[Applause]

3

00:00:07,640 --> 00:00:21,660

[Music]

4

00:00:28,840 --> 00:00:31,840

do

5

00:00:36,610 --> 00:00:43,040

[Music]

6

00:00:39,760 --> 00:00:46,640

hello everyone and welcome back

7

00:00:43,040 --> 00:00:48,239

to agents of damned our let's play d d

8

00:00:46,640 --> 00:00:50,480

podcast featuring myself

9

00:00:48,239 --> 00:00:52,559

your sometimes benevolent often

10

00:00:50,480 --> 00:00:55,199

malevolent dungeon master

11

00:00:52,559 --> 00:00:56,000

jordan roman and as always i am joined

12

00:00:55,199 --> 00:00:59,760

by my

13

00:00:56,000 --> 00:01:02,800

fellow players hi guys i'm katy

14

00:00:59,760 --> 00:01:06,080

and it wasn't safe's fault

15

00:01:02,800 --> 00:01:07,840

it was mine i play safe

16

00:01:06,080 --> 00:01:09,680

hey guys i'm christina and i play

17

00:01:07,840 --> 00:01:12,880

wintera for now

18

00:01:09,680 --> 00:01:16,080

and i'm drew mclean and by bahamut's

19

00:01:12,880 --> 00:01:18,560

beautiful bestiary i play the good dr

20

00:01:16,080 --> 00:01:20,640

arlo aegon and i forgot my book where i

21

00:01:18,560 --> 00:01:21,439

wrote down all the ideas so i was off

22

00:01:20,640 --> 00:01:24,479

the cuff

23

00:01:21,439 --> 00:01:26,000

you guys sound really really downtrodden

24

00:01:24,479 --> 00:01:29,759

are you guys not excited for

25

00:01:26,000 --> 00:01:32,640

this amazing fight that i have prepared

26

00:01:29,759 --> 00:01:32,640

suck my dick

27

00:01:33,920 --> 00:01:38,240

katie summed it up i would but i don't

28

00:01:36,320 --> 00:01:40,240

think i don't think necrophilia is

29

00:01:38,240 --> 00:01:43,040

allowed where we are and

30

00:01:40,240 --> 00:01:43,600

you know it's talking to a corpse you

31

00:01:43,040 --> 00:01:48,560

are a

32

00:01:43,600 --> 00:01:51,040

[__] let's do this i love you too babe

33

00:01:48,560 --> 00:01:53,759

last time the agents overheard a

34

00:01:51,040 --> 00:01:56,640

conversation between kamodra and snapdra

35

00:01:53,759 --> 00:01:58,719

outside of arlo's family home snapdra

36

00:01:56,640 --> 00:01:59,439

tried to convince kamodra to allow arlo

37

00:01:58,719 --> 00:02:02,159

to be allowed

38

00:01:59,439 --> 00:02:02,719

to re-enter the military but kamodra

39

00:02:02,159 --> 00:02:04,719

wouldn't

40

00:02:02,719 --> 00:02:06,799

have it claiming it was better that he

41

00:02:04,719 --> 00:02:08,720

stay out of danger

42

00:02:06,799 --> 00:02:10,080

after kamodra went inside the agents

43

00:02:08,720 --> 00:02:10,879

went back to the barracks to pick up

44

00:02:10,080 --> 00:02:12,800

sniffs

45

00:02:10,879 --> 00:02:15,120

however sniffs was exhausted from the

46

00:02:12,800 --> 00:02:17,760

process of enduring the awaken spell

47

00:02:15,120 --> 00:02:19,599

and needed to sleep until morning once

48

00:02:17,760 --> 00:02:21,440

he had time to rest the agents attempted

49

00:02:19,599 --> 00:02:24,080

to probe him for information

50

00:02:21,440 --> 00:02:25,840

while they did ultimately learn that the

51

00:02:24,080 --> 00:02:26,480

nulls had likely gone to a place known

52

00:02:25,840 --> 00:02:30,319

as

53

00:02:26,480 --> 00:02:32,319

the boneyard the aegis decided to speak

54

00:02:30,319 --> 00:02:34,160

with him more to determine just how

55

00:02:32,319 --> 00:02:35,840

smart sims had become

56

00:02:34,160 --> 00:02:37,920

and triggered several panic attacks in

57

00:02:35,840 --> 00:02:39,200

existential crises

58

00:02:37,920 --> 00:02:41,519

after enlightening sniffs on the

59

00:02:39,200 --> 00:02:42,879

futility of life and the inevitability

60

00:02:41,519 --> 00:02:44,720

of mortality

61

00:02:42,879 --> 00:02:46,959

the agents in the fun pals went to the

62

00:02:44,720 --> 00:02:48,800

stables to track down the nulls

63

00:02:46,959 --> 00:02:50,000

before they left cal showed up once

64

00:02:48,800 --> 00:02:52,720

again to wish them luck

65

00:02:50,000 --> 00:02:55,760

in finding their fugitive and gave arlo

66

00:02:52,720 --> 00:02:57,840

an item known as the wrangler's lasso

67

00:02:55,760 --> 00:02:59,920

after finding the boneyard the teams

68

00:02:57,840 --> 00:03:03,120

were ambushed by a large group

69

00:02:59,920 --> 00:03:07,200

of null witherlings reanimated

70

00:03:03,120 --> 00:03:08,879

undead remains of dead nose

71

00:03:07,200 --> 00:03:11,599

while many of the team members fought

72

00:03:08,879 --> 00:03:14,879

valiantly against the overwhelming odds

73

00:03:11,599 --> 00:03:17,120

the fight came to a swift end when arlo

74

00:03:14,879 --> 00:03:19,920

used his channel divinity to turn undead

75

00:03:17,120 --> 00:03:21,599

ending the fight instantly after

76

00:03:19,920 --> 00:03:22,800

tracking down emor and his giant

77

00:03:21,599 --> 00:03:24,560

gathering of knowles

78

00:03:22,800 --> 00:03:26,319

they saw that not only had his

79

00:03:24,560 --> 00:03:28,879

congregation grown

80

00:03:26,319 --> 00:03:30,560

but emor himself had become several

81

00:03:28,879 --> 00:03:32,159

sizes larger

82

00:03:30,560 --> 00:03:34,239

as the teams attempted to formulate a

83

00:03:32,159 --> 00:03:36,159

plan saith spoke out loud

84

00:03:34,239 --> 00:03:38,239

seemingly forgetting her own inability

85

00:03:36,159 --> 00:03:40,879

to lower the volume of her voice

86

00:03:38,239 --> 00:03:42,480

emore heard saith yell and howled into

87

00:03:40,879 --> 00:03:47,440

the desert winds

88

00:03:42,480 --> 00:03:50,640

and drove ours

89

00:03:47,440 --> 00:03:53,200

and thus we resume our

90

00:03:50,640 --> 00:03:53,200

tale

91

00:03:55,360 --> 00:04:01,519

so before we get into

92

00:03:58,400 --> 00:04:04,000

this whole situation let me

93

00:04:01,519 --> 00:04:05,040

break down for you exactly what the

94

00:04:04,000 --> 00:04:06,959

situation

95

00:04:05,040 --> 00:04:08,239

is so you guys know what you're getting

96

00:04:06,959 --> 00:04:11,439

yourselves into

97

00:04:08,239 --> 00:04:12,560

while emor and the nulls are aware that

98

00:04:11,439 --> 00:04:15,680

you guys are

99

00:04:12,560 --> 00:04:18,959

there they have not yet spotted you

100

00:04:15,680 --> 00:04:22,320

so technically you are hidden however

101

00:04:18,959 --> 00:04:25,520

they are all actively seeking you out

102

00:04:22,320 --> 00:04:26,000

as of right now you guys would be well

103

00:04:25,520 --> 00:04:29,919

hidden

104

00:04:26,000 --> 00:04:33,040

behind some rocks maybe about

105

00:04:29,919 --> 00:04:36,000

100 feet away it is

106

00:04:33,040 --> 00:04:36,800

still midday so it's decently well lit

107

00:04:36,000 --> 00:04:39,840

however

108

00:04:36,800 --> 00:04:41,759

because of the howling winds and the

109

00:04:39,840 --> 00:04:45,199

sands blowing about

110

00:04:41,759 --> 00:04:47,360

vision isn't necessarily ideal

111

00:04:45,199 --> 00:04:49,360

while we're here you guys can go ahead

112

00:04:47,360 --> 00:04:50,960

and roll me some initiative we're not

113

00:04:49,360 --> 00:04:53,759

gonna head into combat

114

00:04:50,960 --> 00:04:54,400

just yet though as again you guys have

115

00:04:53,759 --> 00:04:57,440

technically

116

00:04:54,400 --> 00:05:00,800

not yet been seen i got

117

00:04:57,440 --> 00:05:02,160

a dirty 20. of course you did same

118

00:05:00,800 --> 00:05:05,440

and i'm assuming saith has the higher

119

00:05:02,160 --> 00:05:09,360

decks uh yes

120

00:05:05,440 --> 00:05:11,759

out of 10. well you guys are

121

00:05:09,360 --> 00:05:13,360

currently there again they are actively

122

00:05:11,759 --> 00:05:15,120

seeking you out but have not yet been

123

00:05:13,360 --> 00:05:19,280

seen and you guys are technically not

124

00:05:15,120 --> 00:05:20,479

yet in combat so do as you will

125

00:05:19,280 --> 00:05:22,320

sniff get out there and tell them that

126

00:05:20,479 --> 00:05:25,440

we're not here

127

00:05:22,320 --> 00:05:26,880

what sniffs tell him it was just you and

128

00:05:25,440 --> 00:05:30,960

that no one else is here

129

00:05:26,880 --> 00:05:30,960

that you've just come back um

130

00:05:31,520 --> 00:05:35,759

i don't know if that's going to

131

00:05:34,320 --> 00:05:38,479

necessarily

132

00:05:35,759 --> 00:05:40,639

work he seems a little angrier than

133

00:05:38,479 --> 00:05:42,320

usual

134

00:05:40,639 --> 00:05:45,360

sniffs i'm sure that you'll be

135

00:05:42,320 --> 00:05:45,360

absolutely fine

136

00:05:45,680 --> 00:05:50,960

as you guys are having this conversation

137

00:05:48,479 --> 00:05:54,320

you start to notice something a little

138

00:05:50,960 --> 00:05:55,360

weird sniffs looks like she's getting

139

00:05:54,320 --> 00:05:58,240

taller

140

00:05:55,360 --> 00:06:00,479

uh-oh sniffs did you get uh yeah bigger

141

00:05:58,240 --> 00:06:03,120

you've been lifting what's going on

142

00:06:00,479 --> 00:06:05,199

no what do you and he looks down and

143

00:06:03,120 --> 00:06:07,440

your eyes follow his

144

00:06:05,199 --> 00:06:08,639

and you see he has not gotten taller

145

00:06:07,440 --> 00:06:10,650

he's floating

146

00:06:08,639 --> 00:06:12,319

oh uh

147

00:06:10,650 --> 00:06:15,360

[Music]

