Dear Hiring Manager,

With great enthusiasm, I submit my application to TeamHealth for the role of Hospitalist Physician Assistant. As a new graduate of South University’s PA Program, I am confident in my physical exam skills and medical acumen.

Before being accepted into PA school, I was a nursing aid in the medical-surgical units of VCU and CJW Medical Centers. I was able to help patients recover from their ailments alongside hospitalists. During that time, I increasingly recognized the hospitalists’ wide breadth of medical knowledge and crucial role within the treatment team, which piqued my interest. Fortunately, I was gifted the opportunity to work in hospital medicine as a PA student during my internal medicine rotation, and I sincerely enjoyed it. Through that experience, I was challenged with many opportunities to admit new patients, interpret radiological imaging and laboratory results, develop patient-oriented treatment plans, and coordinate with consulting disciplines. Through this, my passion for hospital medicine was solidified.

I am NCCPA board-certified and eager to jump into the clinical role immediately. Hospital medicine will allow me to fortify my understanding of the foundational concepts of medicine I learned in my PA program and position me well to serve as an invaluable asset to TeamHealth in the long term. I am pleased to submit my application and provide you with references upon request.

I look forward to your reply.

Sincerely,

A handwritten signature in black ink, appearing to read "C. D'Andre Johnson", with a long horizontal flourish extending to the right.

C. D’Andre Johnson, MSPA, PA-C, EMT-B
