I always think of Kyle and Cartman when I hear this song so I thought I'd make it a MAP!
This MAP is about their rivalry!
I've never hosted a South Park MAP before so I'm excited!!:D

-RULES-

apply in comments or discord! DISCORD IS MANDATORY

- Must be 13+ to join due to discord terms of service and especially since this is a South Park MAP
- Canvas size: 1280x720 or 1920 x 1080
- No racism, homophobia, anything hateful or along those lines! If you are found to be involved in any hateful or harmful behaviour I will have to kick you from the MAP
- Max parts: 2.
- MUST have discord to participate
- Don't add watermarks/names in parts. I will do that while editing.
- Beginner friendly, but you MUST have at least two complete animations on your channel.
- Character designs in discord!
- Unscripted, but must show the rivalry between Kyle and Cartman.
- CODE: angy cats!!

- The background is simply a black background.
 (you're allowed to add red fades in it too if you wish!! preferably in the more intense parts of the song!!)
- MUST add text, but the text must be red!!!
- PMV is preferred, but any animation style except still images is accepted. (AMV or PMV/tweening.)
- Kyle and Cartman MUST be in the part. Other characters are allowed and optional!^^ Ask me for their designs if they aren't already provided in the discord.
- Parts 1,2,3,4,5,6 and 7 are all Kyle's POV (about Cartman or looking down on Cartman's actions.)
- parts 8-14 are Cartman's POV (annoyed at Kyle.
 He is presenting himself as a victim, as always lol.)
- Part 15 can be any POV. Since it's the last part, please try and do a cool transition to a black screen!>:D

- Please add them both in your parts!
- Be creative with your parts!!^^
