

Recruitment notice for researcher position at KAIST

BioProcess Engineering Research Center

1. Recruitment Field and Job Description

Type	Field	Classification	Number	직무
Researcher	BioProcess Engineering Research Center (mbel.kaist.ac.kr) Researcher	Ph.D (or expecting) holder in related field	1person	A Study on the production of useful substances such as fatty derivatives by metabolic engineering of bacteria
Total			1person	

※ No selection may be made in the absence of a qualified person

※ In case of variation in the recruitment process, the candidate is notified separately.

2. Eligibility and preference

Field	Eligibility	Preference
Common	◦Those who do not have a reason for disqualification under Article 33 of the National Civil Service Act	◦Those who apply for employment in accordance with the Act on the Promotion and Support of National Meritants and others (only those who submit such certificates)
Researcher	1. PhD holder 2. Experienced in the study of microorganisms producing fatty acids through metabolic engineering 3. Experienced in the microbial engineering of Rhodococcus species	

3. Application method and period

Application method	Fill out specified form and submit by email ◦email : meehee@kaist.ac.kr ◦email title : Researcher Application_XXXXXX (YourName)
Application Period	Application must be submitted between July 1, 2019 to July 15, 2019, 23:00.

4. Recruitment procedure

Category	Details	Dates	Selection number
Document screening	Personal statement, publication list, conference presentation list, research project participation list, professional experience list	July 15, 2019	3x the hired number
Interview screening	Interview	Notified separately	Selection
Appointment	Preparation and submission of appointment documents	August 1, 2019 (scheduled)	

※ The procedure and schedule may vary depending on the internal situation of the institution. In case of change, the candidate is notified separately.

5. Working Contract Information

Classification	Details
Employment Type	By term
Department	BioProcess Engineering Research Center
Working form	<input checked="" type="checkbox"/> Full-type (5 days a week, 09:00 – 18:00) <input type="checkbox"/> Part-time (5 days a week, 주 5일, working hours to be determined)
Contract period	September 1, 2019 – August 31, 2020 (Early termination or extension of a participating project may lead to changes in the duration of the contract)
Salary	\312,000,000 yearly (\2,600,000 monthly)

※ Other matters are in accordance with relevant regulations and laws.

6. Guide to blind recruitment

- No photo registration column, school name, grade average, and date of birth to be in job application
- Prohibit entry of information that could lead to bias such as the email address of school name
- Do not include any personal information (such as your school or family relationship) in job application (including personal statement)

7. Inquiries to : BioProcess Engineering Research Center, Meehee Kim, 042-350-8811 /
meehee@kaist.ac.kr

Please send the following documents as your application:

- Personal statement
- publication list
- conference presentation list
- List of participated research project
- professional experience list
- other relevant information
