

Summer Math – Rising Grade 8 Algebra

Summer Math assignments will be on Delta Math. Assignments will be located on www.deltamath.com and available to students after they join the Delta Math Class.

All work should be done on paper and turned in on the first day of school.

Joining Information

If students do not already have a Delta Math account:

1. Go to DeltaMath.com/students
2. Click “Register” then type the class code: **7AC8-28E4**
3. You should see the class: **Rising Grade 8 Algebra Summer Math 2026**
4. Click “Register with Google” and follow the prompts to sign in with your school account.

If students already have a Delta Math account:

1. Log into your Delta Math Account
2. Click “Tools” in the upper right corner of the screen.
3. Select “Manage Login and Classes”
4. Under “Add a New Class” enter **7AC8-28E4**
5. Click “add class” next to **Rising Grade 8 Algebra Summer Math 2026** and then “okay”.
6. Click on “Delta Math” in the upper left corner of the screen to go to your assignments.

How Delta Math Works

- Assignments will be listed in your Delta Math account.
- You will have 3 attempts to solve each problem correctly.
- Within each problem, you will have access to a video (click “Watch Help Video”).
- You will also have access to worked out examples (click “Show Example”).

All assignments should be completed by the first day of school

This [video](#) will provide you with an introduction to how Delta Math works.

What to expect for Summer Math assignments

Assignments have been created to ensure that students are ready for Grade 8 Math in the fall.

Topics include:

1. Rounding Numbers
2. Simplifying Expressions
3. Proportional Relationships
4. Coordinate Plane
5. Angles Names and Relationships
6. Converting Fractions, Decimals, and Percents
7. Operations with Integers, Decimals and Fractions
8. Solving Equations
