

Selected Bird Sightings for the City of Glendora

Compiled by Dick Swinney

copyright July 1989

Revised Dec. 1992, July 1993, Nov. 2007

All observations by Dick Swinney unless otherwise noted

This list gives information regarding significant observations of birds found within the Glendora City limits. This is meant to be a supplement to "A Checklist of the Birds of Glendora, California", Nov. 2006. These sightings provided the basis for many of the entries found in the bird checklist. The bird species listed below may not be uncommon in our area, but the time of year observed may be unusual for that particular migratory species. Many records of nesting are noted here as well.

There are two areas in Glendora that have been subject to development in the last thirty years that seem to have impacted several bird species. One is in the northern area along both sides of Glendora Mt. Rd. at 0.5 mi. N. of Sierra Madre Ave. The other is in the central-western portion of town immediately south of Sandberg Middle School. There are no known sightings of Vesper Sparrows in Glendora since the conversion of these two areas. In addition, the sightings of Western Meadowlarks, American Pipits, Savannah Sparrows and Loggerhead Shrikes has decreased. The occurrence of water and shore birds has also greatly declined in the last twenty years because water is no longer held in the Big and Little Dalton Debris Basins for long periods of time. I continue to monitor the water birds at the Big Dalton Dam which is closed to the public.

Observations were made by Dick Swinney unless otherwise noted. Bird species are listed here in the same order as the checklist. Subspecies are noted in this paper and in the scientific name list when known. They do not appear on the Glendora Bird Checklist.

Explanations of Symbols and Abbreviations

*	Birds observed during the annual Christmas Bird Count of the Pomona Valley Audubon Society
BDC	Big Dalton Canyon
BDCC	Big Dalton Canyon Campground, .8 mi. N.E. of Glendora Mt. Rd. (Rowley Wilderness Amphitheater – after 2022)
BDWP	Big Dalton Wilderness Park
BDD	Big Dalton Dam
BDF	Big Dalton Fire Fighting Station
BP	Pond and property of Ray & Sue Brazena, Blue Bird Hills
CP	Cossack Place, 1200 block, E. Glendora near Big Dalton Flood Control Chan
CPG	Coulter Pine Grove, .9 mi. N.E. of Glendora Mt. Rd. at Big Dalton Cyn. Rd.
DIMC	Dhammataya Meditation Center, 0.4 mi. W. of Glendora boundary, Azusa
EC	Episcopal Church, Meda Ave.
FCT	Flood Control Tunnels at 1.4 mi. N.E. of Glendora Mt. Rd. at Big Dalton Cyn. Rd.
GBR	Glendora Brodiaea Reserve, ___mi. N. of N. terminus of Loraine Ave. adjacent to Colby Fire Rd. (Fallow Mtwy.)
GEC	Glendora Equestrian Center
GGC	Glenoaks Golf Course
GHR	Gordon's Highland Road
GMS	Goddard Middle School
GRM	Glendora Ridge Motorway (not to be mistaken with Glendora Ridge Rd.)
HD	Home Depot, N.W. corner of Gladstone Ave. & Lone Hill Ave.
Imm.	Immature

IS	Indian Springs
LDDDB	Little Dalton Debris Basin
LG	Lower Gate - 0.2 mi. E. of Glendora Mt. Rd. at Big Dalton Cyn. Rd.
LPP	Louie Pompei Park
LVT	Lake View Terrace, Azusa, large pond, former Angling Club, 1/2 mi. W. of Glendora
LW	Feeders at Lois Wise residence at 400 block of Bennett Ave.
MC	Mystic Canyon, Big Dalton Canyon Wilderness Park
MCDB	Morgan Canyon Debris Basin, N.E. Glendora
MF	Mud Fill at 1.4 mi. N.E. of Glendora Mt. Rd. at Big Dalton Cyn. Rd., western area with debris catch basin, high-terraced area from mud removal from Big Dalton Dam in 1969, adjacent to FCT
MG	Middle Gate - 1.1 mi. N.E. of Glendora Mt. Rd. at Big Dalton Cyn. Rd. (sometimes mistakenly listed as 1.0 mi. N.E. of Glendora Mt. Rd.
MH	Bird feeders at John & Martha Hanson's home SW of Lone Hill & Hwy. 66
MLSNC	Mary Lou Salyer Nature Center, 1.1 mi. N.E. of Glendora Mt. Rd. at Big Dalton Cyn. Rd.
NG	N. Grand Ave. terminus
NV	617 N. Vermont Ave.
NV500	Central American Ash Trees <i>Fraxinus Uhdei</i> at 520, 526, 530 & 540 N. Vermont Ave., Parrot roost
OHP	Ole Hammer Park, 400 block Cullen Ave.
OMP	Oakdale Memorial Park & Cemetery, S.W. corner of Gladstone St. & Grand Ave.
PC	Pavil Cyn.
PV	Prima Vera Ave., at feeders
Rs	Residential
SH	South Hills
SHWA	within the 220 acre South Hills Wilderness Area owned by the City of Glendora
SM	N.W. corner of Sierra Madre Ave. and Loraine Ave.
BDPB	Big Dalton Percolation Basin
SB	South of Sandburg Middle School in vacant lot (now developed)
WC	Wilderness Cabin, 1.1 mi., N.E. of Glendora Mt. Rd. at Big Dalton Cyn. Rd.
WM	Walmart, Glendora, grassy area on west side of parking lot near Lone Hill Ave.
WSM	Winifred Stewart Mankowski Retirement Home, Jct. of Foothill Ave. & Citrus Ave., Azusa/Glendora boundary

