

Annual Payment and Fee Expectations for Returning PATHS Families

Registration

- Annual family registration for the 2024-2025 academic year is \$250.00.
- One annual registration fee is paid per family, regardless of the number of children.
- Payment is due at the time of registration.
- If paying by check, please make the check payable to PATHS.
- Registration for returning PATHS families closes on August 15, 2024.
- Families cannot choose classes until registration is paid in full.

Security Deposit

- The security deposit is equal to one month's tuition.
- The security deposit is to be paid in August, due by no later than September 1st.
- The security deposit will be used to cover May's tuition payment.

Supply Fees

- A one-time annual supply fee/course will be paid with the Security Deposit.
- Supply fees vary based on courses.

Monthly Tuition Payments

- Payment for September's tuition is due by September 15th.
- Students will not be allowed to attend classes until September is paid in full.
- Subsequent monthly payments will continue through April, due on the 1st of each month.
- May payment will be fulfilled by the initial security deposit.
- A late fee of \$50 will occur for payments after the 7th of each month.
- Checks are not accepted as payment if a late fee has been incurred.
- Recurrent non or late payment is grounds for removal from PATHS.
- Students will not be able to attend classes if payments are late by one month until all outstanding fees are paid.

Additional Fees

- PATHS charges \$7 per hour for the activity hall. If students are on site and not in a class, they must be in the activity hall.
- Any student not picked up 10 minutes after their last class will be sent to the activity hall and charged for the hour.

- Late pickups after 3:00 PM may be subject to a \$15 late fee per 15 minutes late. Late pickups after the 1 hour pickup period for sick children may also be subject to this charge.

Refunds

- PATHS will only issue refunds under special circumstances, pending review of PATHS Board of Directors, eg: military orders, medical, etc.
- Under typical/normal circumstances, families should expect any change in schedule resulting in an overpayment to be applied as a credit towards future PATHS payments.
