Selected Bird Sightings for the City of Glendora

Compiled by Dick Swinney

copyright July 1989

Revised Dec. 1992, July 1993, Nov. 2007

All observations by Dick Swinney unless otherwise noted

This list gives information regarding significant observations of birds found within the Glendora City limits. This is meant to be a supplement to "A Checklist of the Birds of Glendora, California", Nov. 2006. These sightings provided the basis for many of the entries found in the bird checklist. The bird species listed below may not be uncommon in our area, but the time of year observed may be unusual for that particular migratory species. Many records of nesting are noted here as well.

There are two areas in Glendora that have been subject to development in the last thirty years that seem to have impacted several bird species. One is in the northern area along both sides of Glendora Mt. Rd. at 0.5 mi. N. of Sierra Madre Ave. The other is in the central-western portion of town immediately south of Sandberg Middle School. There are no known sightings of Vesper Sparrows in Glendora since the conversion of these two areas. In addition, the sightings of Western Meadowlarks, American Pipits, Savannah Sparrows and Loggerhead Shrikes has decreased. The occurrence of water and shore birds has also greatly declined in the last twenty years because water is no longer held in the Big and Little Dalton Debris Basins for long periods of time. I continue to monitor the water birds at the Big Dalton Dam which is closed to the public.

Observations were made by Dick Swinney unless otherwise noted. Bird species are listed here in the same order as the checklist. Subspecies are noted in this paper and in the scientific name list when known. They do not appear on the Glendora Bird Checklist.

Explanations of Symbols and Abbreviations

*	Birds observed during the annual Christmas Bird Count of the Pomona Valley Audubon Society
BDC	Big Dalton Canyon
BDCC	Big Dalton Canyon Campground, .8 mi. N.E. of Glendora Mt. Rd. (Rowley Wilderness Amphitheter – after 2022)
BDWP	Big Dalton Wilderness Park
BDD	Big Dalton Dam
BDF	Big Dalton Fire Fighting Station
BP	Pond and property of Ray & Sue Brazena, Blue Bird Hills
CP	Cossack Place, 1200 block, E. Glendora near Big Dalton Flood Control Chan
CPG	Coulter Pine Grove, .9 mi. N.E. of Glendora Mt. Rd. at Big Dalton Cyn. Rd.
DIMC	Dhammataya Meditation Center, 0.4 mi. W. of Glendora boundary, Azusa
EC	Episcopal Church, Meda Ave.
FCT	Flood Control Tunnels at 1.4 mi. N.E. of Glendora Mt. Rd. at Big Dalton Cyn. Rd.
GBR	Glendora Brodiaea Reserve, __mi. N. of N. terminus of Loraine Ave. adjacent to Colby Fire Rd. (Fallow Mtwy.)
GEC	Glendora Equestrian Center
GGC	Glenoaks Golf Course
GHR	Gordon's Highland Road
GMS	Goddard Middle School
GRM	Glendora Ridge Motorway (not to be mistaken with Glendora Ridge Rd.)
HD	Home Depot, N.W. corner of Gladstone Ave. & Lone Hill Ave.
Imm.	Immature