overhead at 7:00 pm. being chased by 4 Crows

White-fronted Parrot 1 11/28/07 Heber St. _____

Red-crowned Parrot Roosting in Central American Ash, *Fraxinus uhdei*, in the 400 block of Heber St. for several years up to Oct. of 2006. Nesting has also been observed at this site in the past. When the Ash loose their leaves the parrots no longer roost there. Roosting began in the 500 block of N. Vermont Ave. on Mach 25, 2007 in the same ash species. As was true at the Heber site, crows follow the parrots to their roost site and perch near them until dark. At the Heber site, crows would arrive an hour or two before the parrots and perch conspicuously on the highest branches of the trees the parrots usually roost in.

5. Nesting Mallard Ducks

- a. 1973 - 7 ducklings - LDDDB
- b. 1975 - 9 ducklings - BDDDB
- c. 1988 - # uncertain - BDDDB (Left in late July when water dried up)
- d. 1992 - 2 ducklings - BDDDB
- e. 2007 - 3 ducklings - BDD, ducklings did not survive
- f. 2008 - 2 ducklings - BDC, below FCTunnels, high volume water release from BD Dam may have killed the ducklings, Bill Nichols
- g. 2024 - 11 ducklings - BDDDB

6. First of the season sightings for swallow species in Glendora

- a. 1972

Cliff Swallow	March 14
Rough-winged Swallow	March 14
Violet-Green Swallow	March 14
- b. 1973

Cliff Swallow	February 3
Rough-winged Swallow	March 8
Violet-green Swallow	February 23

	Barn Swallow	March 14
i.	2008	
	Rough-winged Swallow	February 27, GEC
	Violet-green Swallow	February 29, LDDDB
	Cliff Swallow	April 1, approx. 50 resumed nesting at BDDDB
	Barn Swallow	April 3, LPP
j.	2009	
	Rough-winged Swallow	March 7, SHWA
	Violet-green Swallow	March 21, NW corner of Grand & Leadora Ave's.
	Cliff Swallow	March 31, returned to nesting site at BDDDB

7. Highest number of birds observed in the South Hills in a one day period:

April 23, 2007

55

Birds observed on Apr 23, 2007:

- | | | |
|-----|---------------------|--------------------------------------|
| 1. | Mallard | 2, in flood control channel |
| 2. | California Quail | several |
| 3. | Turkey Vulture | 1, in flight overhead |
| 4. | Cooper's Hawk | 1 |
| 5. | Red-shouldered Hawk | 1 |
| 6. | Red-tailed Hawk | 1 |
| 7. | Killdeer | 2, in flood control channel |
| 8. | Rock Pigeon | 1 |
| 9. | Band-tailed Pigeon | 5 |
| 10. | Mourning Dove | 3 |
| 11. | Red-crowned Parrot | calls heard adjacent to SH City Park |
| 12. | Anna's Hummingbird | several |
| 13. | Rufous Hummingbird | 1 M |
| 14. | Allen's Hummingbird | 1 M |
| 15. | Acorn Woodpecker | several |

