O'Sullivan could run in Worlds

Sonia O'Sullivan has indicated that she would like to participate in next month's World Cross Country Championships in St Etienne.

Athletics Ireland have hinted that the 35-year-old Cobh runner may be included in the official line-up for the event in France on 19-20 March. Provincial teams were selected after last Saturday's Nationals in Santry and will be officially announced this week. O'Sullivan is at present preparing for the London marathon on 17 April. The participation of O'Sullivan, currently training at her base in Australia, would boost the Ireland team who won the bronze three years ago. The first three at Santry last Saturday, Jolene Byrne, Maria McCambridge and Fionnuala Britton, are automatic selections and will most likely form part of the long-course team. O'Sullivan will also take part in the Bupa Great Ireland Run on 9 April in Dublin.

Kirwan demands Italy consistency

Italy coach John Kirwan has challenged his side to match the performance they produced in pushing Ireland close when they meet Wales on Saturday.

Despite losing 28-17 in Sunday's Six Nations encounter, the Italians confirmed their continuing improvement. "Our goal is to match every side we face and against Ireland we showed we could do that," said Kirwan. "But the most important thing is that we build on that performance when we play Wales on Saturday." Italy's half-backs had a mixed afternoon, with recalled scrum-half Alessandro Troncon impressing but fly-half Luciano Orquera having an off-day with the boot. Kirwan said: "I was very happy with Troncon. He had an incredible game - he was very good in attack and defence. "Orquera's kicking was off but he showed great courage in defence. "He also followed the game plan. We have to give him confidence because he has the capability to do well."
