SINCE 1996

## INFORMATION AND STATISTICAL NOTICE ON TAIEX INSTRUMENT USE AND IMPLEMENTATION IN UKRAINE

**TAIEX (Technical Assistance Information Exchange)** – is an instrument of technical assistance and information exchange, provided by the European Commission with the aim of strengthening institutional capacity, with further adaptation of the national legislation to the legislation of the European Union (*acquis communautaire*), its implementation and further effective use.

**TAIEX** is one of the most widespread, effective and available among all possible instruments of assistance to the European Union.

**TAIEX** was established by Directorate-General for Neighbourhood and Enlargement Negotiations (DG NEAR) of the European Commission in 1996 in order to assist the candidate countries in the short term to solve the issues of introduction of EU legislation (*acquis communautaire*).

TAIEX task consists of a simplified mechanism for transferring of information and best practices exchange between the Member States of the European Union and the beneficiary countries (candidate countries, Western Balkan countries and countries of the European Neighbourhood Policy). Since 2006 Ukraine has been using TAIEX instrument.

The defining features of the TAIEX instrument are the focus on solving specific development and integration problems, requiring the initiative approach of beneficiary countries' administrations, self-determination of their needs, preparation and filing of applications, mobility (it takes two up to three months from online application to assistance), which makes usage possible to solve urgent issues.

Implementation of external assistance of the European Commission within the framework of TAIEX instrument in Ukraine is carried out in accordance with the *Resolution of the Cabinet of Ministers of Ukraine "On Approval of the Procedure of Preparation, Approval and Realization of the Action Plan on Involvement of External Assistance of the European Commission within the framework of TAIEX" as of 09 September, 2020 No 813*.

**National Agency of Ukraine on Civil Service** is the national coordinator of institutional building instrument TAIEX implementation.

### **TAIEX instrument is aimed at:**

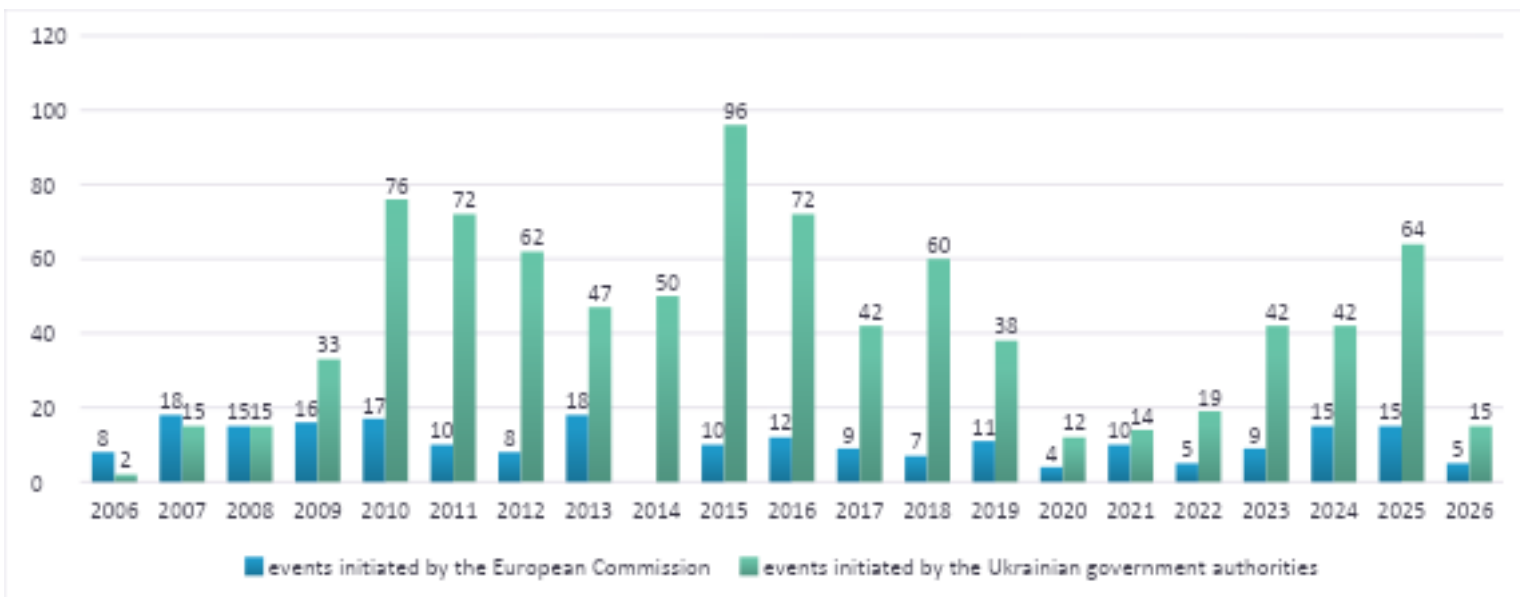

- approximation, implementation of the national legislation to *acquis communautaire*;
- institutional development of government authorities;
- professional development of civil servants.