148

00:06:12,319 --> 00:06:18,000

i um

149

00:06:15,360 --> 00:06:19,520

this is new is it just sniffs floating

150

00:06:18,000 --> 00:06:21,840

yup it's just him

151

00:06:19,520 --> 00:06:22,560

yes you guys know that that scene in

152

00:06:21,840 --> 00:06:24,479

shrek

153

00:06:22,560 --> 00:06:28,880

where the donkey can fly and they're

154

00:06:24,479 --> 00:06:28,880

like he can fly he can fly he can talk

155

00:06:29,919 --> 00:06:33,199

yes that's like that's the reaction i'm

156

00:06:32,479 --> 00:06:35,039

just like

157

00:06:33,199 --> 00:06:37,199

wow he's smarter than we thought he was

158

00:06:35,039 --> 00:06:39,440

and now also he can fly

159

00:06:37,199 --> 00:06:40,720

sniffs puts his uh hands up to his chin

160

00:06:39,440 --> 00:06:44,479

and starts scratching like

161

00:06:40,720 --> 00:06:45,600

that's weird i've never been able to do

162

00:06:44,479 --> 00:06:48,319

that i wonder if it had something to do

163

00:06:45,600 --> 00:06:50,960

with me getting smart people fly

164

00:06:48,319 --> 00:06:51,599

yes sniffs you are the true leader of

165

00:06:50,960 --> 00:06:53,680

your pack

166

00:06:51,599 --> 00:06:55,280

go and claim your birth right now when

167

00:06:53,680 --> 00:06:57,120

tara you've noticed something a little

168

00:06:55,280 --> 00:06:59,440

bit weird about what just happened there

169

00:06:57,120 --> 00:07:02,720

aside from the obvious

170

00:06:59,440 --> 00:07:04,319

and because of your time with pendleton

171

00:07:02,720 --> 00:07:06,160

you realize that was telepathic

172

00:07:04,319 --> 00:07:07,710

communication and sniff's mouth did not

173

00:07:06,160 --> 00:07:09,120

move

174

00:07:07,710 --> 00:07:13,840

[Laughter]

175

00:07:09,120 --> 00:07:18,080

oh is sniff [__] psionic now

176

00:07:13,840 --> 00:07:19,759

i don't know [__] you yeah so

177

00:07:18,080 --> 00:07:22,160

when tara just kind of sticks a finger

178

00:07:19,759 --> 00:07:23,840

in the air and she looks at both of

179

00:07:22,160 --> 00:07:26,560

in between arlo and sniffs and she's

180

00:07:23,840 --> 00:07:28,319

just like arlo he didn't talk out loud

181

00:07:26,560 --> 00:07:30,720

that's that's in our heads it's like

182

00:07:28,319 --> 00:07:35,039

pendleton when he talks to me

183

00:07:30,720 --> 00:07:36,720

oh i don't like that fun fact by the way

184

00:07:35,039 --> 00:07:39,360

this is my way of letting safe

185

00:07:36,720 --> 00:07:42,720

participate in the conversation

186

00:07:39,360 --> 00:07:44,319

oh thank you you're welcome oh

187

00:07:42,720 --> 00:07:45,759

oh you guys have telepathic

188

00:07:44,319 --> 00:07:48,800

communication now you don't have to

189

00:07:45,759 --> 00:07:50,960

worry about being overheard anymore

190

00:07:48,800 --> 00:07:52,319

hey wait can you guys can you guys hear

191

00:07:50,960 --> 00:07:54,000

me right now

192

00:07:52,319 --> 00:07:55,680

oh my god is what you sound like in your

193

00:07:54,000 --> 00:07:59,840

brain

194

00:07:55,680 --> 00:08:01,440

uh yes i guess so

195

00:07:59,840 --> 00:08:03,039

oh my god that's so much better than

196

00:08:01,440 --> 00:08:05,680

your regular voice i mean

197

00:08:03,039 --> 00:08:07,840

your regular voice is fine frighten

198

00:08:05,680 --> 00:08:12,080

slaps you on the thigh and it's like

199

00:08:07,840 --> 00:08:14,879
nice again in his mind this is nice

200

00:08:12,080 --> 00:08:16,160
i like this yes but we still need to

201

00:08:14,879 --> 00:08:19,520
figure out something to do

202

00:08:16,160 --> 00:08:22,639
with um angry large man

203

00:08:19,520 --> 00:08:26,000
yes yes we do well

204

00:08:22,639 --> 00:08:29,520
maybe now that i can fly and

205

00:08:26,000 --> 00:08:33,039
um brain speak

206

00:08:29,520 --> 00:08:36,159
maybe i can talk even out of where is he

207

00:08:33,039 --> 00:08:39,440
um i mean i would probably

208

00:08:36,159 --> 00:08:42,640
follow the sound of the howling

209

00:08:39,440 --> 00:08:43,039
as you turn around to point this out you

210

00:08:42,640 --> 00:08:47,839

notice

211

00:08:43,039 --> 00:08:47,839

emor is not there oh

212

00:08:48,160 --> 00:08:52,399

that's not good all the other knolls are

213

00:08:50,800 --> 00:08:55,600

still around looking but the

214

00:08:52,399 --> 00:08:57,200

ginormous muscular one has disappeared

215

00:08:55,600 --> 00:08:58,640

from sight

216

00:08:57,200 --> 00:09:00,959

so how how close are we to the

217

00:08:58,640 --> 00:09:02,320

nightmares that we rode in on

218

00:09:00,959 --> 00:09:06,160

i don't know how close indies arrived

219

00:09:02,320 --> 00:09:08,320

with them i think we rode on them

220

00:09:06,160 --> 00:09:10,080

so i'd imagine that they're like i would

221

00:09:08,320 --> 00:09:10,800

imagine we're either sitting on them or

222

00:09:10,080 --> 00:09:14,320

like just like

223

00:09:10,800 --> 00:09:14,640

not very far from them how close are

224

00:09:14,320 --> 00:09:17,839

they

225

00:09:14,640 --> 00:09:18,720

between your thighs how close are those

226

00:09:17,839 --> 00:09:21,440

nightmares that we

227

00:09:18,720 --> 00:09:22,440

rode in on arlo you're sitting all right

228

00:09:21,440 --> 00:09:24,320

sorry peanut butter

229

00:09:22,440 --> 00:09:26,800

[Laughter]

230

00:09:24,320 --> 00:09:28,080

did you name it peanut butter serious

231

00:09:26,800 --> 00:09:30,000

peanut butter

232

00:09:28,080 --> 00:09:31,120

the horse like winnie's and it's like

233

00:09:30,000 --> 00:09:33,200

it's it's

234

00:09:31,120 --> 00:09:35,519

it's subtitles say my name is dark

235

00:09:33,200 --> 00:09:36,480

stalker peanut butter is my horse slave

236

00:09:35,519 --> 00:09:39,519

name

237

00:09:36,480 --> 00:09:42,560

oh my god

238

00:09:39,519 --> 00:09:44,480

i really can't with you today all right

239

00:09:42,560 --> 00:09:46,160

well that's the knolls are gonna find

240

00:09:44,480 --> 00:09:49,040

you guys if you don't do something

241

00:09:46,160 --> 00:09:51,120

all right i i um i mostly went out like

242

00:09:49,040 --> 00:09:52,080

well uh concerning that things have

243

00:09:51,120 --> 00:09:54,240

changed differently

244

00:09:52,080 --> 00:09:56,399

uh plan b while we try to sort things

245

00:09:54,240 --> 00:09:58,720

out tug your horses right here and tell

246

00:09:56,399 --> 00:10:01,279

them the gown

247

00:09:58,720 --> 00:10:02,720

what i'm i'm trying to in character

248

00:10:01,279 --> 00:10:03,839

think of a way that you would signal to

249

00:10:02,720 --> 00:10:06,320

it

250

00:10:03,839 --> 00:10:07,440

nightmare to gallop into the what is it

251

00:10:06,320 --> 00:10:09,440

the ethereal

252

00:10:07,440 --> 00:10:10,480

plane that they can do oh [__] that's

253

00:10:09,440 --> 00:10:11,600

the thing they can do i forgot about

254

00:10:10,480 --> 00:10:15,600

that

255

00:10:11,600 --> 00:10:16,079

yes sir nicely done and i took an entire

256

00:10:15,600 --> 00:10:19,279

month

257

00:10:16,079 --> 00:10:23,040

not reminding you okay

258

00:10:19,279 --> 00:10:24,079

so you guys travel into the ethereal

259

00:10:23,040 --> 00:10:26,880

plane

260

00:10:24,079 --> 00:10:28,399

on your nightmares you're able to bring

261

00:10:26,880 --> 00:10:30,640

everyone along with you

262

00:10:28,399 --> 00:10:32,000

so you guys the fun pals and sniffs are

263

00:10:30,640 --> 00:10:35,600

all with you

264

00:10:32,000 --> 00:10:38,640

everything looks roughly the same

265

00:10:35,600 --> 00:10:40,720

but muted

266

00:10:38,640 --> 00:10:43,360

almost as if the world has turned

267

00:10:40,720 --> 00:10:46,640

negative what was dark is now light

268

00:10:43,360 --> 00:10:48,320

and light is now dark everything has a

269

00:10:46,640 --> 00:10:51,360

sort of uh

270

00:10:48,320 --> 00:10:52,480

wispy after shadow that follows it with

271

00:10:51,360 --> 00:10:57,200

every movement

272

00:10:52,480 --> 00:11:00,399

that it makes and with it

273

00:10:57,200 --> 00:11:03,519

you now see hemor oh [__]

