

Kid with Flower in Hair: "Hey you there?"

Scott: ("Huh? Where am I?")

Scott woke up on a beach and found some kid with a green shirt and a pink flower in his hair.

Familiar Purple Man: "Wah Basil you found someone?"

Basil: "Yeah Waluigi, some guy with glasses and brown hair"

The man with glasses and brown hair looked up smiling.

Scott: "Hey y'all, Scott here"

Basil: "Scott? That's your name?"

Scott: "Yeah I think so"

Waluigi: "Ya must be the Ultimate Reviewer, Basil told me their name was Scott"

Scott: "I guess that makes sense, all my time talking about Stupid Nintendo Games musta got me that title"

Basil: "Everyone here has one, I am the Ultimate Botanist, and he's The Ultimate Hero"

Waluigi: "Yeah, I am Waluigi The Ultimate Hero"

Scott: "That names sounds familiar, felt I heard it before"

Waluigi: "I am the famous hero after all, you woulda heard of me eventually."

Basil: "Anyway we should get going, we were called over to have a meeting"

The trio of Scott, Basil, and Waluigi moved over to find some black and white bear.

Random Stuffed Bear: "Puhuhu! Police? What Police this is a lawless island friends."

Basil: "Were we late?"

Waluigi: "Appears we were, had to pick up Scott on our way here so it makes sense we'd be late"

Eventually the bear called itself Monokuma, Scott's mind wandered a bit though Monokuma did say something about how murderers will be punished if caught. The trio as well as the other 14 people here had Monopads thrown towards them, one of em managed to break theirs though. Some rules appeared on the Monopad.

RULE 1: Islanders must stay on the island for the remainder of their lives.

Familiar Pink Blob: "Poyo?!"

Basil: "D..did I read that first rule correctly..?"

Monokuma: "Yep, ya sure did! It's such a nice island after all! Why would you ever want to leave?"

Familiar Pink Blob: "Haaaah..."

Probably Someone's Grandpa: "Many of us have families! We can't just leave them behind!"

Guy who broke his Monopad: "Hey! He's right! I have a family!"

Familiar Boy in Red: "... We can't just stay on the same island forever..."

Guy who broke his Monpad: "What was my wife's name again?"

Wannabe RPG Villain: "You fiendish bear! You cannot do something so blatantly against the law!"

Monokuma: "What law? As I said, this is the Ultimate Island! This is neutral territory, puhuhu!"

Some big green guy: "Surely there's something we can do to escape?"

Monokuma: "Of course there is! Just read the next rule!"

RULE 2: If a murder occurs on the island and the blackened gets away with it, the blackened will get to leave the island. However, the innocent spotless will be punished.

RULE 3: If the blackened is instead discovered by the spotless, the blackened will instead be executed and the spotless will continue their island life.

RULE 4: After three people discover a body, the 'body discovery' announcement will play.

RULE 5: After the announcement, the islanders have half an hour to look for evidence and an hour to undergo an Island Trial.

RULE 6: Nighttime is from midnight to 8am. All buildings will be locked during nighttime. Return to your room before nighttime if you wish to not be locked outside.

RULE 7: If an individual kills three or more people, they will be immediately punished.

RULE 8: Island Trials will still be hosted in the case of accidents or suicides. However, trials will not be hosted if death occurs due to natural causes.

RULE 9: If two murders occur at the same time, only the victim who was killed first will be punished.

RULE 10: There may be accomplices to a murder, however only the individual responsible for the cause of death will be allowed to leave the island.

RULE 11: Monokuma is not permitted to directly commit murder, unless a rule is broken.

RULE 12: The killing game will end once there are only 2 islanders left on the island. At this point, both islanders will be allowed to leave.

Some RPG's final boss: "this is a pretty elaborate prank, monokuma..."

Some RPG's final boss: "..."

Some RPG's final boss: "uhhh..."

Some RPG's final boss: "come to think of it... he's probably not kidding.."

Familiar Boy in Red: "Yes... I think this killing game is quite possibly real..."

Some kid: "A-agh!"

Some kid: "I don't want to be murdered! Get me outta here!"

Scott: ("Honestly I was a bit worried, these people seemed odd but I didn't want to die but then, Waluigi said something")

Waluigi: "Monokuma wants us to participate in this killing game, huh? But... Do we really have to?"

A Leaf: "How else are we meant to leave the island???"

Waluigi: "Wahaha. Isn't it obvious! All we need to do is escape!"

Waluigi: "That can't be too hard, wahahaha..!"

Waluigi: "I, the great Waluigi, Ultimate Hero, will make sure we get out of this island unharmed!"

Monokuma: "Bah! You idiots are always trying to have hope, but, how likely do you think it is that you'll even leave the island? I'm sure you'll be toppled by despair when you realize that the only way out is to kill!"

Basil: "..."

Basil: "S—shut up, Monokuma!"

Basil: "I-I'm not going to stand for your lies..."

Basil: "I-I'm Basil, the Ultimate Botanist and I'm not going to follow Monokuma's stupid game..."

Scott: ("Honestly seeing Waluigi and Basil kinda encouraged me to say something of my own")

Scott: "Hey Y'all Scott Here"

Scott: ("Everyone turned to me, this was my chance")

Scott: "Say none of you want to die right? Dying ain't fun I had friends who died and they hated it, that's why I ain't tolerating this killing game either, I am The Ultimate Reviewer, why not tell Monokuma to go f**k off?"

Scott: "Raise your hand if you don't wanna deal with this killing game"

Then everyone started raising their hands one by one.

Waluigi: "Let's stand together against Monokuma, wahaha!"

Gandhi: "It is wrong to take away the life of another soul!"

Noob: "I-I'm scared, but I won't let anyone die!"

Leafy: "I think we can all be friends!"

Kirby: "Poyo!"

Steve: "We can't let this game happen!"

The trio seemed hopeful, they managed to get a decent amount of people on their side

Some guy who probably has a life: "I'm confident that we won't resort to murder so easily."

Big Green Guy: "Good luck on trying to make us kill someone!"

Childrens Cartoon Character: "This game is a whole load of nonsense!"

Some RPG's Final Boss: "i uh... honestly don't think i'd be bothered to kill someone."

Guy who broke his monpad: "Everyone else is raising their hands so I'm doing it too!"

A Glitch: "IS IT JUST [LittleOldMe] OR IS WE HAA'VING A PARTY???"

Still even with the optimism, Scott noticed some guy who wasn't raising his hand

Wannabe RPG Villain: "Fuhahaha... Foolish mortals..."

Wannabe RPG Villain: "I don't believe it's possible to avoid the killing game..."

Some kid: "Aaaghh! Scary guy is gonna kill someone!"

That kid just ran off, not sure what was gonna happen to him but, someone probably should check on him.

Wannabe RPG Villain: "Hmph. Even a fiend such as myself wouldn't easily resort to murder, but..."

Wannabe RPG Villain: "Monokuma knows us better than we think. We would be fools to expect nobody to kill each other in this foul game..."

He stopped acting like some game's big bad guy for a moment, what happened?

And then he went back to normal.

Wannabe RPG Villain: "Fuhahaha! As Supreme Overlord of Ice, I will do everything in my power to ensure that darkness covers the realm! I am the dark lord! Not even Monokuma can stop me!!!"

Mobile Game Mascot: "Way to ruin the vibe gundumb..."

And he just ran off laughing like this was some kind of joke

Monokuma: "Well, would you look at that! You guys aren't looking so confident anymore! I'll be seeing you later! Puhuhu!"

Scott: ("I mean, at least Madden 09 doesn't seem to be on this island")
