Save MacGyver Phase 2 (Part 1) CBS Email Campaign

Kelly Kahl
Kelly.Kahl@cbs.com

George Cheeks @cbs.com

Talking Points

	Ask to renew, move to Paramount+, or sell the rights	
	Moving to Paramount+ allows for increased revenue with new subscribers and would be	
	economically advantageous	
	Selling would be profitable as well	
	Global audience	
	Streaming is becoming a popular alternative to live TV	
	MacGyver has been a ratings winner on network TV and this would only increase if	
	renewed or moved to Paramount+	
	MacGyver is a huge proponent of STEM and has inspired kids and adults to become	
	interested in science	
	Representation of all groups-highlights importance of all and how success can be	
	achieved for all groups	
	Highlight the campaign, billboards (specific numbers) and site the website (do not	
	mention the paperclips that will arrive-this needs to be a surprise)	
	Let them know of our fundraising for Cancer Research	
** Rer	member to be very polite in the email and highlight which country you are from so they see	
the global reach		

** I also recommend stating we are a powerful and dedicated fandom and will continue to fight. They can easily make the decision of the three options presented and all we would go away