274

00:11:00,399 --> 00:11:05,120

he's in the ethereal play no but you're

275

00:11:03,519 --> 00:11:07,440

able to see him now

276

00:11:05,120 --> 00:11:09,120
that you're no longer bound to the

277

00:11:07,440 --> 00:11:13,600
material plane

278

00:11:09,120 --> 00:11:15,360
ooh okay he is moving

279

00:11:13,600 --> 00:11:17,360
not quite in your direction but more

280

00:11:15,360 --> 00:11:19,519
like in a roundabout way

281

00:11:17,360 --> 00:11:20,480
like he's basically trying to like

282

00:11:19,519 --> 00:11:23,279
circle around

283

00:11:20,480 --> 00:11:24,800
to where you guys are because he was the

284

00:11:23,279 --> 00:11:26,240
one who heard you so he has the best

285

00:11:24,800 --> 00:11:28,880
idea on where you guys are

286

00:11:26,240 --> 00:11:30,240
at he's not going super super fast but

287

00:11:28,880 --> 00:11:32,800

it also will not take him

288

00:11:30,240 --> 00:11:33,519

super long to get to you when tara looks

289

00:11:32,800 --> 00:11:36,560

over at arlo

290

00:11:33,519 --> 00:11:38,160

okay now what um this was about as far

291

00:11:36,560 --> 00:11:40,839

as i had planned out

292

00:11:38,160 --> 00:11:42,160

your ace in the hole i am quaking in my

293

00:11:40,839 --> 00:11:44,959

boots

294

00:11:42,160 --> 00:11:45,680

um but um i doubt very seriously he can

295

00:11:44,959 --> 00:11:49,200

get

296

00:11:45,680 --> 00:11:50,880

into here so um we've got time to figure

297

00:11:49,200 --> 00:11:54,480

something else out

298

00:11:50,880 --> 00:11:57,760

i mean we're essentially undetectable so

299

00:11:54,480 --> 00:11:59,920

while we're observing the area that

300

00:11:57,760 --> 00:12:00,800

is like that in between of the ethereal

301

00:11:59,920 --> 00:12:03,360

plane

302

00:12:00,800 --> 00:12:05,839

seeing into the material plane what does

303

00:12:03,360 --> 00:12:08,480

the rest of the graveyard look like

304

00:12:05,839 --> 00:12:10,000

unlike the ruins you guys were in before

305

00:12:08,480 --> 00:12:13,519

it's all pretty much

306

00:12:10,000 --> 00:12:14,320

like one not flat plane but like there's

307

00:12:13,519 --> 00:12:16,160

not

308

00:12:14,320 --> 00:12:17,760

further caverns in multiple levels

309

00:12:16,160 --> 00:12:20,079

anything like that it is

310

00:12:17,760 --> 00:12:20,880

effectively a two-dimensional space

311

00:12:20,079 --> 00:12:24,000

basically

312

00:12:20,880 --> 00:12:27,360

but there are rock formations that allow

313

00:12:24,000 --> 00:12:27,839

for natural like small ravines that you

314

00:12:27,360 --> 00:12:31,040

guys

315

00:12:27,839 --> 00:12:32,639

could move through undetected provided

316

00:12:31,040 --> 00:12:35,839

there's not a null that can just look

317

00:12:32,639 --> 00:12:39,680

down in it as well as several impromptu

318

00:12:35,839 --> 00:12:40,560

grave sites and several skeletal remains

319

00:12:39,680 --> 00:12:42,639

that don't

320

00:12:40,560 --> 00:12:44,639

appear to have been given the attention

321

00:12:42,639 --> 00:12:46,320

of a proper burial

322

00:12:44,639 --> 00:12:49,760

right now you guys are sort of on the

323

00:12:46,320 --> 00:12:52,320

outermost think of it like a ring

324

00:12:49,760 --> 00:12:53,040

where if you go in you'd have to sort of

325

00:12:52,320 --> 00:12:55,600

navigate

326

00:12:53,040 --> 00:12:57,440

across the different rock formations but

327

00:12:55,600 --> 00:12:58,480

there are ways you could hide while

328

00:12:57,440 --> 00:13:01,360

doing so

329

00:12:58,480 --> 00:13:02,320

and again there are some like fairly

330

00:13:01,360 --> 00:13:04,240

large

331

00:13:02,320 --> 00:13:06,160

grave sites that you could also hide

332

00:13:04,240 --> 00:13:06,880

behind so there's plenty of space for

333

00:13:06,160 --> 00:13:09,600

you to

334

00:13:06,880 --> 00:13:12,000

hide but there's not like any sort of

335

00:13:09,600 --> 00:13:14,639

caverns or tunnels you could use

336

00:13:12,000 --> 00:13:15,950

okay not naturally at least i think it

337

00:13:14,639 --> 00:13:17,440

would behoove us to

338

00:13:15,950 --> 00:13:20,399

[Music]

339

00:13:17,440 --> 00:13:22,160

like we can handle a lot of gnolls

340

00:13:20,399 --> 00:13:24,320

better we can handle a lot of knowles

341

00:13:22,160 --> 00:13:26,720

and also emore

342

00:13:24,320 --> 00:13:28,399
so maybe we should use this uh

343

00:13:26,720 --> 00:13:32,000
opportunity to

344

00:13:28,399 --> 00:13:33,440
um absolutely [__] more [__] up

345

00:13:32,000 --> 00:13:36,160
christine are we thinking about doing uh

346

00:13:33,440 --> 00:13:40,510
uh the jurassic world plan

347

00:13:36,160 --> 00:13:44,959
the jurassic world plan which one a or b

348

00:13:40,510 --> 00:13:47,680
[Music]

349

00:13:44,959 --> 00:13:49,440
the one that would involve blue if you

350

00:13:47,680 --> 00:13:50,959
uh we can go with that plant and i'll

351

00:13:49,440 --> 00:13:53,519
have my ravens to keep

352

00:13:50,959 --> 00:13:54,480
the um the crowd away like they'll

353

00:13:53,519 --> 00:13:57,040

surround

354

00:13:54,480 --> 00:13:58,079

the area around emor and keep the crowd

355

00:13:57,040 --> 00:14:00,880

away

356

00:13:58,079 --> 00:14:02,560

so order of operations like arlo gets

357

00:14:00,880 --> 00:14:04,399

out i'm probably just gonna hit him

358

00:14:02,560 --> 00:14:05,760

normal and then you guys do fancy stuff

359

00:14:04,399 --> 00:14:10,160

so probably like arlo

360

00:14:05,760 --> 00:14:10,160

christina and then uh safe

361

00:14:11,440 --> 00:14:16,000

hey there's um there's one more thing i

362

00:14:14,880 --> 00:14:19,440

want to tell you guys

363

00:14:16,000 --> 00:14:19,440

before we go back out there

364

00:14:19,839 --> 00:14:26,880

i'm sure you've both noticed that modi

365

00:14:23,120 --> 00:14:26,880

is missing another gemstone

366

00:14:27,040 --> 00:14:34,800

i was granted another boon

367

00:14:30,320 --> 00:14:38,000

and it was

368

00:14:34,800 --> 00:14:41,199

that i can bring anybody back

369

00:14:38,000 --> 00:14:44,560

from death and they will be as they are

370

00:14:41,199 --> 00:14:47,920

as they were when they passed

371

00:14:44,560 --> 00:14:47,920

what that means for today

372

00:14:48,959 --> 00:14:52,480

don't hold back but don't try to get

373

00:14:51,120 --> 00:14:56,560

yourselves killed either

374

00:14:52,480 --> 00:14:58,240

especially you arlo jeez you try to

375

00:14:56,560 --> 00:15:00,160

sacrifice yourself for the greater good

376

00:14:58,240 --> 00:15:02,079

once and not all of a sudden you're the

377

00:15:00,160 --> 00:15:06,000

guy who's gonna die

378

00:15:02,079 --> 00:15:06,000

i'm sorry excuse me what was that what

379

00:15:06,079 --> 00:15:10,880

i didn't say anything i more meant the

380

00:15:08,399 --> 00:15:12,079

fact that you already have two death

381

00:15:10,880 --> 00:15:14,320

rolls under your belt

382

00:15:12,079 --> 00:15:15,760

currently oh [__] yeah that is a thing

383

00:15:14,320 --> 00:15:17,279

would we know that would we be able to

384

00:15:15,760 --> 00:15:20,480

tell any difference

385

00:15:17,279 --> 00:15:22,560

no all right quick clarifying question

386

00:15:20,480 --> 00:15:24,720

just so that i know how this all works

387

00:15:22,560 --> 00:15:26,560

out are you guys doing anything while in

388

00:15:24,720 --> 00:15:28,000

the ethereal realm to like

389

00:15:26,560 --> 00:15:29,279

get a specific vantage point on him or

390

00:15:28,000 --> 00:15:30,639

you just bum rushing him and then going

391

00:15:29,279 --> 00:15:32,320

in that order

392

00:15:30,639 --> 00:15:33,680

is there like an advantageous position

393

00:15:32,320 --> 00:15:36,320

to attack him from

394

00:15:33,680 --> 00:15:38,720

uh as i said there is like you guys are

395

00:15:36,320 --> 00:15:40,480

like on the edge of like an upward

396

00:15:38,720 --> 00:15:42,160

uh rock formation so you could get high

397

00:15:40,480 --> 00:15:44,079

ground on him if you wanted

398

00:15:42,160 --> 00:15:45,199

um always go for the high ground high

399

00:15:44,079 --> 00:15:47,680

ground absolutely

400

00:15:45,199 --> 00:15:48,800

it's over anakin all three of you

401

00:15:47,680 --> 00:15:50,560

because it's not like

402

00:15:48,800 --> 00:15:52,560

wide enough to handle all three of you

403

00:15:50,560 --> 00:15:54,079

can like it'd be a little awkward if you

404

00:15:52,560 --> 00:15:57,199

guys did that and i'd probably

405

00:15:54,079 --> 00:15:59,440

like do something about that so i'll

406

00:15:57,199 --> 00:16:01,360

i'll go in and do fisticuffs we'll not

407

00:15:59,440 --> 00:16:04,880

fist the cups but i'll go in and

408

00:16:01,360 --> 00:16:08,560

mess them up winter and safe high ground

409

00:16:04,880 --> 00:16:11,360

arlo um getting in the mix okay

410

00:16:08,560 --> 00:16:12,320

here's what happens first safe and

411

00:16:11,360 --> 00:16:15,600

wintera

412

00:16:12,320 --> 00:16:19,199

roll me a stealth check please uh

413

00:16:15,600 --> 00:16:22,639

24 15.

