back and forth between the Live Help session and the Paper Mission
 - Use the Google Chrome Extension
 - Open a second tab and start a Live Help session in the second tab

Ideas for Use

- Have a station set up in your classroom for students to visit after returning from an absence. Keep a number of these worksheets at this station and have a turn in folder for students to drop off completed Paper Missions note catchers.

Student Example:

<p>Paper Mission Level, Topic, Name: Counting, Addition/Subtraction Fluency, Jay's Leaf Collection</p> <p>(Student screenshot of Paper Mission)</p> 	<p>What is the Paper Mission problem asking you to find?</p> <p>How many leaves does Jay have now?</p>	<p>What do you have to do to solve this problem?</p> <p>Addition</p>
<p>What is the first step to solving this problem?</p> <p>Add the numbers $10 + 6$</p>	<p>What was the final answer?</p> <p>16</p>	<p>Did you need help from a Paper Tutor? Yes No</p> <p>If yes, how did the Paper Tutor help you? The Paper Tutor helped me with <u>figuring out if this was an addition or subtraction problem.</u></p>