IS	Indian Springs
LDDB	Little Dalton Debris Basin
LG	Lower Gate - 0.2 mi. E. of Glendora Mt. Rd. at Big Dalton Cyn. Rd.
LPP	Louie Pompei Park
LVT	Lake View Terrace, Azusa, large pond, former Angling Club, 1/2 mi. W. of Glendora
LW	Feeders at Lois Wise residence at 400 block of Bennett Ave.
MC	Mystic Canyon, Big Dalton Canynon Wilderness Park
MCDB	Morgan Canyon Debris Basin, N.E. Glendora
MF	Mud Fill at 1.4 mi. N.E. of Glendora Mt. Rd. at Big Dalton Cnyn. Rd., western area with debris catch basin, high-terraced area from mud removal from Big Dalton Dam in 1969, adjacent to FCT
MG	Middle Gate - 1.1 mi. N.E. of Glendora Mt. Rd. at Big Dalton Cnyn. Rd. (sometimes mistakenly listed as 1.0 mi. N.E. of Glendora Mt. Rd.
MH	Bird feeders at John & Martha Hanson's home SW of Lone Hill & Hwy. 66
MLSNC	Mary Lou Salyer Nature Center, 1.1 mi. N.E. of Glendora Mt. Rd. at Big Dalton Cnyn. Rd.
NG	N. Grand Ave. terminus
NV	617 N. Vermont Ave.
NV500	Central American Ash Trees *Fraxinus Uhdei* at 520,526, 530 & 540 N. Vermont Ave., Parrot roost
OHP	Ole Hammer Park, 400 block Cullen Ave.
OMP	Oakdale Memorial Park & Cemetary, S.W. corner of Gladstone St. & Grand Ave.
PC	Pavil Cyn.
PV	Prima Vera Ave., at feeders
Rs	Residential
SH	South Hills
SHWA	within the 220 acre South Hills Wilderness Area owned by the City of Glendora
SM	N.W. corner of Sierra Madre Ave. and Loraine Ave.
BDPB	Big Dalton Percolation Basin
SB	South of Sandburg Middle School in vacant lot (now developed)
WC	Wilderness Cabin, 1.1 mi., N.E. of Glendora Mt. Rd. at Big Dalton Cnyn. Rd.
WM	Walmart, Glendora, grassy area on west side of parking lot near Lone Hill Ave.
WSM	Winifred Stewart Mankowski Retirement Home, Jct. of Foothill Ave. & Citrus Ave., Azusa/Glendora boundary

Table of Contents

1. Significant Sightings
2. **Greatest number of bird species within a twenty-four hour period in BDWP**
3. **Greatest number of Water Birds in BDWP**

8. **Water birds at Oakdale Memororial Park (OMP)**
9. **Water Birds at Brazens's pond in Bluebird Hills**
10. **Bird Checklist of OMP**
11. **Red-tailed Hawk observations at OMP**
12. **First & last sightings of seasonal birds at OMP**
13. **High bird count at OMP**
14. **Observations of bird social interactions - 5/25/07 - Little Dalton Canyon**

15. Unusual nesting records - 2007

Last Update – Jan. 5, 2026

1. Significant Sightings

Name	#/Sex	Date Observed	Location
Snow Goose	approx. 400	3/6/74	At Barranca & Sierra Madre Avenues, flying north-west
Cackling Goose	*1	12/17-20/77	BDDB
Canada Goose	5	12/14/72	SH, in flight
	?	2/10/75 4:00 am	Meda Ave.
	approx 100	2/10/75 9:00 am	Flying to S.W.
	2	12/10/77	LDDB
	*2	12/17-20/77	BDDB
	1	12/21/85	BDDB
	approx 50	2/14/06	N. Glendora, flying E.
	approx 40	2/5/07	Barranca & Gladstone, flying S., 5:20 pm
	2	4/4/12	Flying s.e. over Heber St. & Pennsylvania Ave., approx.. 6:50 p.m.
	5	4/8/12	Flying s.e. over Heber St. & Pennsylvania Ave., 6:48 p.m.
	16	9/28/12	Debris Basin, s.w. corner of Arrowy Hwy. & Barranca Aves., Glendora/Covina boundary, Richard Bowman
	4	3/14/14	Flying n. over 617 N. Vermont Ave.
	3	2/28/16	Jct. of Sierra Madre & Barranca Avenues, in flight, calls heard
	20	1/07/20	Forbes Spreading Grounds, west and adj. of Louie Pompei Memorial Sports Park
	approx.. 64	2/10/21	flying e. over 400 block of N. Vermont Ave.
	2	5/13/24	BDDB, Steve Neely (LACo.RBA, ebird)
	7	5/18/24	BDDB, 2 adults, 5 goslings, pale yellow on heads
	7	5/22/24	BDDB, 2 adults, 5 goslings (one with white on sides of head, black and white tail feathers)
	7	5/23/24	BDDB, 2 adults, 5 goslings
	7	5/24/24	BDDB, 2 adults, 5 goslings
	7	5/27/24	BDDB, 2 adults, 5 goslings (necks becoming darker with more noticeable white patches on cheeks
	7	5/28/24	BDDB, 2 adults, 5 goslings
	7	5/30/24	BDDB, 2 adults, 5 goslings (all goslings with increasingly dark necks and more conspicuous white cheek patches)
	7	5/31/24	BDDB, 2 adults, 5 goslings
	7	6/2/24	BDDB, 2 adults, 5 goslings, goslings with nearly adult facial markings, spend much time flapping their wings

