Requested Fees for Speaking Events in 2024

Thank you for your interest in having me speak at your organization or event!

The fees listed below are requests; I am happy to discuss events, especially for LGBTQIA+ communities, where the available financial support might be less than what is requested.

This list of fees does not guarantee my availability for any given event; it is to provide a basic idea for your organization's budget.

Thank you again for your speaking inquiry!
