

Connect to a Remote Zoom Room

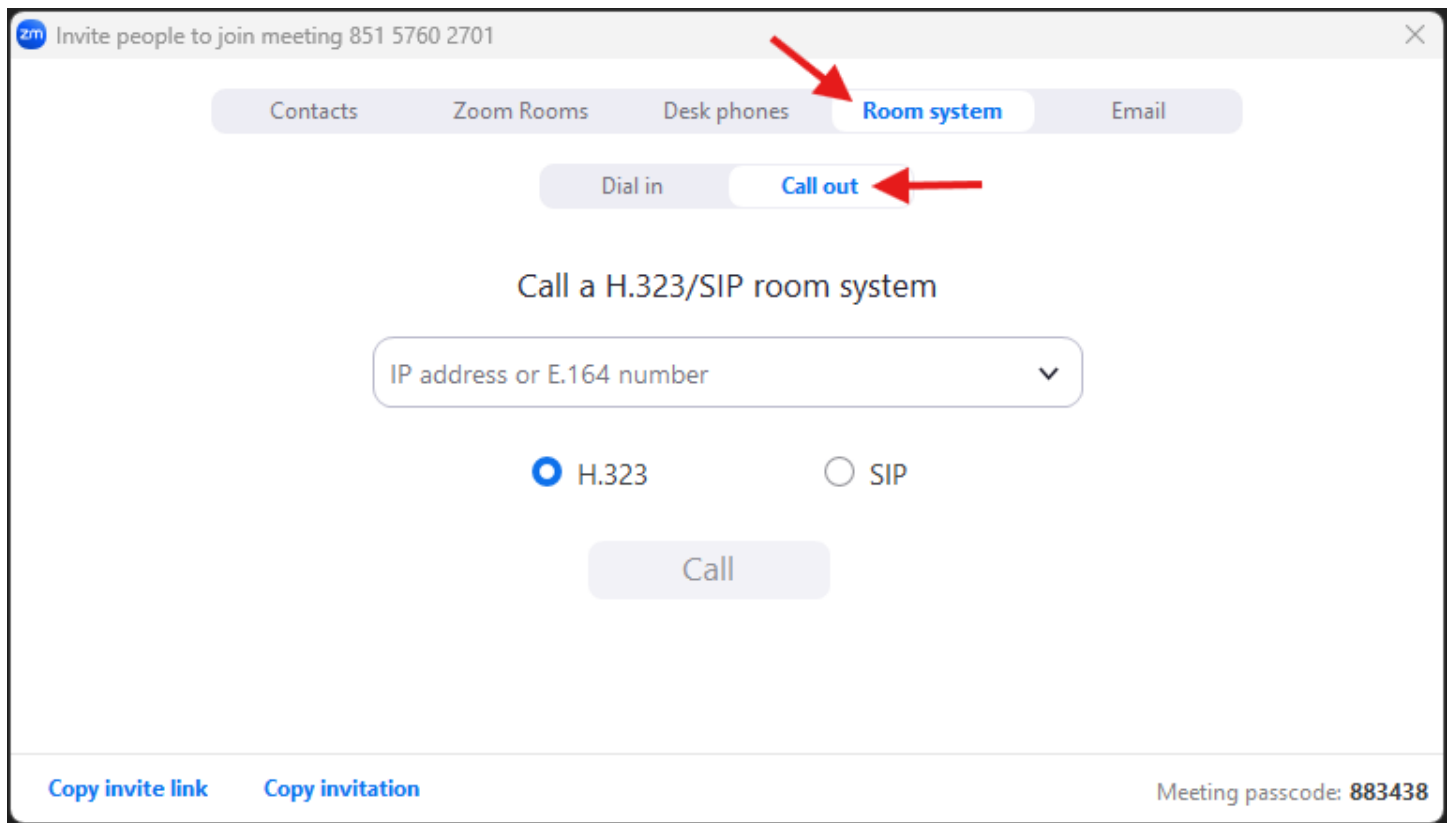

1. Launch the Zoom app on the workstation.
2. Click **New meeting**.

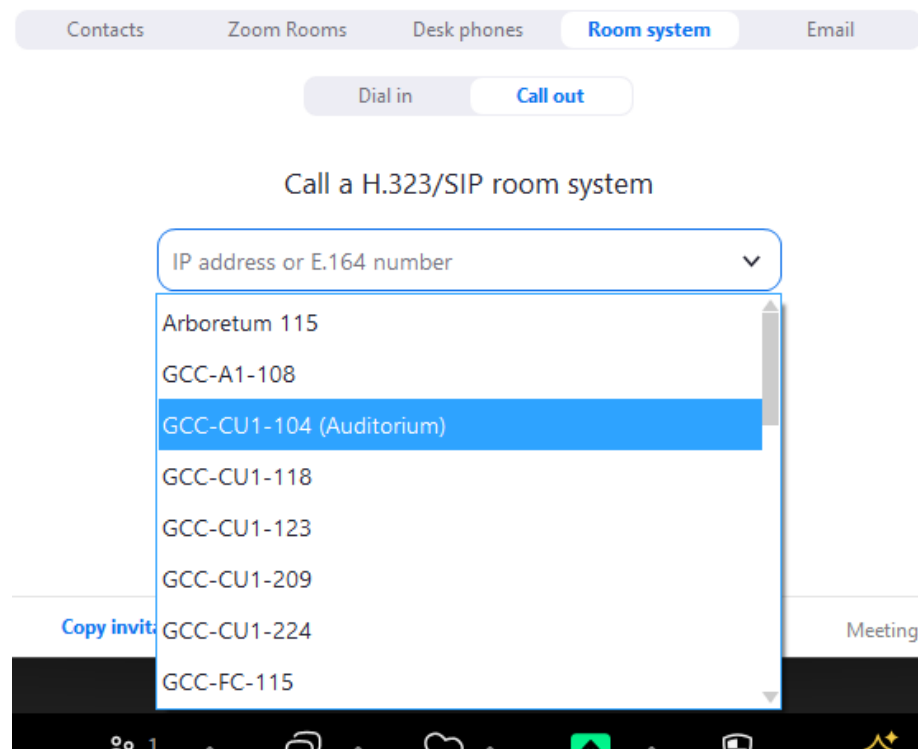

3. Click **the arrow next to Participants**, and then click **Invite**.