16.	Nuttall's Woodpecker	1 M 1 F
17.	Western Wood-Pewee	1
18.	Black Phoebe	7
19.	Ash-throated Flycatcher	1
20.	Cassin's Kingbird	1
21.	Western Scrub-Jay	many
22.	American Crow	3
23.	Common Raven	1, nesting on MWD electrical tower
24.	Violet-green Swallow	approx. 10
25.	Northern Rough-winged Swallow	6
26.	Cliff Swallow	approx. 15
27.	Barn Swallow	1
28.	Oak Titmouse	1
29.	Bushtit	many
30.	Rock Wren	1
31.	Bewick's Wren	6
32.	House Wren	many
33.	Wrentit	several
34.	Northern Mockingbird	several
35.	California Thrasher	1

42.	MacGillivray's Warbler	1 M 1 F
43.	Wilson's Warbler	1 M
44.	Spotted Towhee	many
45.	California Towhee	many
46.	Chipping Sparrow	9
47.	Savannah Sparrow	1
48.	Fox Sparrow	1
49.	Song Sparrow	many
50.	White-crowned Sparrow	several
51.	Black-headed Grosbeak	2
52.	Lazuli Bunting	3
53.	House Finch	abundant
54.	Lesser Goldfinch	abundant
55.	House Sparrow	several

8. Water birds at the fountain & pond in Oakdale Memorial Park & Mortuary, Glendora observations - 12/1/06 - 12/5/07

Only the swans here are owned by the Park, these never leave the Park. The number of domestic geese and ducks that are released at the pond each year varies greatly. Most or all of the migratory ducks leave the pond each day at dusk. Most return at dawn, some come in later. The number of observations each month is not consistent but is noted.

American Widgeon

12/30/06 (only sighting for Dec.) 2 M

Ave. # per day on days observed:	<1

8. Water birds at Brazena's Pond in Blue Bird Hills, Glendora

Observations began 2/1/07

2/1/07	Mallard	35
3/8/07	Hybrid Mallard (black with tuft)	1
March/07	43 to 76 on 10 different days	Present on all observation days
Ave. # per day on days observed: 54		
April/07	10 to 35 on 4 different days	Present on all observation days
Ave.# per day on days observed: 20		
May/07	8 on 1 day	
6/4/07	Mallard	2 M 2 F
July/07	No observations	
8/28/07	Mallard	16 F
September/07	7 to 59 on 3 different days	Present on all observation days
Ave. # per day on days observed: 30		
October/07	Brazena's reported 42 to 53 during late September through Oct. 14	
Oct. 22/07	Mallard	61 reported by R & S Brazena
Nov. 1-8/07	Mallard	Av. of 20 per day by R & S Brazena
Nov. 9-16/07	Mallard	Av. of 20 to 25 per day by R & S Brazena
Nov. 17-28/07	Mallard	Av. of 30 per day by R & S Brazena
Dec. 1-19/07	Mallard	Av. of 41 per day by R & S Brazena
Dec. 1-19/07	Great Egret	Almost everyday by R & S Brazena

12/3/07	Mallard	20 M 14 F
12/15/07	Mallard (Christmas Bird Count)	21 M 15 F
12/19/07	Mallard	12 M 10 F
1/28/08	Mallard	3 M 2 F
1/28/08	Great Egret	1
Feb/08	Great Egret	1, usually comes and goes twice each day
2/29/08	Mallard	26
12/9/08	Mallard	33

Brazena's reported as many as 144 during the 2006/07 winter season. All but 1 or 2 Mallards leave the pond each day at dusk and return at dawn.

Dec. 2011 (sometime before Christmas)

Mallard

approx. 240, by Ray & Sue Brazena

Brazena's reported over 100 Mallard's each day during the winter of 2011-2012

10. Red-tailed Hawk observations within OMP

?Mar. 2007 On the lawn with a gopher kill. Flew to a power pole at W. end of park to eat it.

Observed on grounds an average of 3 times per week.

? Mar. 2007 Carrying branches to a nest in a Coast Live Oak Tree *Quercus agrifolia* var. *agrifolia* in the older (E) portion of the Cemetery.

4/5/07 1:45 pm 1 eating rodent on power pole at W. end of park.

4/5/07 2:00 pm 2 in circular flight over nesting tree in central area

4/6/07 5:30 pm 2 circling over nest tree, displaying outstretched claws

5:35 pm 1 flew to nest while the second circled overhead

4/10/07 4:30 pm 1 flew to nest from circling above

4/12/07 8:07 am 1 flew to nest from tree nearby, rearranging sticks in the nest

4/17/07 11:20 am 1 Fox Squirrel climbed into empty nest and stayed 1 minute.