	7	6/1/24	BDDB, 2 adults, 5 goslings
	7	6/3/24	BDDB, 2 adults, 5 goslings
	0	6/5/24	BDDB, none observed
	7	6/6/24	BDDB, 2 adults, 5 goslings
	7	6/7/24	BDDB, 2 adults, 5 goslings
	0	6/10/24	BDDB
	7	6/11/24	BDDB, 2 adults, 5 goslings
	7	6/12/24	BDDB, 2 adults, 5 goslings
	6	6/14/24	BDDB, 1 adult, 5 goslings
	7	6/15/24	BDDB, 2 adults, 5 goslings
	0	6/17/24	BDDB
	7	6/18/24	BDDB, 2 adults, 5 goslings
	7	6/19/24	BDDB, 2 adults, 5 goslings
	7	6/20/24	BDDB, 2 adults, 5 goslings
	7	6/21/24	BDDB, adult cheek marking still more pronounced than goslings
	7	6/22/24	BDDB, 2 adults, 5 goslings
	7	6/24/24	BDDB, 2 adults, 5 goslings
	0	6/25,26/24	BDDB, not observed
	7	6/27/24	BDDB, 2 adults, 5 goslings
	7	6/28/24	BDDB, 2 adults, 5 goslings, 6 birds flew from one location on the pond to another. Goslings seem to be as tall as adults
	0	6/29/24	BDDB
	0	7/1,2/24	BDDB
	17	1/3/25	Flying to the east, overhead at 600 block N. Vermont Ave.
Wood Duck	1 M	11/15/74	BDDB

	1	2/2/10	300 block of N. Vermont Ave. with 3 parrots, in flight, also with 8 parrots in 600 block of N. Vermont Ave. 30 min. later
	1	7/10/11	Finkbiner Park, overhead at 7:00 pm. being chased by 4 Crows
White-fronted Parrot	1	11/28/07	Heber St.

Red-crowned Parrot Roosting in Central American Ash, *Fraxinus uhdei ,* in the 400 block of Heber St. for several years up to Oct. of 2006. Nesting has also been observed at this site in the past. When the Ash loose their leaves the parrots no longer roost there. Roosting began in the 500 block of N. Vermont Ave. on Mach 25, 2007 in the same ash species. As was true at the Heber site, crows follow the parrots to their roost site and perch near them until dark. At the Heber site, crows would arrive an hour or two before the parrots and perch conspicuously on the highest branches of the trees the parrots usually roost in.

	126	January 7, 2007, OMP
Blue-winged Teal	2	September 11, 1975, BDDB
Cinnamon Teal	4	February 21,21, 1974, BDDB
Northern Shoveler (2 M,7 F)	9	December 9, 1974, BDDB
Northern Pintail	234	October 12, 1977, BDDB
Green-winged Teal	48	January 1, 1973, BDDB
Canvasback	88	December 10, 1977, BDD
Ring-necked Duck	128	December, 1984, BDDB
Lesser Scaup	60	December 10, 1977, BDDB
Bufflehead (4 M, 15 F)	19	March 14, 1973, BDDB, LDDB
Common Goldeneye	1	December 17, 1972, BDDB
Hooded Merganser	12	January 13, 1973, BDDB
Common Merganser (1 M, 81 F)	82	February 15, 1974, BDDB
Red-breasted Merganser	2	March 22, 1973, BDDB

All three species of mergansers were present together at Big Dalton Debris Basin on March 14, and 22, 1973.

