

Yes - I support explicit protections for the LGBTQ+ community in the Borough of Chambersburg!

Yes - I want the Borough Council of Chambersburg to form an exploratory committee to research a non-discrimination ordinance that includes citizen participation including from members of the LGBTQ+ community!

Add your name to this petition [here](#).

[69 municipalities](#) across the commonwealth have adopted LGBTQ+ inclusive non-discrimination ordinances that grant explicit protections to LGBTQ+ individuals with regards to employment, housing and public accommodations. Local municipalities have adopted their own laws because the [Pennsylvania Human Relations Act](#) does not include protections for sexual orientation or gender identity. The Pennsylvania General Assembly would have to amend this law to extend protections.

In January 2018, the Borough of Chambersburg passed a [resolution of support](#) to encourage the PA General Assembly to enact Senate Bill 613, which sought to amend the Pennsylvania Human Relations Act to extend protections to the LGBTQ+ community. To date, the PA General Assembly has not moved on the matter.

In August of 2018, the PA Human Relations Commission released [new guidance](#) with an expanded definition of “sex” as it applies to the states discrimination laws to be inclusive of sexual orientation, gender identity, gender expression, gender transition, and transgender identity. This change allows Pennsylvanians to file a complaint with the commission if they believe they have experienced education, employment, housing or public accommodation discrimination because they’re LGBTQ. To date, the new guidance has not been tested. Since the PA Human Relations Commission expanded its definition of “sex”, at least 15 municipalities across the commonwealth have adopted LGBTQ+ inclusive non-discrimination ordinances, including Shippensburg Borough and Gettysburg Borough.

In March of 2021, the Borough of Chambersburg updated some of its non-discrimination operational policies however they fall short of protecting all citizens in the Borough. How an LGBTQ+ inclusive non-discrimination ordinance could be adopted in Chambersburg requires more thoughtful consideration and analysis by Borough Council.