414

00:16:19,199 --> 00:16:26,160

so saith winter as you two approach

415

00:16:22,639 --> 00:16:27,120

from up high arlo you the fun pals and

416

00:16:26,160 --> 00:16:29,519

sniffs

417

00:16:27,120 --> 00:16:30,480

i assume you're bringing them with you

418

00:16:29,519 --> 00:16:33,839

um yeah

419

00:16:30,480 --> 00:16:36,880

sure approach from the front

420

00:16:33,839 --> 00:16:41,440

and before you all can get into position

421

00:16:36,880 --> 00:16:45,360

somehow through the realms

422

00:16:41,440 --> 00:16:49,120

emor locks eyes on you arlo

423

00:16:45,360 --> 00:16:52,240

and howls as you are all

424

00:16:49,120 --> 00:16:52,720

forcibly brought back into the material

425

00:16:52,240 --> 00:16:55,839

plane

426

00:16:52,720 --> 00:16:59,199

prematurely rude

427

00:16:55,839 --> 00:17:01,600

saith you did not get seen you

428

00:16:59,199 --> 00:17:02,880

may have a surprise around everyone else

429

00:17:01,600 --> 00:17:06,160

not so much

430

00:17:02,880 --> 00:17:11,039

cool all right um

431

00:17:06,160 --> 00:17:13,600

i'm going to enact my ravens

432

00:17:11,039 --> 00:17:14,799

all right cool can you read that if you

433

00:17:13,600 --> 00:17:16,720

have that pulled up can you read that

434

00:17:14,799 --> 00:17:18,319

for me so i can remember how that works

435

00:17:16,720 --> 00:17:19,919

also just in case you guys are curious

436

00:17:18,319 --> 00:17:20,480

he has true sight which is how he saw

437

00:17:19,919 --> 00:17:24,640

you

438

00:17:20,480 --> 00:17:27,199

i'm so stupid what i forgot to use my

439

00:17:24,640 --> 00:17:28,000

my dinosaur land advantage on that

440

00:17:27,199 --> 00:17:30,240

stealth roll

441

00:17:28,000 --> 00:17:32,320

um i'll let you reroll that since

442

00:17:30,240 --> 00:17:34,000

nothing has happened yet

443

00:17:32,320 --> 00:17:35,600

that's a nat 20. what does that

444

00:17:34,000 --> 00:17:37,120

translate to because i think you may

445

00:17:35,600 --> 00:17:39,679

have forgotten how i do that

446

00:17:37,120 --> 00:17:41,200

26. okay you both get your surprise

447

00:17:39,679 --> 00:17:43,919

round

448

00:17:41,200 --> 00:17:46,559

um so the language on flock uh mark of

449

00:17:43,919 --> 00:17:49,360

the flock is a tattoo that resembles an

450

00:17:46,559 --> 00:17:51,280

unkindness of ravens taking flight as

451

00:17:49,360 --> 00:17:52,720

one the wearer may activate this tattoo

452

00:17:51,280 --> 00:17:55,919

as an action

453

00:17:52,720 --> 00:17:59,280

causing an unkindness of ravens to

454

00:17:55,919 --> 00:18:01,200

unleash from the wearer's tattooed area

455

00:17:59,280 --> 00:18:02,720

okay so what are you having them do just

456

00:18:01,200 --> 00:18:03,840

attack him or do you want to try and do

457

00:18:02,720 --> 00:18:07,600

something else with them

458

00:18:03,840 --> 00:18:12,160

so i'm gonna actually have them surround

459

00:18:07,600 --> 00:18:15,360

arlo and basically act as like

460

00:18:12,160 --> 00:18:18,400

a shield huh

461

00:18:15,360 --> 00:18:21,760

okay interesting

462

00:18:18,400 --> 00:18:22,559

and winter um when tara we're going with

463

00:18:21,760 --> 00:18:26,400

blue right

464

00:18:22,559 --> 00:18:29,600

that's a plan yep yes when tara

465

00:18:26,400 --> 00:18:32,559

lets out a threatening screech of a

466

00:18:29,600 --> 00:18:32,559

velociraptor

467

00:18:34,400 --> 00:18:40,640

oh it's been too long

468

00:18:35,960 --> 00:18:42,880

[Laughter]

469

00:18:40,640 --> 00:18:43,679

there's eight of them with pack tactics

470

00:18:42,880 --> 00:18:45,520

sorry what

471

00:18:43,679 --> 00:18:47,360

there's eight of them with pack tactics

472

00:18:45,520 --> 00:18:49,600

that i'd like to surround emor

473

00:18:47,360 --> 00:18:51,679

and guess what they have as well as pack

474

00:18:49,600 --> 00:18:54,320

tactics jordan

475

00:18:51,679 --> 00:18:54,320

multi-attack

476

00:18:54,960 --> 00:18:57,840

well let's see if you can whittle down

477

00:18:56,320 --> 00:18:58,320

this big boy with true sight which

478

00:18:57,840 --> 00:19:02,400

should be

479

00:18:58,320 --> 00:19:05,600

telling would you like me to go

480

00:19:02,400 --> 00:19:07,440

off of average for them or roll for them

481

00:19:05,600 --> 00:19:09,039

no i really want to break your spirits

482

00:19:07,440 --> 00:19:12,799

roll each one

483

00:19:09,039 --> 00:19:16,400

okay um first one

484

00:19:12,799 --> 00:19:20,320

does a 16 hit no

485

00:19:16,400 --> 00:19:23,600

second attack for the first boy does a

486

00:19:20,320 --> 00:19:24,000

22 hit yes okay so the second attack for

487

00:19:23,600 --> 00:19:27,600

the first

488

00:19:24,000 --> 00:19:29,440

boy is a claws attack for slashing

489

00:19:27,600 --> 00:19:32,480

and it's magical slashing because it's

490

00:19:29,440 --> 00:19:34,799

my summon all righty then nice

491

00:19:32,480 --> 00:19:35,679

boy two gets a nat 20 to hit on his

492

00:19:34,799 --> 00:19:38,160

first attack

493

00:19:35,679 --> 00:19:39,760

all right so he crits so uh that's a

494

00:19:38,160 --> 00:19:42,320

byte and the average is

495

00:19:39,760 --> 00:19:43,919

five uh it says the total it could do is

496

00:19:42,320 --> 00:19:46,880

one d6 plus two

497

00:19:43,919 --> 00:19:48,320

that would be 13 damage does a non-nat

498

00:19:46,880 --> 00:19:51,440

20 hit

499

00:19:48,320 --> 00:19:54,160

yes okay then um that's

500

00:19:51,440 --> 00:19:55,039

another four magical slashing on his

501

00:19:54,160 --> 00:19:58,080

second attack

502

00:19:55,039 --> 00:20:00,240

on third boy's attack that's a

503

00:19:58,080 --> 00:20:01,200

another 16 which misses for his first

504

00:20:00,240 --> 00:20:03,679

attack

505

00:20:01,200 --> 00:20:04,400

and another 16 which misses so third boy

506

00:20:03,679 --> 00:20:07,840

misses

507

00:20:04,400 --> 00:20:11,440

boy four 17 misses

508

00:20:07,840 --> 00:20:14,320

okay first attack second attack

509

00:20:11,440 --> 00:20:15,280

non-nat 20 which hits so it's another

510

00:20:14,320 --> 00:20:18,960

four

511

00:20:15,280 --> 00:20:22,400

magical slashing for him girl five

512

00:20:18,960 --> 00:20:23,840

seventeen misses attack two non not

513

00:20:22,400 --> 00:20:25,760

twenty those are both sixteens so

514

00:20:23,840 --> 00:20:29,760

another magical four

515

00:20:25,760 --> 00:20:32,320

okay six uh that misses

516

00:20:29,760 --> 00:20:33,280

and that misses so girl six hit misses

517

00:20:32,320 --> 00:20:36,320

seven

518

00:20:33,280 --> 00:20:39,679
seven gets a uh 23 to hit

519

00:20:36,320 --> 00:20:43,039
for her first attack so that's five

520

00:20:39,679 --> 00:20:47,520
magical piercing followed by

521

00:20:43,039 --> 00:20:50,960
a 22 of magical for slashing

522

00:20:47,520 --> 00:20:53,600
and this is girl eight uh 21 to hit

523

00:20:50,960 --> 00:20:54,640
five magical piercing followed by

524

00:20:53,600 --> 00:20:58,000
another crit

525

00:20:54,640 --> 00:21:00,640
um which for the claws is a d4 plus

526

00:20:58,000 --> 00:21:01,440
two whichever just a four so that'd be

527

00:21:00,640 --> 00:21:05,440
ten

528

00:21:01,440 --> 00:21:07,520
cool he looks mildly annoyed

529

00:21:05,440 --> 00:21:09,440

now question for you because

530

00:21:07,520 --> 00:21:11,679

velociraptors have pack tactics

531

00:21:09,440 --> 00:21:13,600

and they screed would more velociraptors

532

00:21:11,679 --> 00:21:16,080

from the area assume that there's food

533

00:21:13,600 --> 00:21:18,080

involved and come running into the area

534

00:21:16,080 --> 00:21:19,760

i am not putting that many creatures in

535

00:21:18,080 --> 00:21:21,760

this fight there's already more than i

536

00:21:19,760 --> 00:21:24,400

can handle likely abso

537

00:21:21,760 --> 00:21:25,440

[__] lutely not that is not a logical

538

00:21:24,400 --> 00:21:28,880

reason to say no

539

00:21:25,440 --> 00:21:30,080

no but i'm the dm so [__] you that's the

540

00:21:28,880 --> 00:21:32,320

laziest reason to say

541

00:21:30,080 --> 00:21:34,240

no i'm just saying they have tactics

542

00:21:32,320 --> 00:21:35,760

they're pack animals if a velociraptor

543

00:21:34,240 --> 00:21:36,480

nearby heard hey there's food in the

544

00:21:35,760 --> 00:21:38,080

area they saw

545

00:21:36,480 --> 00:21:39,679

a bunch of velociraptors attacking

546

00:21:38,080 --> 00:21:43,039

something i said

547

00:21:39,679 --> 00:21:45,200

no i'm not allowing this nonsense that's

548

00:21:43,039 --> 00:21:48,559

too much

549

00:21:45,200 --> 00:21:51,840

okay so that was my action and

550

00:21:48,559 --> 00:21:52,640

um is my cow an action or a bonus action

551

00:21:51,840 --> 00:21:56,400

jordan

552

00:21:52,640 --> 00:21:59,440

bonus action i'm gonna go ahead and

553

00:21:56,400 --> 00:22:01,679

throw up my my periton cowl

554

00:21:59,440 --> 00:22:03,120

all right all right double my movement

555

00:22:01,679 --> 00:22:05,360

speed and so i don't get after

556

00:22:03,120 --> 00:22:07,200

i don't prompt opportunity i get flyby

557

00:22:05,360 --> 00:22:09,520

is that it for your turn or your

558

00:22:07,200 --> 00:22:10,240

sneak attack or whatever yeah that's for

559

00:22:09,520 --> 00:22:13,280

my surprise

560

00:22:10,240 --> 00:22:13,600

all right and with that we are finally

561

00:22:13,280 --> 00:22:17,120

in

562

00:22:13,600 --> 00:22:19,039

initiative proper top of the order safe

563

00:22:17,120 --> 00:22:20,400

i'm gonna fire on the big boy with my

564

00:22:19,039 --> 00:22:23,679

crossbow

565

00:22:20,400 --> 00:22:26,000

all right go ahead and roll to hit

566

00:22:23,679 --> 00:22:27,600

oh are you using any special shot oh

567

00:22:26,000 --> 00:22:28,480

you're right i do have special ammo hang

568

00:22:27,600 --> 00:22:30,880

on

569

00:22:28,480 --> 00:22:32,159

so many options what is a girl to do

570

00:22:30,880 --> 00:22:33,200

this is technically your fault jordan

571

00:22:32,159 --> 00:22:34,240

you're the one that gave all these

572

00:22:33,200 --> 00:22:37,679

things to us

573

00:22:34,240 --> 00:22:40,480

i know okay so guys i can do poison

574

00:22:37,679 --> 00:22:42,640

blindness confusion entanglement or

575

00:22:40,480 --> 00:22:44,080

paralysis with my crossbow

576

00:22:42,640 --> 00:22:46,480

he has true sight so blindness won't

577

00:22:44,080 --> 00:22:48,400

help entanglement would be pretty dope

578

00:22:46,480 --> 00:22:50,080

entanglement he's restrained for one

579

00:22:48,400 --> 00:22:52,240

hour okay

580

00:22:50,080 --> 00:22:53,120

so we'll do that then i will fire with

581

00:22:52,240 --> 00:22:56,960

entanglement

582

00:22:53,120 --> 00:23:00,000

all right roll the hit holy [__]