4/25/07 12:10 pm 1 carrying large stick to a Pinus virginiana in the NCentral area of the park. near the wall at Gladstone.

5/11/07 1 R-t Hawk leaving nest at 3:35 pm

5/23/07 1 circling overhead near nest site

6/1/07 1 perched on Mausoleum at 9:40 am

No Red-tailed Hawks seen at OMP from 6/2/07 to 10/11/07

10/12/07 1 circling in central area

11/10/07 1 on Edison Pole

11/26/07 1 on rock under tree

12/4/07 1 flying from W end of park

2/3/08 1 flying over park

3/22/08 1 flying over park

4/12/08 1 flying over park

10/19/08 1 flew to Oak Tree with old nest

11. First & last sightings of wintering birds in 2006-2007 at OMP: Observations began 12/1/06.

Eurasian Widgeon	12/1/06	3/1/07
American Widgeon	12/30/06	4/2/07
White-breasted Nuthatch	12/1/06	1/27/07
Brown Creeper	12/2/06	12/2/06
Ruby-crowned Kinglet	12/1/06	4/17/07 (not since Feb.)
White-crowned sparrow	12/2/06	4/18/07
Lark Sparrows	12/2/06	4/25/07
Dark-eyed Junco		
(Slate-colored)	1/7/07	2/22/07
(Oregon)	12/1/07	4/9/07
Chipping Sparrow	1/30/07	4/27/07
Western Bluebird	12/1/06	8/20/07
American Robin	12/1/06	3/29/07
Cedar Waxwing	3/15/07	5/3/07
Say's Phoebe	12/4/06	4/16/07

Cassin's Kingbird	12/2/06	6/25/07
Yellow-rumped Warbler	12/32/06	4/25/07
Western Meadowlark	12/2/06	4/2/07

12. First & last sightings of migrating spring/summer birds in 2007 at OMP:

Vaux's Swift	4/18	5/3
White-throated Swift	early April	6/1
Black-chinned Hummingbird	4/27	6/1
Allan's Hummingbird	3/14	6/1
Western Wood-Pewee	5/1	5/18
Willow Flycatcher	5/3	5/23
Hammond's Flycatcher	4/16	4/16
Pacific-slope Flycatcher	4/6	4/6
Ash-throated Flycatcher	4/17	5/23
Western Kingbird	4/9	6/26
Warbling Vireo	5/1	5/3
Tree Swallow	4/18	4/19
Violet-green Swallow	4/18	5/3
Northern Rough-winged Swallow	3/15	6/1
Cliff Swallow	4/18	6/1
Barn Swallow	4/2	5/9
Tennessee Warbler	4/28	4/28
Orange-crowned Warbler	4/6	4/6
Black-throated Gray Warbler	4/27	4/27
Townsend's Warbler	4/27	5/17
Hermit Warbler	5/12	5/12
Wilson's Warbler	4/6	5/23
Western Tanager	4/27	5/3
Lazuli Bunting	4/19	4/19
Hooded Oriole	4/25	8/30
Lawrences Goldfinch	3/8	3/14

13. First and last sightings of migrating fall/winter birds in 2007-2008 at OMP:

American Widgeon	11/21	3/9
California Gull	2/28	2/28
White-breasted Nuthatch	9/12	12/4
Brown Creeper	10/17	10/17
Willow Flycatcher	9/5	9/5
Pacific-slope Flycatcher	8/31	8/31
Say's Phoebe	10/27	2/29
Cassin's Kingbird	present off & on from fall of 2006 to 5/9/08	
Loggerhead Shrike	12/20	2/27
Warbling Vireo	9/12	9/12
Ruby-crowned Kinglet	2/27	4/3
Western Bluebird	1 nesting pair, never left during 2007	
	8/20	6/26
American Robin	2/4	2/15
Cedar Waxwing	2/6	4/30
Tennessee Warbler	8/31	10/1
Orange-crowned Warbler	8/28	10/12
Nashville Warbler	8/5	9/12

Yellow Warbler	8/28	12/20	
Yellow-rumped Warbler	9/20	4/12	
Black-throated Gray Warbler	9/12	10/24	
Townsend's Warbler	9/20	10/11	
Blackburnian Warbler	9/5	9/5	
MacGillivray's Warbler	9/12	9/24	
Wilson's Warbler	8/28	9/20	
Chipping Sparrow	9/20	4/12	
Lark Sparrow	9/24	4/9	
Savannah Sparrow	9/24	11/ 27	
White-crowned Sparrow		10/1	4/9
Dark-eyed Junco			
(Oregon Junco)	12/	2/6	
Western Meadow Lark	10/11	2/21	

