

How Do I Find My Class Notes?

SPARKS.

Finding Class Notes in Canvas

1. Access **Canvas** by navigating to kellerisd.instructure.com/login/ldap or by logging into **K-Cloud** and selecting the Canvas tile.
2. Select a course from your **Dashboard**.
3. Select either '**Modules**' or '**Files**' from the left menu.
 - a. Modules will display a list of subjects within the course material where corresponding information on each subject can be found.
 - b. Files will display a complete list of files your teacher has uploaded.
4. Either location can be used to find notes, however one method may be more efficient than another depending on your teacher's upload preference.