583

00:22:56,960 --> 00:23:02,720

that was a natural 20. why am i

584

00:23:00,000 --> 00:23:03,919

not surprised because [__] you it's my

585

00:23:02,720 --> 00:23:06,799

blood dice

586

00:23:03,919 --> 00:23:08,000

why do you even roll god i don't even

587

00:23:06,799 --> 00:23:11,120

know man i don't

588

00:23:08,000 --> 00:23:14,159

even know anymore

589

00:23:11,120 --> 00:23:15,760

well you're damaged 12. so that's an

590

00:23:14,159 --> 00:23:18,960

extra 10 damage you did to him

591

00:23:15,760 --> 00:23:22,000

so 22 damage is the correct number so

592

00:23:18,960 --> 00:23:24,799

you fire this bolt and as soon as it

593

00:23:22,000 --> 00:23:28,159

hits not only does it hit him like

594

00:23:24,799 --> 00:23:30,559

upsettingly close to where the

595

00:23:28,159 --> 00:23:31,520

crystal embedded in his chest is which

596

00:23:30,559 --> 00:23:34,799

seems to cause him

597

00:23:31,520 --> 00:23:37,039

an obscene amount of harm vines

598

00:23:34,799 --> 00:23:39,440

immediately grow out and root into the

599

00:23:37,039 --> 00:23:41,440

ground wrapping themselves around him

600

00:23:39,440 --> 00:23:44,480

he more struggles valiantly but is

601

00:23:41,440 --> 00:23:44,480

unable to do anything

602

00:23:47,600 --> 00:23:53,679

all right i'm gonna use a bonus action

603

00:23:49,840 --> 00:23:53,679

to hide roll me that cell check

604

00:23:53,720 --> 00:23:59,440

25 i mean yeah

605

00:23:57,630 --> 00:24:02,400

[Laughter]

606

00:23:59,440 --> 00:24:04,400

i'm back in the ethereal plane yeah no

607

00:24:02,400 --> 00:24:06,799

not not that ethereal

608

00:24:04,400 --> 00:24:07,679

i'm back in the ethanol plane back in

609

00:24:06,799 --> 00:24:11,520

that there are

610

00:24:07,679 --> 00:24:11,840

ethero plane all right that is going to

611

00:24:11,520 --> 00:24:14,880

be

612

00:24:11,840 --> 00:24:17,039

tara's turn okay

613

00:24:14,880 --> 00:24:18,799

should i should i bring zel out now guys

614

00:24:17,039 --> 00:24:22,240

or should i wait oh no like

615

00:24:18,799 --> 00:24:24,880

like [__] [__] do it do it to him

616

00:24:22,240 --> 00:24:26,480

all right i'd like to throw the spear

617

00:24:24,880 --> 00:24:28,960

and jump off this

618

00:24:26,480 --> 00:24:29,520

horrible horrible nightmare onto zao's

619

00:24:28,960 --> 00:24:31,679

back as

620

00:24:29,520 --> 00:24:32,799

al is as being summoned you look back

621

00:24:31,679 --> 00:24:35,919

and the nightmare looks

622

00:24:32,799 --> 00:24:38,799

sad oh no it's like

623

00:24:35,919 --> 00:24:40,559

dropping it's like dropping yoshi over

624

00:24:38,799 --> 00:24:42,400

over a pool of water

625

00:24:40,559 --> 00:24:43,919

not like she killed the horse the horse

626

00:24:42,400 --> 00:24:46,320

dies it's weird

627

00:24:43,919 --> 00:24:47,710

he dies of a broken heart he burst into

628

00:24:46,320 --> 00:24:49,919

flames weird

629

00:24:47,710 --> 00:24:52,720

[Laughter]