### **TAIEX target groups are:**

- civil servants working in central executive authorities;
- civil servants working in local executive authorities and associations of local authorities;
- judicial authorities and law enforcement agencies;
- members of legislative bodies and civil servants working in legislative authorities and local self-government authorities;
- professional and commercial associations representing social partners, representatives of trade unions and employers' unions.

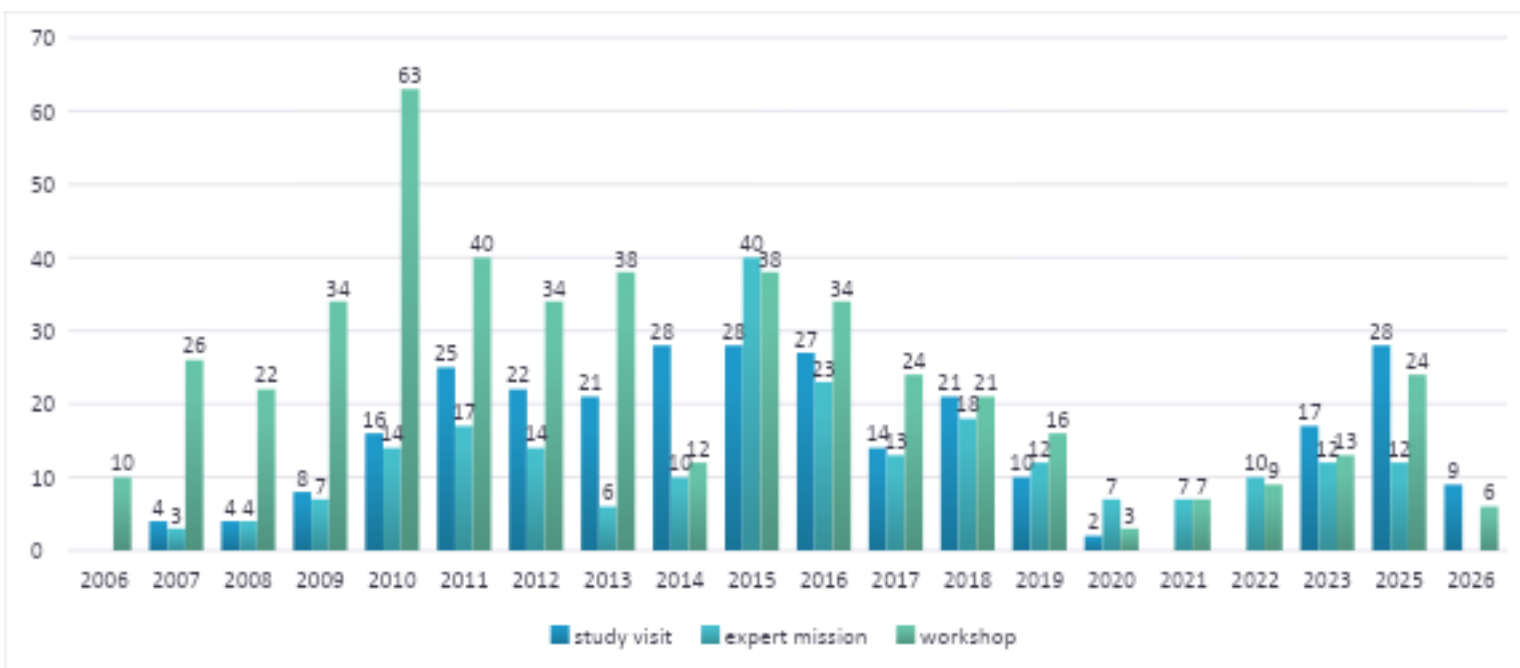

Since the beginning of implementing the TAIEX instrument, as of **April 30, 2026**

*26 613 representatives* of Ukrainian government authorities participated in *1114 events* organized in the framework of the TAIEX implementation, including *893 events* initiated by Ukraine.