14. First and last sightings of spring/summer birds - 2008

White-throated Swift	6/26	6/26	
Dusky-capped Flycatcher	4/28	4/28	
Western Kingbird	5/7	5/9	
Warbling Vireo	5/9	5/9	
Rough-winged Swallow	3/9	5/9	
Barn Swallow	5/7	6/26	
Western Bluebird	April	8/18	
Hermit Warbler	5/9	5/9	
Wilson's Warbler	4/28	5/9	
Western Tanager	4/30	8/18	

15. First and last sightings of fall/winter birds -2008/2009

American Widgeon	1/8	3/13	
Sharp-shinned Hawk	2/23/09	2/23	
California Gull	1/31	1/31	
Say's Phoebe	10/25	3/13	
Cassin's Kingbird	10/19	3/30	
Loggerhead Shrike	10/17	2/10	
Ruby-crowned Kinglet	10/19	10/19	
Western Bluebird	10/17	3/30	
Cedar Waxwing	12/9	12/9	
Yellow-rumped Warbler	10/17	3/30	
Chipping Sparrow	10/17	3/30	
Lark Sparrow	10/17	2/19	
Savannah Sparrow	9/4	2/23	
White-crowned Sparrow		10/17	3/21
Dark-eyed Junco			
(Oregon Junco)	1/31	2/7	
(Slate-colored)	1/13	1/13	
Western Meadowlark	10/17	1/30	
Brewer's Blackbird	10/17	10/17	
American Goldfinch	10/17	10/17	

16. First and last sightings of Spring and Summer birds at Oakdale Memorial Park - 2009

Orange-crowned Warbler 3/30

17. Highest number of bird species at Oakdale Memorial Park in one day:

3/14/07 28 species

18. Observations on bird social interactions - 5/25/07 - Little Dalton Cnyn.

Seven bird species observed in a *Quercus agrifolia* var. *agrifolia* - Coast Live Oak. Williams Fire of 2002 burned the tree. Resprouting in the lower portion of the tree only. All branches used by the birds were fire killed and bare. All participated in flights of 10 to 40 ft. in the air and then retuning to a dead branch on the tree. Most birds flew directly to other birds including their own species at some time during this display, causing the attacked bird to fly to another location on the tree. Displaced birds would often then rise in the air with the attacking bird while both of them were calling and/or singing. Birds were still interacting when I left the location. One-half hour later, there were 4 Phainopeplas on the tree only.

Bird species:

Scrub Jays	3	
Acorn Woodpecker	3	
Bullocks Oriole	1 M 3 F	
Ash-throated Flycatcher	1	
Phainopepla	2 M	
Black-headed Grosbeak		2 M 1 F
Northern Flicker	1	

At least 17 birds were involved. The number of each species listed was determined by the highest number of each bird species seen at one time. Therefore, this is a conservative number. Some of them left the location and may not have returned, while others could have joined in later without me knowing. The Northern Flicker was present the last 3 minutes and did not interact to the same degree as the other species.

16. Unusual nesting records during 2007

Nesting recorded for nine bird species not normally nesting within the city limits, during one of the driest years on record. The presence of surface water in local streams and seeps usually accompanies years of heavy rainfall. Since the previous winter was the wettest on record for much of the San Gabriel Valley communities, several canyons still had surface water through June. Our two major streams with potential summer surface water are the Big and Little Dalton Canyon drainages. This includes Pine Canyon, Monroe Canyon, Fall Canyon, Mystic Canyon and Pavil Canyon within the Big Dalton drainage system. Five species listed here have never before been recorded nesting in Glendora. The other species occasionally nest when surface stream water is present, which normally accompanies years of heavy rainfall. All of the following species were recorded nesting below 1500 feet.

Nesting species:

Western Bluebird - Oakdale Memorial Park, elev. = 700 ft.

2 fledglings observed in May/June, adults feeding young, no nest located, 6/22 - 2 young catching & eating full sized worms, catching insects in flight and calling with the "chew" notes

6/22/07 - 1 pair nesting in a hollow in a branch of a Silver Maple *Acer saccharinum*?, W of the Chapel, both adults bringing insects to the nest, 2 openings to nest, 1 F hummingbird (sp ?) chasing either M or F for nearly 15 minutes, would perch within 10 ft. of bluebirds.