Ruddy Duck	18	February 21, 1975, BDDB
Pied-billed Grebe	2	many sightings
Eared Grebe	1	11/16/72, BDDB
Double-crested Cormorant	5	January, 1993, Ted Kopf
Great Blue Heron	2	several sightings
Great Egret	22	9/18/93, BDDB, Bob McMillan
	24	4/5/07,flying NW over Bennett & Grand Ave Jct
Snowy Egret	8	most of Feb/94, BDDB
Little Blue Heron	1	BDD, Bill Wurtz
Cattle Egret	1	5/9 /06, BDPB, water present
Green Heron	2	November 5, 1977, BDDB
Black-crowned Night-Heron	1	9/18/93, Bob McMillan, BDDB
Virginia Rail	8	12/17/88, BDDB
Sora Rail	3	12/17/88, BDDB
American Coot	45	December 1984, BDDB
*Killdeer	38	12/--/80, BDDB
Black-necked Stilt	2	Jan 21, 1994, BDDB, Nick Roberts
Greater Yellowlegs	3	11/20,21/72,BDDB
Lesser Yellowlegs	6	11/9/75, BDDB
Spotted Sandpiper	2	11/2/72, BDDB
Least Sandpiper	30	9/13/72, BDDB
Pectoral Sandpiper	1	BDDB, Ted Kopf
Long-billed Dowitcher	15	1/10/94, BDDB
Wilson's Snipe	7	11/14/06, BDDB
Heermann's Gull	several	3/12/76, Citrus College
Ring-billed Gull	?	
California Gull	?	
Glaucous-winged Gull	?	
Belted Kingfisher	2	4/16/75, BDDB

5. Nesting Mallard Ducks

a. 1973 - 7 ducklings - LDDB
b. 1975 - 9 ducklings - BDDB
c. 1988 - # uncertain - BDDB (Left in late July when water dried up)
d. 1992 - 2 ducklings - BDDB
e. 2007 - 3 ducklings - BDD, ducklings did not survive
f. 2008 - 2 ducklings - BDC, below FCTunnels, high volume water release from BD Dam may have killed the ducklings, Bill Nichols
g. 2024 - 11 ducklings - BDDB

6. First of the season sightings for swallow species in Glendora

a. 1972

Cliff Swallow	March 14
Rough-winged Swallow	March 14
Violet-Green Swallow	March 14

b. 1973

Cliff Swallow	February 3
Rough-winged Swallow	March 8
Violet-green Swallow	February 23

	Tree Swallow	February 12
c.	1974	
	Rough-winged Swallow	February 27
	Violet-green Swallow	February 18
	Tree Swallow	February 19
d.	1975	
	Cliff Swallow	April 19
	Rough-winged Swallow	March 13
	Violet-green Swallow	February 17
	Tree Swallow	March 12
e.	1977	
	Cliff Swallow	Nesting by April 19
f.	1978	
	Violet-green Swallow	February 13
g.	1993	
	Cliff Swallow	March 8
	Violet-Green Swallow	March 8
h.	2007	
	Cliff Swallow	April 18
	Rough-winged Swallow	March 8
	Violet-green Swallow	April 18
	Tree Swallow	April 18 (OMP)
	Barn Swallow	March 14
I.	2008	
	Rough-winged Swallow	February 27, GEC
	Violet-green Swallow	February 29, LDDB
	Cliff Swallow	April 1, approx. 50 resumed nesting at BDDB
	Barn Swallow	April 3, LPP
j.	2009	
	Rough-winged Swallow	March 7, SHWA
	Violet-green Swallow	March 21, NW corner of Grand & Leadora Ave's.
	Cliff Swallow	March 31, returned to nesting site at BDDB

7. Highest number of birds observed in the South Hills in a one day period:

April 23, 2007 **55**

Birds observed on Apr 23, 2007:

1.	Mallard	2, in flood control channel
2.	California Quail	several
3.	Turkey Vulture	1, in flight overhead
4.	Cooper's Hawk	1
5.	Red-shouldered Hawk	1
6.	Red-tailed Hawk	1
7.	Killdeer	2, in flood control channel
8.	Rock Pigeon	1
9.	Band-tailed Pigeon	5
10.	Mourning Dove	3
11.	Red-crowned Parrot	calls heard adjacent to SH City Park
12.	Anna's Hummingbird	several
13.	Rufous Hummingbird	1 M
14.	Allen's Hummingbird	1 M
15.	Acorn Woodpecker	several

16. Nuttal's Woodpecker 1 M 1 F

51. Black-headed Grosbeak 2
52. Lazuli Bunting 3
53. House Finch abundant
54. Lesser Goldfinch abundant
55. House Sparrow several

8. Water birds at the fountain & pond in Oakdale Memorial Park & Mortuary, Glendora
observations - 12/1/06 - 12/5/07

Only the swans here are owned by the Park, these never leave the Park. The number of domestic geese and ducks that are released at the pond each year varies greatly. Most or all of the migratory ducks leave the pond each day at dusk. Most return at dawn, some come in later. The number of observations each month is not consistent but is noted.

<u>American Widgeon</u>
12/30/06 (only sighting for Dec.) 2 M

Ave. # per day on days observed: <1
January/07 1 to 2 M on 7 different days absent on 4 observation days

8. Water birds at Brazena's Pond in Blue Bird Hills, Glendora

Observations began 2/1/07

2/1/07	Mallard	35
3/8/07	Hybrid Mallard (black with tuft)	1
March/07	43 to 76 on 10 different days	Present on all observation days
Ave. # per day on days observed: 54		
April/07	10 to 35 on 4 different days	Present on all observation days
Ave.# per day on days observed: 20		
May/07	8 on 1 day	
6/4/07	Mallard	2 M 2 F
July/07	No observations	
8/28/07	Mallard	16 F
September/07	7 to 59 on 3 different days	Present on all observation days
Ave. # per day on days observed: 30		
October/07	Brazena's reported 42 to 53 during late September through Oct. 14	
Oct. 22/07	Mallard	61 reported by R & S Brazena
Nov. 1-8/07	Mallard	Av. of 20 per day by R & S Brazena
Nov. 9-16/07	Mallard	Av. of 20 to 25 per day by R & S Brazena
Nov. 17-28/07	Mallard	Av. of 30 per day by R & S Brazena
Dec. 1-19/07	Mallard	Av. of 41 per day by R & S Brazena
Dec. 1-19/07	Great Egret	Almost everyday by R & S Brazena

12/3/07	Mallard	20 M 14 F
12/15/07	Mallard (Christmas Bird Count)	21 M 15 F
12/19/07	Mallard	12 M 10 F
1/28/08	Mallard	3 M 2 F
1/28/08	Great Egret	1
Feb/08	Great Egret	1, usually comes and goes twice each day
2/29/08	Mallard	26
12/9/08	Mallard	33

Brazena's reported as many as 144 during the 2006/07 winter season. All but 1 or 2 Mallards leave the pond each day at dusk and return at dawn.

Dec. 2011 (sometime before Christmas)

	Mallard	approx. 240, by Ray & Sue Brazena

Brazena's reported over 100 Mallard's each day during the winter of 2011-2012

10. Red-tailed Hawk observations within OMP

?Mar. 2007 On the lawn with a gopher kill. Flew to a power pole at W. end of park to eat it. Observed on grounds an average of 3 times per week.

? Mar. 2007 Carrying branches to a nest in a Coast Live Oak Tree *Quercus agrifolia* var. *agrifolia* in the older (E) portion of the Cemetary.

4/5/07 1:45 pm 1 eating rodent on power pole at W. end of park.

