

Indian Knowledge System (IKS)

INTRODUCTION

Indian Knowledge System (IKS) is the pioneering initiative by the government of India intended at assimilating the rich heritage of traditional Indian Wisdom with contemporary Education and Research. Embedded in ancient literature, customs and practices and Philosophies, The IKS include a diverse range of disciplines with science, technology, Medicine, arts, humanities. In St. Peter's College the **IKS** Project seeks to foster a deeper understanding and appreciation of India's vast intellectual traditions among students, researchers. By bridging the gap between ancient knowledge and modern academic frame works. The IKS aims to cultivate an enlightening environment that promotes India's Cultural Legacy while supporting innovation and critical thinking.

Objectives

1. **Documentation and preservation:** Systematic and scientific documentation of traditional knowledge and practices to preserve them for future generations.
2. **Research and Innovation:** Encouraging students for interdisciplinary research to explore traditional knowledge in solving modern-day challenges.
3. **Integration with Modern Education:** Developing Curricula adding IKS with contemporary subjects, enriching the learning experience
4. **Public Awareness and Outreach: Organising** seminars, workshops and internships to lift up the awareness about the significance of IKS and its contributions to worldwide knowledge.

Scope

The Indian Knowledge System (IKS) at St. Peter's College tries to create a comprehensive and comprehensive platform for integrating traditional Indian knowledge with contemporary academic and research frameworks.

5/6/2024 -Inauguration of Medicinal Garden

A **medicinal garden** was built in the college on 5/6/2024 to serve multiple purposes. The garden was inaugurated by the College, Principal Dr. Binuja Joseph. This garden is designed to cultivate a variety of medicinal plants that have been used in traditional Indian medicine for centuries. By growing these plants, the garden provides a hands-on learning environment for students, allowing them to study and understand the properties and uses of these plants in a practical setting. IKS Coordinators Dr Gracy K.S and Sri. Sreenivasan delivered in the function.

Inauguration by Dr. Binuja Joseph

20/7/2024- Gathering of Traditional Medicine Wisdom

We have compiled a comprehensive collection of information on traditional medicines gathered from students, which has been carefully documented in a register. The inauguration of this valuable resource was gracefully conducted by Dr. Binuja Joseph.

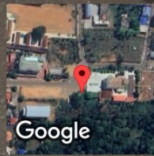

18/7/2024- Heritage Site visit

As part of the Indian Knowledge System (IKS) initiative, students embarked on an insightful visit to the Kolenchery St. Peter's and St. Paul's Church, a historic monument located in Kolenchery. This visit was organized to provide students with firsthand experience and understanding of the region's rich cultural and historical heritage.
