
HAM RADIO TWO-DAY LICENSE CLASS

Free Training – Only cost is the materials & test fee

OEM Building London, Ar.

- Pass your HAM radio FCC license exam right in class, on the second day.
- Live equipment demos, including Emergency radio communications.
- Using your computer for digital communications.
- Training on how to operate through local repeater systems.
- Study questions reorganized for easier classroom learning New simple Test!! Multiple-choice examinations with NO Morse Code Test required.

Ham Radio provides valuable communications in an emergency. Many cities throughout the country use ham radio operators to support Community Emergency Response Teams (CERT) training and actual call-outs. This two-day action paced class will feature live ham radio equipment for everyone to learn how to operate. Pre-study before class and spend two days to pass your amateur radio Element 2 Technician class examination right in the classroom on Day 2. **New simpler Tests!**

- Earn full ham radio Technician class radio privileges.
- Earn radio communications through satellites and International Space Station (ISS)
- Operate your own ham radio position-reporting system (APRS)
- Operate ham radio, television and computer radio photos. (ATV and SSTV)
- Become a ham radio emergency responder

Event Date: Jan 14 & 15 8:00 AM to 6:00 PM testing at 4:00 PM Sunday
