“Reed from Moon Magnet DJ'd our wedding, and it was honestly one of the great experiences of my life.

Before the wedding, we met with Reed one-on-one so he could really understand the vibe we were going for. He didn't just listen, he brought thoughtful ideas and suggestions that made everything even better than we had imagined. On the day of the event, he showed up early, prepared, and completely dialed in. His energy is incredible! Upbeat, cheerful, fun, and genuinely engaging. He has a natural charisma that draws people in and makes everyone feel part of the celebration.

Everything about the music and sound was, and I don't say this lightly, absolutely perfect. The pacing of the night, the transitions between songs, the way he read the room and kept the dance floor alive... it all felt effortless. His interaction with our guests was natural and welcoming, and the entire night flowed exactly the way you hope a wedding will. There are a lot of DJs out there, and many of them offer a pretty similar experience. But Reed and Moon Magnet are something different. What they bring feels personal, intentional, and truly special.

If you're looking for a wedding DJ who will elevate the entire experience, I can't recommend Moon Magnet highly enough. As a final note, Reed is just an amazing human and I feel privileged to know him.”

The whole process was easy, and Reed was an excellent communicator. He explained everything clearly and was incredibly helpful with the timeline of events. His professionalism and attention to detail made the day flow perfectly, and his friendly demeanor put everyone at ease. Reed did an awesome job finding some of our unique requests and took pride in making sure it was exactly what we wanted. He even helped us when we almost dropped our wedding cake! A literal lifesaver! We couldn't have asked for a better DJ and music experience to celebrate our wedding!”

"Reed DJ'd our Denver wedding on October 18th, 2025 and absolutely killed it! I wish I could have a second wedding just so I could relive the dance floor all over again!

He was thoughtful, punctual, professional and made sure the day flowed smoothly for us. He played every song on our "must play" list and sprinkled in his own selection of dance floor bangers that fit the vibe too, he stood firm on all of our "do not play" playlist, played all of my random song requests in the moment the day of, and was truly the biggest asset in helping us throw the party of a lifetime. Two weeks later and our guests are still raving about him and our dance floor! He's not only an amazing DJ but a genuinely kind, cool person who was great to work with.

I cannot say enough good things about him! Leaving a five star review only because Google won't let me leave 10 stars. You simply MUST hire him for your next event! Thanks Reed!"

Reed was very professional, friendly, took care of set up/break down and also understood the assignment and gave us the best dance floor I've ever seen at a wedding. He played everything we wanted to hear and more. He truly killed it and will be the first person I contact if I ever need a DJ again in the future. You won't be disappointed if you hire Moon Magnet DJ Productions!"

"We had Reed DJ our wedding and he was fantastic! Finding wedding vendors can be so hard, but choosing Reed with Moon Magnet was such a great choice. He kept the vibes up and was super flexible! Things got a little behind schedule and chaotic on our end, but he adapted so well. His communication was top notch leading up to our big day and was just generally super nice and wonderful to work with. He made our reception so fun and we got to hear all our favorite songs, sing karaoke, and dance our little hearts out. Hire Reed for your wedding, you will not regret it!! Thanks again Reed!"

"Couldn't recommend Reed more!! All of our guests at our wedding were raving about him - such a talented, sweet human who made us feel at ease the whole time. We shared a couple of playlists to give him a sense of the vibe we wanted for cocktail hour and the dance floor, and he took it from there, polished them up, and turned the whole night into one of the best parties we've ever been to!"

Reed not only DJ'd the dance party at our wedding, he did so much more. And what's even more worthy of 5 stars is that he followed through on every single thing he promised. Aside from DJing an awesome dance party, he played songs before and during the ceremony, played accordion before dinner during cocktail hour, announced the people giving toasts at dinner, and he brought all of the necessary gear along with him to our venue. Our wedding was made so memorable in large part to Reed being so pleasant and easy to work with. We worked together with him to pick songs we love, and he mixed it all into a dance party that had our whole group bouncing for hours. Wow! I wish we could relive this night over and over. I'd certainly work with Reed in the future when we have other parties that need a fitting soundscape. He is a very kind and interesting person, and so musically gifted."

“We had the BEST time with DJ Reed at our "Reindeer Rave" holiday party! He absolutely nailed the music—perfectly curated for our under-5 crowd while still being fun and festive for parents, too. The playlist was age-appropriate, engaging, and had everyone dancing and singing along. Reed was professional, came prepared with great equipment, and truly helped make our event a huge success. We can't wait to have him back for another DJ gig! We highly recommend him for any event.”

“My husband and I hired Moon Magnet to DJ our wedding and we are SO pleased with this choice! ✨💜 It was so beautiful from start to finish. They were very accommodating to our needs and were able to meet with us over Zoom to go over little details before the wedding. Everyone at our wedding was raving about how incredible the dance playlist was! The ceremony music was exactly what we had imagined and the planning process was extremely easy with the help from the DJ. The music made the entire day magical. 🥂”

“Our DJ did an awesome job at our wedding! He delivered on all of our requests, from recording high-quality audio of the ceremony and speeches to creating an unforgettable grand entrance with smoke and lights. He even set everything up for my dad to play a couple of songs, and everything sounded perfect.

