Halfway done: **30%**

Finished: **No refunds**

Considerations

1. The displayed prices are subject to change due to many reasons including:
Self-improve, difficulty of the export stage, etc.
2. Due to personal reasons - including scarcity of time, it might take me a long time to complete an order, so I ask for some patience. That being said, you're always free to ask about the status of your order at any time.
3. Please provide clear references and descriptions of your order, i.e. for characters, I will primarily need front/side references, as well as any additional outfits, gadgets, etc, that it might include.
4. I speak both Spanish (mainly) and English. To guarantee proper communication, please use either of both languages.