4/5/07 2:00 pm 2 in circular flight over nesting tree in central area

4/6/07 5:30 pm 2 circling over nest tree, displaying outstretched claws

5:35 pm 1 flew to nest while the second circled overhead

4/10/07 4:30 pm 1 flew to nest from circling above

4/12/07 8:07 am 1 flew to nest from tree nearby, rearranging sticks in the nest

4/17/07 11:20 am 1 Fox Squirrel climbed into empty nest and stayed 1 minute.

4/25/07 12/10 pm 1 carrying large stick to a Pinus virginiana in the NCentral area of the park. near the wall at Gladstone.

5/11/07 1 R-t Hawk leaving nest at 3:35 pm

5/23/07 1 circling overhead near nest site

6/1/07 1 perched on Mausoleum at 9:40 am

No Red-tailed Hawks seen at OMP from 6/2/07 to 10/11/07

10/12/07 1 circling in central area

11/10/07 1 on Edison Pole

11/26/07 1 on rock under tree

12/4/07 1 flying from W end of park

2/3/08 1 flying over park

3/22/08 1 flying over park

4/12/08 1 flying over park

10/19/08 1 flew to Oak Tree with old nest

11. First & last sightings of wintering birds in 2006-2007 at OMP: Observations began 12/1/06.

Eurasian Widgeon	12/1/06	3/1/07
American Widgeon	12/30/06	4/2/07
White-breasted Nuthatch	12/1/06	1/27/07
Brown Creeper	12/2/06	12/2/06
Ruby-crowned Kinglet	12/1/06	4/17/07 (not since Feb.)

Yellow-rumped Warbler	12/32/06	4/25/07
Western Meadowlark	12/2/06	4/2/07

12. First & last sightings of migrating spring/summer birds in 2007 at OMP:

Vaux's Swift	4/18	5/3
White-throated Swift	early April	6/1
Black-chinned Hummingbird	4/27	6/1
Allan's Hummingbird	3/14	6/1
Western Wood-Pewee	5/1	5/18
Willow Flycatcher	5/3	5/23
Hammond's Flycatcher	4/16	4/16
Pacific-slope Flycatcher	4/6	4/6
Ash-throated Flycatcher	4/17	5/23
Western Kingbird	4/9	6/26
Warbling Vireo	5/1	5/3
Tree Swallow	4/18	4/19
Violet-green Swallow	4/18	5/3
Northern Rough-winged Swallow	3/15	6/1
Cliff Swallow	4/18	6/1
Barn Swallow	4/2	5/9
Tennessee Warbler	4/28	4/28
Orange-crowned Warbler	4/6	4/6
Black-throated Gray Warbler	4/27	4/27
Townsend's Warbler	4/27	5/17
Hermit Warbler	5/12	5/12
Wilson's Warbler	4/6	5/23
Western Tanager	4/27	5/3
Lazuli Bunting	4/19	4/19
Hooded Oriole	4/25	8/30
Lawrences Goldfinch	3/8	3/14

13. First and last sightings of migrating fall/winter birds in 2007-2008 at OMP:

American Widgeon	11/21	3/9
California Gull	2/28	2/28
White-breasted Nuthatch	9/12	12/4
Brown Creeper	10/17	10/17
Willow Flycatcher	9/5	9/5
Pacific-slope Flycatcher	8/31	8/31
Say's Phoebe	10/27	2/29
Cassin's Kingbird	present off & on from fall of 2006 to 5/9/08	
Loggerhead Shrike	12/20	2/27
Warbling Vireo	9/12	9/12
Ruby-crowned Kinglet	2/27	4/3
Western Bluebird	1 nesting pair, never left during 2007	
	8/20	6/26
American Robin	2/4	2/15
Cedar Waxwing	2/6	4/30
Tennesee Warbler	8/31	10/1
Orange-crowned Warbler	8/28	10/12
Nashville Warbler	8/5	9/12

