

Zoe Lazarus

Caucused for Evergreen's 32nd Regional Mazkirah

Mission

If elected as Evergreens 32nd Mazkirah I plan fulfilling this position to the best of my abilities. I will stick to my goal of holding weekly check-ins, posting fun and interactive content on our social media, and communicating proactively. I promise to be an organized and reliable board member.

Vision

As Evergreen's 32nd Mazkirah, I am ready to bring a term full of high-resolution photos and graphics featured on our social media accounts, constant communication and to be a valuable board member. Chapters in Eugene all the way to Seattle make our region who we are and it is key to make sure that the way they are representing themselves is well established and memorable. When I think about the things that I would like to accomplish most, I think about the way that I want to portray EGR's story and the people within it. Holding this position means I would be a storyteller and create a realistic view of what our region looks like from an insider's perspective. I will send weekly check-in texts to all of my counterparts and make sure that they are all feeling good about the position they are holding. It should be made clear that I am always available to help and support each and every Mazkirah in EGR. During our conventions, making sure that the steerers in charge of Globalization have a true understanding of the importance of the program and that the convention photographers feel seen whether it's behind the camera or not. It is my job to represent our region to the best of my abilities so, by the end of my term as Mazkirah I promise to make each and every person in EGR to be proud of who we are and the way we are regarded.
