

Hong Kong College of Surgical Nursing

Selection of Specialty for Certification Examination

Please indicate your choice(s) of Mandatory Specialty and / or Elective Sub-specialty below and submit this form with your application form for the Certification Examination.

You need to **CHOOSE** your own surgical specialties to sit for the Certification Examination.

There are 14 Specialties in the Hong Kong College of Surgical Nursing. Understanding there are different combination of specialties in the clinical setting in your hospital, you are advised to choose specialties you are familiar with and working in your workplace.

1. Please choose ONE Mandatory Specialty

- This should be a Surgical specialty training qualification you possess

2. Please choose your Elective Specialty

- For General Surgery as your Mandatory Specialty, you need to select **FOUR** specialties from the Elective Specialty
- For Specialty Surgery as your Mandatory Specialty, you need to select **TWO** other specialties from the Elective Specialty
- For Gynaecological or Ophthalmological Specialty Surgery as your Mandatory Specialty, you **ONLY** need to select your **Mandatory** Specialty (if appropriate)

A set of total 150 multiple choice questions (MCQs) covering Generic Core, Mandatory Sub-specialty and Elective Sub-specialty areas, please tick your choice(s):