6/22/07 - 1 male observed on the grounds in addition to the two nesting pair, perhaps a third nest

7/15/07 - 1 M 1 F

7/20/07 - 1 Imm. near nest

8/20/07 - 1 M, 3 F, 8 Imm., 6 - sex undetermined

Cassin's Kingbird - Glendora Equestrian Center, elev. = 1000 ft.

One fledgling observed on 6/2/07 with 2 adults, photos taken; 2 adults on 6/20/07 at GEC

Cassin's Finch - Big Dalton Canyon, MG, elev. = 1400 ft.

Observed in breeding plumage and singing, T & M Kopf

Purple Finch - Big Dalton Canyon

Observed in breeding plumage and singing during May-June in 3 locations, 1 fledgling fed by 1 M out of nest at BDCC on 6/18/07, elev. = 1300 ft.; 1 M singing at 200 W Sierra Madre Ave. on 6/28/07

Dark-eyed Junco(Oregon spp.) - Big Dalton Canyon, Mary Lou Salyer Nature Center(Girl Scouts), elev. = 1400 ft.

Immature observed by T & M Kopf in May

Yellow Warbler - Big Dalton Canyon, several locations between 1350 and 1500 ft. from Apr - June 18

Western Tanager - Big Dalton Canyon & Pavil Canyon junction, elev. = 1400 ft., surface water present, 6/14; Canyon bottom below the Big Dalton Dam, elev. = 1500 ft. , observed singing, no nest or offspring noted, 6/14/07; 1 Imm. M with very little red on face, 1/2 length tail, on 6/18/07 at 1 NE of BDD, elev. = 1730 ft.

American Robin - Big Dalton Canyon Campground and Mary-Lou Salyer Nature Center(Girl Scouts), elev. = 1350 - 1400 ft. observed singing, no nest or offspring noted

1 M 1 F bringing worms to nest in Coast Live Oak at BDCC on 6/18/07

Lawrence's Goldfinch - 3 pair at jnct. of Pavil and Big Dalton Canyons, no sign of nesting, 6/14/07; 3 pair nested in Pavil Cnyn. in June of 1977, elev. = 1420 ft.

Blue-grey Gnatcatcher - East View Trail, 5/ /07, 1 F 1M building nest in Coast Live Oak approx. 20 ft. above ground, elev. = 900 ft.

Miscellaneous nesting records:

Hutton's Vireo - Alost Canyon, S Hills, 5/ /07, 2 fledglings being fed by 2 adults out of the nest, elev. = 900 ft.

Pacific-slope Flycatcher - BDC, Mary Lou Salyer Nature Center, May, under walking bridge, T & M Kopf, elev. = 1400 ft.

Common Raven - 1 fledgling being fed by 2 adults, 6/13 /07, below BDD at jnct. of Pine and Big Dalton Cyns., elev.= 1500 ft.; 1 fledgling with 4 adults at OMP on 6/12/07, elev. = _____, nest not found, closest known active nest at 0.5 mi. to the E. in the South Hills on a MWD power structure, elev. = _____

Common Yellowthroat - BDDB, 1 nest found among Broad-leaved cattails - *Typha latifolia*, and 1 F collecting nesting material from a Common Sunflower - *Helianthus annuus*, elev. = 1200 ft.

Red-winged Blackbird - BDDB, present in the basin from 3/8-6/20/07, elev. = 1200 ft.

Cliff Swallow - 2 locations: BDD, building nests on 5/24, abandoned and using 20 nests on SW side of Dam by 6/14; BDDB, building nests by 5/24, _____nests on both sides of aerial walkway by 6/22/07
BDDB

Violet-green Swallow - BDDB, nesting near Cliff & Rough-winged Swallows on cement structures near debris basin, each species nesting at separate locations within 200 yards of each other.

Barn Swallow - 6/22 - 2 flying over BDWash at Elwood in the SHills, this pair observed since April, nesting?

Rough-winged Swallows - Nesting locations: BDD, BDDB, Big Dalton Wash in the SHills between Elwood & Mauna Loa Ave's.

17. Unusual seasonal occurrences in summer/fall 2007

White-breasted Nuthatch - 19 records from July 3 - Oct. 19

Brown Tree Creeper - 7 records from June - Oct. 19