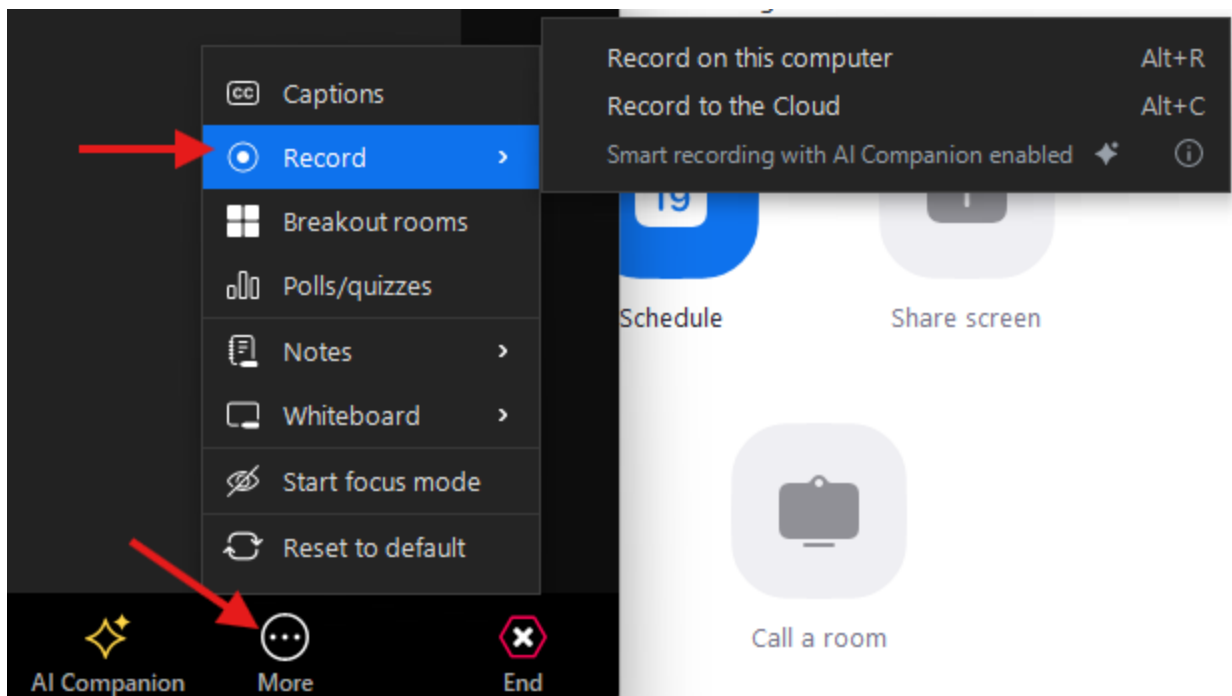

4. Click **Room system** and then click **Call out**.

5. Choose the other room location and click **Call**.

6. Record the session to computer, if desired.

7. Recording files (.mp4) are saved to your local Documents folder by default.
