🇴🇲 OMAN VISA GUIDE

For Indian passport holders

OPTION 1 — 26N / CHEAPER ROUTE

If you have a qualifying visa or residency status (for example, a valid US visa), first check whether the Royal Oman Police (ROP) system makes you eligible for the 26N route. Eligibility is determined by the ROP visa eligibility system.

Step 1 — Check eligibility

Open the official ROP eVisa portal and select Visa Eligibility.

Official ROP eVisa portal: https://evisa.rop.gov.om/

Step 2 — Enter your details

Select India as your nationality and enter the requested information, including details of your qualifying visa/status.

Step 3 — Select the available visa

If 26N is shown as an eligible option, select it and continue.

Step 4 — Create/login to your ROP account

Enter your details exactly as shown on your passport.

Step 5 — Upload documents

- Passport copy
- Recent passport photograph
- Copy/details of your qualifying visa, if requested
- Any additional documents requested by ROP

Step 6 — Pay & submit

Review every detail carefully, pay the applicable government fee and submit the application.

Step 7 — Download your eVisa

Once approved, download the eVisa and keep a digital and printed copy for your trip.

OPTION 2 — IF YOU DON'T HAVE A QUALIFYING VISA

If the ROP eligibility checker does not offer you the 26N route, you can use a visa service such as Atlys to apply for an available Oman tourist visa.

IMPORTANT BEFORE YOU APPLY ⚠️

- Visa eligibility, fees and visa categories can change. Always check the current ROP eligibility result before paying.
- Your passport should meet the validity requirements for entry to Oman.
- Having a US/UK/Schengen/Japan visa does not automatically guarantee eligibility for 26N; check the ROP system for your specific circumstances.
- Do not book non-refundable travel solely on the assumption that your visa will be approved.