630

00:24:49,919 --> 00:24:54,559

so how are we looking on the front of

631

00:24:52,720 --> 00:24:57,840

the other creatures in the area

632

00:24:54,559 --> 00:25:00,240

outside of him they are all beelining it

633

00:24:57,840 --> 00:25:01,760

towards the angry howling vascular

634

00:25:00,240 --> 00:25:03,120

monster that you guys are currently

635

00:25:01,760 --> 00:25:04,880

fighting they will likely be able to

636

00:25:03,120 --> 00:25:08,000

make it on their turn

637

00:25:04,880 --> 00:25:10,320

okay i'd like to send four

638

00:25:08,000 --> 00:25:11,200

of my velociraptors to go in their

639

00:25:10,320 --> 00:25:14,480
direction

640

00:25:11,200 --> 00:25:17,840
and i want to

641

00:25:14,480 --> 00:25:20,480
have me and zal

642

00:25:17,840 --> 00:25:21,440
because i'm on zell's back dive attack

643

00:25:20,480 --> 00:25:24,240
at him

644

00:25:21,440 --> 00:25:24,559
okay and it's a bite dive attack and

645

00:25:24,240 --> 00:25:27,120
then

646

00:25:24,559 --> 00:25:29,200
that will go back up in the air this is

647

00:25:27,120 --> 00:25:31,120
just zell doing it right

648

00:25:29,200 --> 00:25:33,200
yes okay just wanna make sure you're not

649

00:25:31,120 --> 00:25:36,480
gonna try and pull some nonsense on me

650

00:25:33,200 --> 00:25:39,520

non nat 20 yeah okay so

651

00:25:36,480 --> 00:25:43,120

he his dive attack jordan gets an extra

652

00:25:39,520 --> 00:25:45,600

10 to the target 10 damage 10 damage and

653

00:25:43,120 --> 00:25:47,200

it's an average of 12 so it's 22 damage

654

00:25:45,600 --> 00:25:49,840

for his dive attack before he goes back

655

00:25:47,200 --> 00:25:52,320

up in the air and then

656

00:25:49,840 --> 00:25:53,039

i'd like my other four babies to attack

657

00:25:52,320 --> 00:25:57,279

him as well

658

00:25:53,039 --> 00:26:00,159

so velociraptor one gets a 21 to hit

659

00:25:57,279 --> 00:26:01,279

for his first attack so it's five

660

00:26:00,159 --> 00:26:04,960

magical piercing

661

00:26:01,279 --> 00:26:08,080
second attack is a natural 20 so

662

00:26:04,960 --> 00:26:11,200
10 cr 10 crit uh so then second boy

663

00:26:08,080 --> 00:26:14,320
um gets an 18 to hit that hits

664

00:26:11,200 --> 00:26:17,760
okay so first uh bite is five

665

00:26:14,320 --> 00:26:20,640
magical piercing uh second attack is

666

00:26:17,760 --> 00:26:21,760
a 22 so it's four magical slashing and

667

00:26:20,640 --> 00:26:24,320
boy four

668

00:26:21,760 --> 00:26:26,240
is another 22 for the first attack so

669

00:26:24,320 --> 00:26:26,720
five magical piercing followed by

670

00:26:26,240 --> 00:26:30,080
another

671

00:26:26,720 --> 00:26:30,960
critical hit of 10 slashing magical

672

00:26:30,080 --> 00:26:33,440

damage

673

00:26:30,960 --> 00:26:34,080

and then the other four are going to

674

00:26:33,440 --> 00:26:35,760

attack

675

00:26:34,080 --> 00:26:37,679

i'll have two attack one knoll and two

676

00:26:35,760 --> 00:26:39,200

attack another null

677

00:26:37,679 --> 00:26:41,440

okay i'm only going to ask this because

678

00:26:39,200 --> 00:26:44,720

there are multiple kinds of

679

00:26:41,440 --> 00:26:48,000

nulls you see several nulls

680

00:26:44,720 --> 00:26:50,799

10 in total writing towards you on these

681

00:26:48,000 --> 00:26:52,320

weird wolf-like creatures that have

682

00:26:50,799 --> 00:26:56,320

scorpion tails

683

00:26:52,320 --> 00:26:57,520

and you see two other ones that are not

684

00:26:56,320 --> 00:27:00,400

on them that are

685

00:26:57,520 --> 00:27:01,679

trailing behind a fair amount uh that

686

00:27:00,400 --> 00:27:05,120

appear to be holding

687

00:27:01,679 --> 00:27:07,039

stabs like some sort of a voodoo

688

00:27:05,120 --> 00:27:09,600

type deal and then there's also just a

689

00:27:07,039 --> 00:27:11,600

bunch that are wielding bows but they do

690

00:27:09,600 --> 00:27:13,520

not appear to be moving quite as much so

691

00:27:11,600 --> 00:27:15,440

which one of those do you want to hit

692

00:27:13,520 --> 00:27:16,880

uh of the ones that are on the weird

693

00:27:15,440 --> 00:27:18,320

wolf scorpion creatures

694

00:27:16,880 --> 00:27:20,000

two of them look stronger than the

695

00:27:18,320 --> 00:27:22,960

others uh

696

00:27:20,000 --> 00:27:24,799

those two i'll say that from from my

697

00:27:22,960 --> 00:27:25,679

ridiculous vantage point in the sky at

698

00:27:24,799 --> 00:27:28,640

the moment

699

00:27:25,679 --> 00:27:29,600

that i spot them and i go those ones

700

00:27:28,640 --> 00:27:32,799

guys

701

00:27:29,600 --> 00:27:36,000

alright so first group of two

702

00:27:32,799 --> 00:27:36,559

first attack nat 20 on the first hit so

703

00:27:36,000 --> 00:27:39,600

13

704

00:27:36,559 --> 00:27:42,080

is the crit damage um magical piercing

705

00:27:39,600 --> 00:27:42,880

second one attack or the second attack

706

00:27:42,080 --> 00:27:46,240

of the first one

707

00:27:42,880 --> 00:27:47,200

is a 21 to hit yeah this is the second

708

00:27:46,240 --> 00:27:49,679

attack of the first one

709

00:27:47,200 --> 00:27:51,279

uh so that's the claw attack so that's

710

00:27:49,679 --> 00:27:54,399

for magical slashing

711

00:27:51,279 --> 00:27:57,039

and then boy two is a 18

712

00:27:54,399 --> 00:27:57,679

hits okay that's the five magical

713

00:27:57,039 --> 00:28:01,200

piercing

714

00:27:57,679 --> 00:28:03,200

followed by a 15 hits

715

00:28:01,200 --> 00:28:05,360

okay and that's the four slashing so

716

00:28:03,200 --> 00:28:08,240

that's first group and then second group

717

00:28:05,360 --> 00:28:10,399

first boy uh crits on his first attack

718

00:28:08,240 --> 00:28:12,880

so that's the 13 magical piercing

719

00:28:10,399 --> 00:28:13,600

non-nat 20 for the second attack so

720

00:28:12,880 --> 00:28:16,240

that's

721

00:28:13,600 --> 00:28:17,039

four magical slashing second of the

722

00:28:16,240 --> 00:28:20,240

second group

723

00:28:17,039 --> 00:28:21,360

is a 23 to hit which is five magical

724

00:28:20,240 --> 00:28:24,880

piercing

725

00:28:21,360 --> 00:28:28,240

and 15 which i think you said hits yeah

726

00:28:24,880 --> 00:28:30,000

uh so that's the magical four slashing

727

00:28:28,240 --> 00:28:31,360

they're not looking great they didn't

728

00:28:30,000 --> 00:28:33,840

like being mulled by dinosaurs as it

729

00:28:31,360 --> 00:28:33,840

turns out

730

00:28:34,799 --> 00:28:38,240

is that going to be it for you that's

731

00:28:37,279 --> 00:28:40,720

all i can do

732

00:28:38,240 --> 00:28:43,840

right the second that i want to do

733

00:28:40,720 --> 00:28:47,840

that's it for your half hour turn

734

00:28:43,840 --> 00:28:49,679

of ridiculous damage yes okay

735

00:28:47,840 --> 00:28:50,960

those guys that were attacked are now

736

00:28:49,679 --> 00:28:55,360

going to

737

00:28:50,960 --> 00:28:57,600

make their attacks on your dinosaurs

738

00:28:55,360 --> 00:29:00,480

uh first attack misses second attack

739

00:28:57,600 --> 00:29:02,399

misses real hard that die is fired

740

00:29:00,480 --> 00:29:03,600

no keep using that one jordan that was a

741

00:29:02,399 --> 00:29:05,360

two and a one

742

00:29:03,600 --> 00:29:06,960

oh definitely keep using that one

743

00:29:05,360 --> 00:29:08,559

especially for emor

744

00:29:06,960 --> 00:29:12,640

that die is also fired that was a one

745

00:29:08,559 --> 00:29:14,720

and a two

746

00:29:12,640 --> 00:29:16,320

okay wow these guys suck [__] the

747

00:29:14,720 --> 00:29:18,480

velociraptors are over there just like

748

00:29:16,320 --> 00:29:20,960

dodging back and forth taunting them

749

00:29:18,480 --> 00:29:22,159

just having a blast i feel like they're

750

00:29:20,960 --> 00:29:23,919

like high-fiving and

751

00:29:22,159 --> 00:29:25,919

like chest bumping each other just like

752

00:29:23,919 --> 00:29:27,440

just like high-tailing it because they

753

00:29:25,919 --> 00:29:28,799

have the little long pointy tails that

754

00:29:27,440 --> 00:29:29,760

stick up in the air so they're just like

755

00:29:28,799 --> 00:29:33,520

yeah like

756

00:29:29,760 --> 00:29:33,520

like a tail high five yep

757

00:29:34,080 --> 00:29:40,640

so the two that were

758

00:29:37,679 --> 00:29:41,520

the more magicky looking ones they run

759

00:29:40,640 --> 00:29:43,840

up

760

00:29:41,520 --> 00:29:45,120

as far as they can they're not quite

761

00:29:43,840 --> 00:29:48,080

able to get like within

762

00:29:45,120 --> 00:29:48,799

melee range however they are in casting

763

00:29:48,080 --> 00:29:52,240

range

764

00:29:48,799 --> 00:29:56,159

and they will both cast erupting

765

00:29:52,240 --> 00:29:58,159

earth into space in front of emor

766

00:29:56,159 --> 00:29:59,600

i will say because of how true sight

767

00:29:58,159 --> 00:30:01,440

worked this will only affect the

768

00:29:59,600 --> 00:30:02,559

velociraptors arlo you did not have a

769

00:30:01,440 --> 00:30:04,159

chance to get close enough before you

770

00:30:02,559 --> 00:30:05,200

got dragged out of the ethereal plane

771

00:30:04,159 --> 00:30:08,240

because he saw you

772

00:30:05,200 --> 00:30:09,279

ironically emor's bloodlust kind of bit

773

00:30:08,240 --> 00:30:12,640

him in the ass there

774

00:30:09,279 --> 00:30:12,640

and also some dinosaurs

775

00:30:12,799 --> 00:30:16,159

well the dinosaurs need to make

776

00:30:14,720 --> 00:30:19,279

dexterity saving throws

777

00:30:16,159 --> 00:30:23,279

four of them do at least boy one

778

00:30:19,279 --> 00:30:25,279

gets an 18 2 gets an 18

779

00:30:23,279 --> 00:30:26,399

3 gets a not 20 but that translates to a

780

00:30:25,279 --> 00:30:29,279

22

781

00:30:26,399 --> 00:30:30,000

and 4 gets a 12 so probably fails that

782

00:30:29,279 --> 00:30:33,600

one

783

00:30:30,000 --> 00:30:36,559

yes uh so that

784

00:30:33,600 --> 00:30:37,200

one will take 21 points of bludgeoning

785

00:30:36,559 --> 00:30:39,600

damage

786

00:30:37,200 --> 00:30:40,559

that one just poofs it's just it it

787

00:30:39,600 --> 00:30:43,760

poofs into

788

00:30:40,559 --> 00:30:46,080

sad purple magic of dinosaur dust

789

00:30:43,760 --> 00:30:47,120

the other ones take 10 bludgeoning

790

00:30:46,080 --> 00:30:50,880

damage

791

00:30:47,120 --> 00:30:53,279

and now the ground around emory is

792

00:30:50,880 --> 00:30:54,240

a difficult terrain my other three are

793

00:30:53,279 --> 00:30:56,399

still standing

794

00:30:54,240 --> 00:30:57,360

next up is going to be the other knolls

795

00:30:56,399 --> 00:30:58,480

that are ragging and they're going to

796

00:30:57,360 --> 00:31:02,000

try and uh

797

00:30:58,480 --> 00:31:04,960

help their shiggy shiggy bosses from not

798

00:31:02,000 --> 00:31:06,559

dying a horrible dinosaur related death

799

00:31:04,960 --> 00:31:07,200

okay there we go that's a double digit

800

00:31:06,559 --> 00:31:11,200

roll

801

00:31:07,200 --> 00:31:14,080

does a 17 hit

802

00:31:11,200 --> 00:31:15,360

oh yeah the first one that was attacking

803

00:31:14,080 --> 00:31:18,799

the other knolls

804

00:31:15,360 --> 00:31:20,559

takes six points of damage oh i'm sorry

805

00:31:18,799 --> 00:31:22,159

five points of damage i said that wrong

806

00:31:20,559 --> 00:31:24,159

that one misses

807

00:31:22,159 --> 00:31:25,440

that one hits another five damage on

808

00:31:24,159 --> 00:31:28,559

we'll say the second one

809

00:31:25,440 --> 00:31:29,440

does a 12 hit it does not no one misses

810

00:31:28,559 --> 00:31:31,919

all right

811

00:31:29,440 --> 00:31:33,840

17 hits third one takes five damage

812

00:31:31,919 --> 00:31:35,760

there's a 16 hit

813

00:31:33,840 --> 00:31:37,039

fourth one takes five damage and that's

814

00:31:35,760 --> 00:31:40,000

all the damage they take

815

00:31:37,039 --> 00:31:41,200

now the archers are going to shoot at

816

00:31:40,000 --> 00:31:43,200

we'll say their best vantage point would

817

00:31:41,200 --> 00:31:44,640

be on you when tara since faith is

818

00:31:43,200 --> 00:31:45,039

successfully hidden and everyone else is

819

00:31:44,640 --> 00:31:47,919

behind

820

00:31:45,039 --> 00:31:49,200

how high can their sh their shots go

821

00:31:47,919 --> 00:31:53,039

they are long bows

822

00:31:49,200 --> 00:31:54,559

okay so far enough would zell take the

823

00:31:53,039 --> 00:31:55,519

hit before i do though because i'm on

824

00:31:54,559 --> 00:31:57,840

zal's back

825

00:31:55,519 --> 00:31:59,440

yes uh did they like procure the long

826

00:31:57,840 --> 00:32:00,880

balls themselves or did imore give them

827

00:31:59,440 --> 00:32:02,399

the long bows

828

00:32:00,880 --> 00:32:03,919

cause i mean if like emor gave them the

829

00:32:02,399 --> 00:32:06,490

long balls and they're really more like

830

00:32:03,919 --> 00:32:10,490

dong bows am i right

831

00:32:06,490 --> 00:32:10,490

[Laughter]

832

00:32:11,120 --> 00:32:15,840

i'm gonna keep trying to kill your wife

833

00:32:12,480 --> 00:32:15,840

thank you

834

00:32:17,120 --> 00:32:22,240

does the 15 hit xall 15 hit zell

835

00:32:20,159 --> 00:32:23,200

okay uh he takes five points of piercing

836

00:32:22,240 --> 00:32:25,840

damage that's

837

00:32:23,200 --> 00:32:27,360

that one that one hits another five how

838

00:32:25,840 --> 00:32:31,679

many of these archers are there jordan

839

00:32:27,360 --> 00:32:36,080

there's eight and you got hit by two

840

00:32:31,679 --> 00:32:38,880

and with that it's emora's turn

841

00:32:36,080 --> 00:32:40,000

emor continues to struggle against it

842

00:32:38,880 --> 00:32:43,600

but is otherwise

843

00:32:40,000 --> 00:32:46,720

unable to escape and then

844

00:32:43,600 --> 00:32:50,000

in a loud blood-curdling roar

845

00:32:46,720 --> 00:32:51,120

he vanishes and the vines fall and he

846

00:32:50,000 --> 00:32:54,320

shows up

847

00:32:51,120 --> 00:32:55,279

right in front of you arlo what's up

848

00:32:54,320 --> 00:32:58,320

peter lord

849

00:32:55,279 --> 00:33:00,880

i'm going to paint my walls with your

850

00:32:58,320 --> 00:33:02,000

blood

851

00:33:00,880 --> 00:33:03,519

actually i don't have a response for

852

00:33:02,000 --> 00:33:04,960

that one that's a pretty good one he

853

00:33:03,519 --> 00:33:06,080

says nothing and just stares angrily

854

00:33:04,960 --> 00:33:08,080

because that was his full action

855

00:33:06,080 --> 00:33:11,120

[Laughter]

