

Welcome to WunderLoc Lodge!

Welcome and thank you for selecting WunderLoc Lodge for your stay! The Lodge has been equipped with all the amenities you would find at home, and hopefully more!

HISTORY:

You may be asking about the unique name and what it means or how it came about. In my younger days, I owned, rode and competed show jumping horses. My last two horses were named *Wunderbar* (“wonderful”) and *Lochinvar* (a fictional romantic knight). Both horses were dear to my heart. In 2021 I started an LLC and I took portions of their names to create the name WunderLoc.

For almost 2 years I searched for a second home. With the real estate market at an all-time competitive high, finding the right place without spending tens of thousands over asking price was a challenge. At the end of 2022 I was finally able to find the right home to purchase. I use the Lodge as my “runaway” home, but one that I wanted to share with others who are seeking the same.

I have thoughtfully designed the space for comfort and functionality without being over-crowded and cramped. Please browse through the remainder of the Handbook for additional information of amenities in the home which hopefully will make your stay enjoyable. I am also open to suggestions, so feel free to share your ideas!

Hosting is new to me and I am very much looking forward to it. If you have any questions, difficulties, issues or concerns during your stay, please do not hesitate to call or text me. My phone is always on; no inquiry is too small and you are never a bother. (518) 470-6399

Please be sure to sign the guestbook before you leave and post a review when you return home!

Thank you and ENJOY!!