Yellow Warbler	8/28		12/20	
Yellow-rumped Warbler	9/20		4/12	
Black-throated Gray Warbler	9/12		10/24	
Townsend's Warbler	9/20		10/11	
Blackburnian Warbler	9/5		9/5	
MacGillivray's Warbler	9/12		9/24	
Wilson's Warbler	8/28		9/20	
Chipping Sparrow	9/20		4/12	
Lark Sparrow	9/24		4/9	
Savannah Sparrow	9/24		11/ 27	
White-crowned Sparrow		10/1		4/9
Dark-eyed Junco				
(Oregon Junco)	12/		2/6	
Western Meadow Lark	10/11		2/21	

14. First and last sightings of spring/summer birds - 2008

White-throated Swift	6/26	6/26
Dusky-capped Flycatcher	4/28	4/28
Western Kingbird	5/7	5/9
Warbling Vireo	5/9	5/9
Rough-winged Swallow	3/9	5/9
Barn Swallow	5/7	6/26
Western Bluebird	April	8/18
Hermit Warbler	5/9	5/9
Wilson's Warbler	4/28	5/9
Western Tanager	4/30	8/18

15. First and last sightings of fall/winter birds -2008/2009

American Widgeon	1/8		3/13	
Sharp-shinned Hawk	2/23/09	2/23		
California Gull	1/31		1/31	
Say's Phoebe	10/25		3/13	
Cassin's Kingbird	10/19		3/30	
Loggerhead Shrike	10/17		2/10	
Ruby-crowned Kinglet	10/19		10/19	
Western Bluebird	10/17		3/30	
Cedar Waxwing	12/9		12/9	
Yellow-rumped Warbler	10/17		3/30	
Chipping Sparrow	10/17		3/30	
Lark Sparrow	10/17		2/19	
Savannah Sparrow	9/4		2/23	
White-crowned Sparrow		10/17		3/21
Dark-eyed Junco				
(Oregon Junco)	1/31		2/7	
(Slate-colored)	1/13		1/13	
Western Meadowlark	10/17		1/30	
Brewer's Blackbird	10/17		10/17	
American Goldfinch	10/17		10/17	

16. First and last sightings of Spring and Summer birds at Oakdale Memorial Park - 2009

Orange-crowned Warbler 3/30

17. Highest number of bird species at Oakdale Memorial Park in one day:

3/14/07 28 species

18. Observations on bird social interactions - 5/25/07 - Little Dalton Cnyn.

Seven bird species observed in a *Quercus agrifolia* var. *agrifolia* - Coast Live Oak. Williams Fire of 2002 burned the tree. Resprouting in the lower portion of the tree only. All branches used by the birds were fire killed and bare. All participated in flights of 10 to 40 ft. in the air and then retuning to a dead branch on the tree. Most birds flew directly to other birds including their own species at some time during this display, causing the attacked bird to fly to another location on the tree. Displaced birds would often then rise in the air with the attacking bird while both of them were calling and/or singing. Birds were still interacting when I left the location. One-half hour later, there were 4 Phainopepplas on the tree only.

Bird species:

Scrub Jays	3	
Acorn Woodpecker	3	
Bullocks Oriole	1 M 3 F	
Ash-throated Flycatcher	1	
Phainopepla	2 M	
Black-headed Grosbeak		2 M 1 F
Northern Flicker	1	

At least 17 birds were involved. The number of each species listed was determined by the highest number of each bird species seen at one time. Therefore, this is a conservative number. Some of them left the location and may not have returned, while others could have joined in later without me knowing. The Northern Flicker was present the last 3 minutes and did not interact to the same degree as the other species.

16. Unusual nesting records during 2007

Nesting recorded for nine bird species not normally nesting within the city limits, during one of the driest years on record. The presence of surface water in local streams and seeps usually accompanies years of heavy rainfall. Since the previous winter was the wettest on record for much of the San Gabriel Valley communities, several canyons still had surface water through June. Our two major streams with potential summer surface water are the Big and Little Dalton Canyon drainages. This includes Pine Canyon, Monroe Canyon, Fall Canyon, Mystic Canyon and Pavil Canyon within the Big Dalton drainage system. Five species listed here have never before been recorded nesting in Glendora. The other species occasionally nest when surface stream water is present, which normally accompanies years of heavy rainfall. All of the following species were recorded nesting below 1500 feet.

