

Hey Susan,

I saw that your team at Rosewood Properties is managing 200 units across your portfolio. With everything going on in property management, it's not easy keeping insurance compliance high and finding ways to grow revenue.

That's exactly where Beagle comes in. We help teams like yours automate insurance tracking, reduce admin workload, and boost compliance, all without adding to your team's plate.

Teams like Elevate Property Group went from 43% to 95% compliance and added nearly \$9,000 in monthly revenue in just 3 months.

Open to seeing what this might look like at Rosewood?

Best,
Randy

Left you a voicemail. Here's a quick video showing how Beagle helped a 200-unit property increase compliance and revenue, hands-free.

Think it's worth trying out on one of your properties?

Best,

Randy