The best part of all was the dance floor! Our DJ is very talented and his equipment is top notch. He brought in all our song requests (some that were all over the place), and made them work together in a smooth way that kept the energy high all night. Everyone was dancing all night and we got tons of compliments from our guests on the music. We couldn't recommend Moon Magnet enough 5/5!

Wish you the best!"

"Reed is the BEST DJ you can hire! We were lucky to get him as our wedding DJ and emcee and were so happy we got the chance-- he is a total professional in every aspect of planning, communication and accomodation for your event--and totally smooth in every part of the event itself. Reed is a wonderful communicator and took all of our requests to heart and executed them even more perfectly than we could've imagined. Our wedding dance floor was by far the best I've ever attended or worked (I've bartended/served for over 100 weddings myself), and it was all thanks to Reed's energy, transitions and innovation with our playlists and the way he added a unique flair to every part of the party in mood, style and vibe. He even let me combine two songs for my father daughter dance to surprise my Dad-- if I could give Reed 11 stars, I would."

"I can't thank Reed enough for helping our vision come to life. Being a musician/singer myself, music was a big deal for our big day. I had seen disasters in other weddings from music not playing correctly, wrong songs playing etc so this was one of my biggest fears. EVERY part of our music and day was completely perfect. I had VERY specific requests for when particular songs were to be played and Reed was right on point. He helped the day run smoothly and was an absolute joy to work with. Not only did the day and music run fabulously, but Reed has a passion for what he does that you can feel the moment you meet him. I'm so glad we chose Reed to DJ our big day, we are forever grateful that he showed us such an incredible time."

"Reed was incredible for our big day. From the very beginning he was super professional and put us at ease. From the ceremony to the big dance party, all the music transitions were seamless and he was so kind to all of our guests. He even brought his own lasers & lighting which added to all the vibes for a good dance party. Reed also communicated with us throughout the planning process to make sure our priority songs were played at the right time and was very responsive. We are so grateful and highly recommend him to anyone looking for an amazing DJ!"

“We worked with Reed for our wedding and he was absolutely amazing! He was very professional and personable, and gave our guests an unforgettable experience. He gave us a lot of great ideas to make our night of dancing even more fun, and helped us to choose the perfect music playlist. The whole night flowed smoothly and the music transitions were perfect! All our guests couldn't say enough about the music and the DJ, and everyone danced the night away! I got so many compliments on the songs throughout the night and it was all thanks to Reed. My husband and I could not be happier and we would highly recommend him to everyone looking for the perfect wedding!”

Kailey Shupe {Ryan Shupe}

“We found Reed through the singer who performed our Ceremony and Cocktail Hour music. Reed was able to work with us remotely using our Spotify playlists. We got to choose as much as we wanted, which for us was pretty much all of the music. We enjoy music a lot so we appreciated being able to build out playlists for dinner and dancing music. Also we enjoy EDM and it was a nice touch having Reed who understands the music and enjoys it as well.

Reed is professional, easy going, and extremely responsive. All the things a Busy Bride is looking for when hiring someone to DJ. He provided everything needed to make the music and speeches sound great. We danced all night and even though it was a smaller wedding of 27, I think every single person got on the dance floor at some point in time. Even the groom which is not always easy! What was most special for us was that Reed created a special moment that each of us had planned without the other knowing. For the bride it was combining 3 songs to play her Groom and for the Groom it was a part of a special song for me. Truly we had such a wonderful time and couldn't have asked for a better DJ to join our family and friends for the special day. Everyone commented about how awesome Reed was and that he was like a part of the group or someone you would hang out with.

Thank you so much for spreading Joy and Music on our Big Day 8-21-21 at the Kimpton Born!”

“Reed DJed our Spring Dance this year at Steele Elementary. He was so much fun and very flexible. The kids had an amazing time with his playlist. His go-with-the-flow attitude made it easy to run this event! Also, when we needed someone for a different event he recommended someone who also turned out to be great!”

"As producers of Estes Park Colorado's Frozen Dead Guy Days last March 2024, we would highly recommend hiring Moon Magnet for your event or wedding. They are a pleasure to work with from start to finish. Super organized and listened to any input we had. Our DJ was so professional and nice. He helped light up our new room called Frozen Dead Guy Days "Mushroom Circus" building with his music! He had the FDGD crowd on their feet and was the best. Our festival attendees had such a great time listening to him spin on stage during FDGD 2024. Thank you to the Moon Magnet team."

"Our DJ at Moon Magnet provided a fantastic experience for our daughter's birthday party! She was able to provide a song list in advance and Reed took requests from the girls all night. He brought a fog machine and had cool lights, which kept the girls dancing for hours! Thank you, Reed!"

"We love Reed and Ginger - Moon Magnet DJ Productions made our daughter Vivienne's first birthday party so special! We discovered Reed at a Baby Rave at the Mercury Cafe in Denver and he made the event so magical. I jumped at the chance to reach out and see if she would DJ our daughter's first birthday. Reed wasn't available for the party but Ginger was and she was so amazing. She played fun, age appropriate tunes and helped keep the party on track. Vivienne had so much fun dancing! We will definitely think of Moon Magnet DJ Productions for future events."
