## Limitations

My accounts are SFW, however I can do bloody/gory and candy gore as well as creepy imagery. I can do suggestive art as well. Anything too gory or suggestive will not be posted with the other sketches to keep my social media SFW but I will send you the individual files.

**I also may refuse to draw any characters, situations, etc, if I am uncomfortable drawing it.** Feel free to ask for whatever you want but if I say no it means no. Pushing me to draw something I have stated that I am uncomfortable with or trying to trick me into drawing something that goes against my boundaries will result in a block.

**PLEASE NOTE** any characters you want me to draw at all suggestive must be adults. This is a hard rule, no exceptions.