856

00:33:08,080 --> 00:33:13,600

that was his full action he cast a spell

857

00:33:11,120 --> 00:33:14,960

oh [__] yeah i'm not going to cheat i'd

858

00:33:13,600 --> 00:33:16,159

love to smack the dog [__] out of you

859

00:33:14,960 --> 00:33:20,240

but i play fair

860

00:33:16,159 --> 00:33:23,200

this time it's sniff's turn yay

861

00:33:20,240 --> 00:33:24,080

boy why are so many people this goddamn

862

00:33:23,200 --> 00:33:25,519

initiative

863

00:33:24,080 --> 00:33:26,880

it's not my fault you brought sniffs

864

00:33:25,519 --> 00:33:28,000

there's a lot of people in this combat

865

00:33:26,880 --> 00:33:28,880

let's be real we haven't even factored

866

00:33:28,000 --> 00:33:31,760

in the fun pals

867

00:33:28,880 --> 00:33:32,880

yeah we haven't done the fun pals yet so

868

00:33:31,760 --> 00:33:36,840

sniffs

869

00:33:32,880 --> 00:33:39,279

he is going to look at

870

00:33:36,840 --> 00:33:41,919

emory maybe uh

871

00:33:39,279 --> 00:33:42,960

calm down a second and unknowingly

872

00:33:41,919 --> 00:33:46,480

attempts to cast

873

00:33:42,960 --> 00:33:50,000

slow on emor amor is going to

874

00:33:46,480 --> 00:33:52,720

make his save and

875

00:33:50,000 --> 00:33:54,159

passes like a madman so as far as sniffs

876

00:33:52,720 --> 00:33:57,200

knows he did nothing

877

00:33:54,159 --> 00:33:58,480

okay arlo now you're up yay he's just

878

00:33:57,200 --> 00:34:00,640

like right up on me

879

00:33:58,480 --> 00:34:01,919

yeah he's right up on you like you just

880

00:34:00,640 --> 00:34:02,640

say you're gonna paint the wall with my

881

00:34:01,919 --> 00:34:05,200

blood

882

00:34:02,640 --> 00:34:06,720

yeah and you're surrounded by ravens but

883

00:34:05,200 --> 00:34:09,760

they're doing you a protec

884

00:34:06,720 --> 00:34:11,520

huh oh yeah ravens i was like oh wait i

885

00:34:09,760 --> 00:34:11,839

have a better idea i forgot i brought

886

00:34:11,520 --> 00:34:14,000

this

887

00:34:11,839 --> 00:34:15,359

and then he um swings at him with full

888

00:34:14,000 --> 00:34:18,839

force with his hammer

889

00:34:15,359 --> 00:34:22,079

roll to hit 19 to hit

890

00:34:18,839 --> 00:34:23,520

hits and i'm going to use

891

00:34:22,079 --> 00:34:25,359

since you're you complain about it's not

892

00:34:23,520 --> 00:34:29,200

using our magic items enough

893

00:34:25,359 --> 00:34:31,280

elders tempest benevolence

894

00:34:29,200 --> 00:34:32,720

and use it's uh its feature aside from

895

00:34:31,280 --> 00:34:34,560

like doing its damage when you use this

896

00:34:32,720 --> 00:34:37,200

feature to uh

897

00:34:34,560 --> 00:34:38,240

knock the boy prone so strength saving

898

00:34:37,200 --> 00:34:41,040

throw

899

00:34:38,240 --> 00:34:43,359

and i expend a key point to do that does

900

00:34:41,040 --> 00:34:46,960

a 16 pass

901

00:34:43,359 --> 00:34:49,440

uh that does pass it does still hurt but

902

00:34:46,960 --> 00:34:50,960

he does not get knocked prone he's gonna

903

00:34:49,440 --> 00:34:52,879

take uh

904

00:34:50,960 --> 00:34:54,399

he's gonna take 10 damage and then i'm

905

00:34:52,879 --> 00:34:58,320

going to use

906

00:34:54,399 --> 00:35:02,160

my war domain uh feature to hit him

907

00:34:58,320 --> 00:35:05,280

one more again oh boy that's a

908

00:35:02,160 --> 00:35:06,880

22 to hit it's

909

00:35:05,280 --> 00:35:07,920

i'm gonna roll the damage first since

910

00:35:06,880 --> 00:35:08,640

that's the thing that we know that's

911

00:35:07,920 --> 00:35:11,200

happening

912

00:35:08,640 --> 00:35:13,280

that's gonna be uh nine damage and uh

913

00:35:11,200 --> 00:35:16,320

roll me another strength saving throw

914

00:35:13,280 --> 00:35:18,480

he passes

915

00:35:16,320 --> 00:35:20,560

i take it that was a net no but it was

916

00:35:18,480 --> 00:35:22,720

higher than the first roll

917

00:35:20,560 --> 00:35:23,760

well i hit him twice yeah no you did

918

00:35:22,720 --> 00:35:26,000

some damage to him

919

00:35:23,760 --> 00:35:28,079

i will tell you this he is starting to

920

00:35:26,000 --> 00:35:28,400

look pretty rough like he's definitely

921

00:35:28,079 --> 00:35:30,160

not

922

00:35:28,400 --> 00:35:32,079

anywhere near as intimidating as he

923

00:35:30,160 --> 00:35:34,560

looked before

924

00:35:32,079 --> 00:35:36,800

is that gonna be it for you no jordan i

925

00:35:34,560 --> 00:35:38,079

can do more than two attacks in a round

926

00:35:36,800 --> 00:35:39,280

look at man if you don't want me to try

927

00:35:38,079 --> 00:35:40,320

and give you the benefit of the doubt

928

00:35:39,280 --> 00:35:42,480

just say so

929

00:35:40,320 --> 00:35:43,760

there's like bonus actions and reactions

930

00:35:42,480 --> 00:35:45,440

and all this other fun stuff at least i

931

00:35:43,760 --> 00:35:47,440

have to keep track of a bunch of [__]

932

00:35:45,440 --> 00:35:49,440

i'll use my battlefield awareness to

933

00:35:47,440 --> 00:35:52,160

take the dodge action as a bonus action

934

00:35:49,440 --> 00:35:55,119

all right all right all right uh let's

935

00:35:52,160 --> 00:35:56,480

see then next up is the friday night fun

936

00:35:55,119 --> 00:35:58,880

pals

937

00:35:56,480 --> 00:36:00,000

first thing is going to be friday and he

938

00:35:58,880 --> 00:36:03,280

is going to go ahead

939

00:36:00,000 --> 00:36:05,280

and give you arlo a

940

00:36:03,280 --> 00:36:06,960

point of bardic inspiration like that's

941

00:36:05,280 --> 00:36:09,440

right you tell him what's what

942

00:36:06,960 --> 00:36:13,119

he don't let the babies your blood that

943

00:36:09,440 --> 00:36:15,680

sounds nasty

944

00:36:13,119 --> 00:36:18,320

so you have a d8 of vardik i don't know

945

00:36:15,680 --> 00:36:20,800

why but i feel motivated by that

946

00:36:18,320 --> 00:36:20,800

there you go

947

00:36:21,920 --> 00:36:26,079

and then as part of his main action he's

948

00:36:23,520 --> 00:36:28,480

going to cast fairy fire on him

949

00:36:26,079 --> 00:36:29,920

so he is now glowing all sorts of really

950

00:36:28,480 --> 00:36:32,160

pretty beautiful colors

951

00:36:29,920 --> 00:36:34,240

and you guys always have advantage on

952

00:36:32,160 --> 00:36:38,160

attack rolls against him

953

00:36:34,240 --> 00:36:42,640

next is going to be knifin

954

00:36:38,160 --> 00:36:45,839

and he is uh actually

955

00:36:42,640 --> 00:36:48,960

what he's gonna do is he is going to

956

00:36:45,839 --> 00:36:52,480

momentarily hold action as he goes over

957

00:36:48,960 --> 00:36:55,200

to p and says watch me

958

00:36:52,480 --> 00:36:56,880

and p is going to cast catapults this is

959

00:36:55,200 --> 00:36:57,920

your own fault for establishing this

960

00:36:56,880 --> 00:37:01,119

journey

961

00:36:57,920 --> 00:37:02,800

do i sound upset doing this

962

00:37:01,119 --> 00:37:04,560

i love doing this i love throwing my

963

00:37:02,800 --> 00:37:07,359

shorty squad

964

00:37:04,560 --> 00:37:08,000

nathan is going to rather than attack

965

00:37:07,359 --> 00:37:10,640

try and go

966

00:37:08,000 --> 00:37:11,520

with what if you recall from your time

967

00:37:10,640 --> 00:37:14,240

in the

968

00:37:11,520 --> 00:37:15,359

ruined dungeon area thing what

969

00:37:14,240 --> 00:37:16,800

frightened headset their original plan

970

00:37:15,359 --> 00:37:17,760

was and he's going to try and take a

971

00:37:16,800 --> 00:37:21,119

stone

972

00:37:17,760 --> 00:37:22,800

nice do it oh i wish he was close enough

973

00:37:21,119 --> 00:37:24,560

i would have given him my dagger

974

00:37:22,800 --> 00:37:25,839

i'm gonna get that stone with raw

975

00:37:24,560 --> 00:37:29,040

gremlin energy

976

00:37:25,839 --> 00:37:31,760

he does not

977

00:37:29,040 --> 00:37:32,640

he absolutely does not he tries to get

978

00:37:31,760 --> 00:37:35,760

that stone with

979

00:37:32,640 --> 00:37:38,480

raw glitter energy but instead

980

00:37:35,760 --> 00:37:39,680

goes flying past and eat [__] on the

981

00:37:38,480 --> 00:37:42,240

ground

982

00:37:39,680 --> 00:37:43,280

all right buddy and he just like while

983

00:37:42,240 --> 00:37:45,200

still face

984

00:37:43,280 --> 00:37:47,359

in the ground just throws a thumb up in

985

00:37:45,200 --> 00:37:48,960

the air oh see you hate see that looked

986

00:37:47,359 --> 00:37:50,800

like he landed on his dong

987

00:37:48,960 --> 00:37:54,320

what is that with you in the dick jokes

988

00:37:50,800 --> 00:37:54,320

today today

989

00:37:55,599 --> 00:37:59,520

let's be honest i just feel like they're

990

00:37:58,240 --> 00:38:00,980

more

991

00:37:59,520 --> 00:38:03,520
pronounced

992

00:38:00,980 --> 00:38:05,760
[Laughter]

993

00:38:03,520 --> 00:38:08,240
it's a very pronounced safe don't

994

00:38:05,760 --> 00:38:11,220
encourage him

995

00:38:08,240 --> 00:38:14,240
some noticeable bulging dangers

996

00:38:11,220 --> 00:38:17,040
[Laughter]