Nesting species:

Western Bluebird - Oakdale Memorial Park, elv. = 700 ft.

2 fledglings observed in May/June, adults feeding young, no nest located, 6/22 - 2 young catching & eating full sized worms, catching insects in flight and calling with the “chew” notes

6/22/07 - 1 pair nesting in a hollow in a branch of a Silver Maple *Acer saccarhinum?*, W of the Chapel, both adults bringing insects to the nest, 2 openings to nest, 1 F hummingbird (sp ?) chasing either M or F for nearly 15 minutes, would perch within 10 ft. of bluebirds.

6/22/07 - 1 male observed on the grounds in addition to the two nesting pair, perhaps a third nest
7/15/07 - 1 M 1 F
7/20/07 - 1 Imm. near nest
8/20/07 - 1 M, 3 F, 8 Imm., 6 - sex undetermined
Cassin's Kingbird - Glendora Equestrian Center, elv. = 1000 ft.
One fledgling observed on 6/2/07 with 2 adults, photos taken; 2 adults on 6/20/07 at GEC
Cassin's Finch - Big Dalton Canyon, MG, elv. = 1400 ft.
Observed in breeding plumage and singing, T & M Kopf
Purple Finch - Big Dalton Canyon
Observed in breeding plumage and singing during May-June in 3 locations, 1 fledgling fed by 1 M out of nest at BDCC on 6/18/07, elv. = 1300 ft.; 1 M singing iat 200 W Sierra Madre Ave. on 6/28/07
Dark-eyed Junco(Oregon spp.) - Big Dalton Canyon, Mary Lou Salyer Nature Center(Girl Scouts), elv. = 1400 ft.
Immature observed by T & M Kopf in May
Yellow Warbler - Big Dalton Canyon, several locations between 1350 and 1500 ft. from Apr - June 18
Western Tanager - Big Dalton Canyon & Pavil Canyon junction, elv. = 1400 ft., surface water present, 6/14; Canyon bottom below the Big Dalton Dam, elv. = 1500 ft. , observed singing, no nest or offspring noted, 6/14/07; 1 Imm. M with very little red on face, 1/2 length tail, on 6/18/07 at 1 NE of BDD, elv. = 1730 ft.
American Robin - Big Dalton Canyon Campground and Mary-Lou Salyer Nature Center(Girl Scouts), elv. = 1350 - 1400 ft. observed singing, no nest or offspring noted
1 M 1 F bringing worms to nest in Coast Live Oak at BDCC on 6/18/07
Lawerence's Goldfinch - 3 pair at jnct. of Pavil and Big Dalton Canyons, no sign of nesting,6/14/07; 3 pair nested in Pavil Cnyn. in June of 1977, elv. = 1420 ft.
Blue-grey Gnatcatcher - East View Trail, 5/ /07, 1 F 1M building nest in Coast Live Oak approx. 20 ft. above ground, elv. = 900 ft.

Miscellanious nesting records:
Hutton's Vireo - Alosta Canyon, S Hills, 5/ /07, 2 fledglings being fed by 2 adults out of the nest, elv. = 900 ft.
Pacific-slope Flycatcher - BDC, Mary Lou Salyer Nature Center, May, under walking bridge, T & M Kopf, elv. = 1400 ft.
Common Raven - 1 fledgling being fed by 2 adults, 6/13 /07, below BDD at jnct. of Pine and Big Dalton Cyns., elv.= 1500 ft.; 1 fledgling with 4 adults at OMP on 6/12/07, elv. = ____, nest not found, closest known active nest at 0.5 mi. to the E. in the South Hills on a MWD power structure, elv. = _____
Common Yellowthroat - BDDB, 1 nest found among Broad-leaved cattails - *Typha latifolia*, and 1 F collecting nesting material from a Common Sunflower - *Helianthus annuus,* elv. = 1200 ft.
