

Nova Six [N-6]
Space Entertainment Media
Content Creator / Media Manager

Job Description:

We are in search of a talented and creative Content Creator to join our team and play a pivotal role in crafting engaging multimedia content. This role involves the ability to edit videos into reels, transform podcasts into short-form content, add captivating effects, and create compelling media pieces. If you have a passion for content creation and are ready to push the boundaries of multimedia storytelling, we want to hear from you!

Key Responsibilities:

- **Video Editing:** Edit video footage into captivating reels, applying effects and enhancements to create visually appealing content.
- **Podcast Transformation:** Transform long-form podcasts into short-form, engaging content pieces, ensuring the essence of the content is maintained.
- **Visual Effects:** Add eye-catching visual effects and graphics to enhance the impact of multimedia content.
- **Media Creation:** Create multimedia content that captivates our audience and aligns with our brand's identity.
- **Creativity:** Ability to think creatively and come up with original ideas for multimedia content.
- **Collaboration:** Work closely with cross-functional teams to ensure alignment with project goals and objectives.
- **Adaptability:** Be flexible and open to feedback, making revisions and adjustments as needed to meet project requirements and audience expectations.

- **Meet Deadlines:** Manage your time effectively to meet project deadlines and deliver content on schedule.
-

Qualifications:

- **Media Editing Skills:** Proficiency in video and audio editing software and the ability to learn and apply different software tools.
 - **Creativity:** Ability to think outside the box and come up with innovative multimedia ideas.
 - **Communication:** Effective communication skills to collaborate with team members and convey your creative vision.
 - **Attention to Detail:** Keen attention to detail to ensure the quality and precision of multimedia content.
 - **Time Management:** Strong time management skills to handle multiple projects and meet deadlines.
 - **Willingness to Learn:** An eagerness to acquire new skills and knowledge in multimedia content creation.
-

Preferred Skills (Not Required but a Plus):

- **Animation Skills:** Knowledge of animation software and techniques to create dynamic multimedia content.
 - **Graphic Design:** Proficiency in graphic design software to enhance visual elements in multimedia content.
-

Benefits of this Position:

- **Portfolio Growth:** Enhance your portfolio with diverse multimedia content, bolstering your credentials for future opportunities.
- **Start-Up Exposure:** Gain valuable experience in a dynamic start-up environment, showcasing adaptability and learning within an innovative work setting.
- **Practical Experience:** Develop your multimedia content creation skills through hands-on projects, refining your craft and expanding your knowledge.
- **Equity:** There's a chance to secure equity in the company's success, offering long-term career growth possibilities.

How to Apply:

Interested candidates can apply for the position by emailing their resumes along with an example of multimedia content they've created or edited. Please include any relevant examples that showcase your creativity and editing skills.
