

Subject line: free FREQUENCY course?

Hello Viv,

Your breathwork healing reminds me to breathe and be alive, thank you.

Making free guided breathing exercises for your audience brings great value to your present and future customers.

I can leverage the reach of exercises through targeted online campaigns, attracting long-term clients and double your Instagram followers regardless of spending on ads.

Does that idea meet your business goals?

With a 'yes' reply, I'll be in touch.

Hope you enjoy my gift,

breathe"