997

00:38:14,240 --> 00:38:18,240
back up at the top of the order two

998

00:38:17,040 --> 00:38:21,920
things happen

999

00:38:18,240 --> 00:38:24,240
one you see from in the distance

1000

00:38:21,920 --> 00:38:25,440
four more nulls start running in with

1001

00:38:24,240 --> 00:38:28,880
bows

1002

00:38:25,440 --> 00:38:31,040

afterwards emor himself after having

1003

00:38:28,880 --> 00:38:32,000

gotten the absolute dog [__] smacked out

1004

00:38:31,040 --> 00:38:35,760

of him

1005

00:38:32,000 --> 00:38:38,000

imore is going to howl loudly

1006

00:38:35,760 --> 00:38:39,760

and you see that all of the knolls

1007

00:38:38,000 --> 00:38:40,880

surrounding you guys and just in the

1008

00:38:39,760 --> 00:38:43,599

general area

1009

00:38:40,880 --> 00:38:44,160

almost look like they're just overtaken

1010

00:38:43,599 --> 00:38:47,760

by this

1011

00:38:44,160 --> 00:38:49,520

visceral bloodlust they look pissed

1012

00:38:47,760 --> 00:38:51,839

and for this round they get reckless

1013

00:38:49,520 --> 00:38:51,839

attack

1014

00:38:52,800 --> 00:39:00,800

but now it's safe's turn all right

1015

00:38:56,400 --> 00:39:04,240

um so guys each of

1016

00:39:00,800 --> 00:39:06,480

my special shots i can use them

1017

00:39:04,240 --> 00:39:07,359

not just like one and then a long rest

1018

00:39:06,480 --> 00:39:10,400

so

1019

00:39:07,359 --> 00:39:14,079

i can use concussion

1020

00:39:10,400 --> 00:39:16,880

which would knock him prone um

1021

00:39:14,079 --> 00:39:18,480

i can use poison uh and i can still use

1022

00:39:16,880 --> 00:39:20,800

paralysis

1023

00:39:18,480 --> 00:39:22,000

what do you think guys paralysis i think

1024

00:39:20,800 --> 00:39:23,760

pronoun pronoun

1025

00:39:22,000 --> 00:39:25,760

paralysis sounds good what do you think

1026

00:39:23,760 --> 00:39:27,440

arlo paralysis is

1027

00:39:25,760 --> 00:39:29,119

one of the dopest status conditions that

1028

00:39:27,440 --> 00:39:30,720

you can inflict on something and one of

1029

00:39:29,119 --> 00:39:32,560

the worst things you can have afflicted

1030

00:39:30,720 --> 00:39:36,480

on you so i'd go with that

1031

00:39:32,560 --> 00:39:39,760

so paralysis also includes a additional

1032

00:39:36,480 --> 00:39:43,119

d10 of lightning damage and

1033

00:39:39,760 --> 00:39:43,760

concussion dishes out an additional 2d

1034

00:39:43,119 --> 00:39:46,800

12 of

1035

00:39:43,760 --> 00:39:48,880

thunder damage i still really love the

1036

00:39:46,800 --> 00:39:51,839

idea of him being paralyzed though

1037

00:39:48,880 --> 00:39:53,359

all right so we're gonna do paralysis

1038

00:39:51,839 --> 00:39:57,040

jordan can you do me a con

1039

00:39:53,359 --> 00:39:58,960

save please uh well hit him first

1040

00:39:57,040 --> 00:40:00,240

well fair enough and you do have

1041

00:39:58,960 --> 00:40:03,440

advantage for a

1042

00:40:00,240 --> 00:40:03,440

multitude of reasons

1043

00:40:05,359 --> 00:40:14,240

god damn it holy [__] you did not

1044

00:40:10,480 --> 00:40:18,400

shut the [__] up no you did it

1045

00:40:14,240 --> 00:40:22,000

leave this podcast you harlot

1046

00:40:18,400 --> 00:40:24,880

it sounds like she did god

1047

00:40:22,000 --> 00:40:24,880

well i need a party

1048

00:40:31,200 --> 00:40:34,480

also i don't know if you applied it last

1049

00:40:33,359 --> 00:40:36,000

time i don't know if you could have

1050

00:40:34,480 --> 00:40:37,599

applied it last time i don't really

1051

00:40:36,000 --> 00:40:39,119

remember but at this point i'll just go

1052

00:40:37,599 --> 00:40:43,520

ahead and toss it out there that does

1053

00:40:39,119 --> 00:40:47,839

entitle you to sneak attack damage oh

1054

00:40:43,520 --> 00:40:50,520

baby oh baby a triple

1055

00:40:47,839 --> 00:40:52,480

the fifth legit going to be

1056

00:40:50,520 --> 00:40:54,160

uncharacteristically nice despite the

1057

00:40:52,480 --> 00:40:55,599

brutal ass whooping you guys are dishing

1058

00:40:54,160 --> 00:40:57,440

out on this boy

1059

00:40:55,599 --> 00:40:58,800

and i'm going to say he has disadvantage

1060

00:40:57,440 --> 00:41:01,040

on the throw

1061

00:40:58,800 --> 00:41:01,839

because of the everything that has been

1062

00:41:01,040 --> 00:41:05,359

happening

1063

00:41:01,839 --> 00:41:07,599

and because of your nat 20. hell yes

1064

00:41:05,359 --> 00:41:10,079

do not expect this kindness in the

1065

00:41:07,599 --> 00:41:10,079

future

1066

00:41:13,440 --> 00:41:18,839

sounds like he failed he failed so hard

1067

00:41:15,920 --> 00:41:19,990

i'm going to ignore his legendary

1068

00:41:18,839 --> 00:41:21,200

resistance

1069

00:41:19,990 --> 00:41:23,119

[Music]

1070

00:41:21,200 --> 00:41:24,800

normally i wouldn't have but and that

1071

00:41:23,119 --> 00:41:28,079

one feels appropriate

1072

00:41:24,800 --> 00:41:29,680

oh emory you were supposed to be tough

1073

00:41:28,079 --> 00:41:32,960

what is happening my dude

1074

00:41:29,680 --> 00:41:36,400

that'll uh that that'll be um

1075

00:41:32,960 --> 00:41:39,440

18 damage on my sneak attack

1076

00:41:36,400 --> 00:41:42,480

and an additional seven

1077

00:41:39,440 --> 00:41:44,079

lightning damage and he is now paralyzed

1078

00:41:42,480 --> 00:41:45,920

i know i'm going to regret saying this

1079

00:41:44,079 --> 00:41:46,640

out loud but please don't forget that

1080

00:41:45,920 --> 00:41:50,119

you crit

1081

00:41:46,640 --> 00:41:53,040

and therefore you add crit damage to

1082

00:41:50,119 --> 00:41:55,920

2828 sneak attack damage and

1083

00:41:53,040 --> 00:41:57,599

an additional seven lightning damage he

1084

00:41:55,920 --> 00:41:59,280

didn't like that one bit

1085

00:41:57,599 --> 00:42:01,440

i don't imagine that he did and i'm

1086

00:41:59,280 --> 00:42:02,960

gonna take my bonus action to hide

1087

00:42:01,440 --> 00:42:04,400

man with that much damage i'm sure that

1088

00:42:02,960 --> 00:42:05,119

arrow just like pierced right through

1089

00:42:04,400 --> 00:42:05,870

his knee

1090

00:42:05,119 --> 00:42:09,440

don't test me

1091

00:42:05,870 --> 00:42:10,960

[Laughter]

1092

00:42:09,440 --> 00:42:12,800

i mean i hope he'll be able to continue

1093

00:42:10,960 --> 00:42:14,880

adventuring all right jordan

1094

00:42:12,800 --> 00:42:16,800

here you go man this one this one is for

1095

00:42:14,880 --> 00:42:19,599

you my sneak

1096

00:42:16,800 --> 00:42:20,000

only rolled 14. yeah no he fully sees

1097

00:42:19,599 --> 00:42:22,240

you

1098

00:42:20,000 --> 00:42:23,640

fair enough he is he is locked eyes on

1099

00:42:22,240 --> 00:42:26,400

you now and is

1100

00:42:23,640 --> 00:42:27,760

pissed i imagine safe is sticking her

1101

00:42:26,400 --> 00:42:29,440

tongue out

1102

00:42:27,760 --> 00:42:31,520

does he say anything along the lines of

1103

00:42:29,440 --> 00:42:33,839

ah my [__]

1104

00:42:31,520 --> 00:42:33,839

knee

1105

00:42:33,960 --> 00:42:39,440

[Laughter]

1106

00:42:35,920 --> 00:42:39,760

oh my lord is that gonna be it for you

1107

00:42:39,440 --> 00:42:42,319

you

1108

00:42:39,760 --> 00:42:44,079

so sad yep that's that's me yep i'm good

1109

00:42:42,319 --> 00:42:46,640

all right cool when terry you're up oh

1110

00:42:44,079 --> 00:42:46,640

you know what

1111

00:42:47,119 --> 00:42:52,640

i do have modi oh good

1112

00:42:50,720 --> 00:42:54,720

yeah he kind of wants to join the fight

1113

00:42:52,640 --> 00:42:55,839

a little bit he's itching for some

1114

00:42:54,720 --> 00:42:59,280

murder

1115

00:42:55,839 --> 00:43:03,119

how wonderful for me

1116

00:42:59,280 --> 00:43:07,040

one more character so uh

1117

00:43:03,119 --> 00:43:10,480

my baby boy is going to

1118

00:43:07,040 --> 00:43:12,560

take my sword and he's going to

1119

00:43:10,480 --> 00:43:14,640

well actually i'm assuming this is after

1120

00:43:12,560 --> 00:43:16,000

he does alt herself to look like you

1121

00:43:14,640 --> 00:43:16,430

because otherwise you're getting a cat a

1122

00:43:16,000 --> 00:43:19,040

sword

1123

00:43:16,430 --> 00:43:21,119

[Laughter]

1124

00:43:19,040 --> 00:43:22,319

that's his action then that's his action

1125

00:43:21,119 --> 00:43:26,240

his action is that he

1126

00:43:22,319 --> 00:43:27,839

is taking my shape okay and your sword

1127

00:43:26,240 --> 00:43:29,359

i will say i do love the image of her

1128

00:43:27,839 --> 00:43:31,119

that's like go get a modi and she puts

1129

00:43:29,359 --> 00:43:34,960

the sword in his mouth and he just like

1130

00:43:31,119 --> 00:43:34,960

very dutifully trots off

1131

00:43:35,680 --> 00:43:40,960

wow i will say that the only way modi's

1132

00:43:39,200 --> 00:43:42,480

allowed to enter combat is after an

1133

00:43:40,960 --> 00:43:44,560

altar self because otherwise

1134

00:43:42,480 --> 00:43:46,240

it's familiar rules and familiars are

1135

00:43:44,560 --> 00:43:48,640

not allowed to attack

1136

00:43:46,240 --> 00:43:51,200

i'm allowing this because i accidentally

1137

00:43:48,640 --> 00:43:53,680

made modi combat prepped and

1138

00:43:51,200 --> 00:43:56,079

i feel the need to honor that now is it

1139

00:43:53,680 --> 00:43:57,520

when tara's turned to kick my ass

1140

00:43:56,079 --> 00:44:00,240

yeah it's when tara's turned to kick

1141

00:43:57,520 --> 00:44:01,440

your ass so question for you

1142

00:44:00,240 --> 00:44:03,440

oh you're not just gonna help me with

1143

00:44:01,440 --> 00:44:04,800

dinosaurs all right what's up well yes i

1144

00:44:03,440 --> 00:44:06,560

am but i have a question first

1145

00:44:04,800 --> 00:44:09,359

okay that's not related to summoning

1146

00:44:06,560 --> 00:44:13,680

more velociraptors

1147

00:44:09,359 --> 00:44:15,599

please you have to break concentration

1148

00:44:13,680 --> 00:44:17,040

to summon again [__] off i know how this

1149

00:44:15,599 --> 00:44:19,839

works

1150

00:44:17,040 --> 00:44:21,040

with the star bomb it says initially

1151

00:44:19,839 --> 00:44:23,119

fire damage

1152

00:44:21,040 --> 00:44:24,240

but can that be force damage and not

1153

00:44:23,119 --> 00:44:28,000

fire damage

1154

00:44:24,240 --> 00:44:29,680

no not like you modify spell damage type

1155

00:44:28,000 --> 00:44:31,440

does hit him with like a different spell

1156

00:44:29,680 --> 00:44:33,920

yeah why use your strongest spell all

1157

00:44:31,440 --> 00:44:35,680

you have to do is cry

1158

00:44:33,920 --> 00:44:38,000

god what kind of a jaded [__] have i

1159

00:44:35,680 --> 00:44:40,460

become in this encounter christ

1160

00:44:38,000 --> 00:44:43,440

right in this encounter

1161

00:44:40,460 --> 00:44:45,839

[Laughter]

1162

00:44:43,440 --> 00:44:47,920

that was excessive even for me even by

1163

00:44:45,839 --> 00:44:50,800

my standards i'm not that mean

1164

00:44:47,920 --> 00:44:52,079

i'm sorry that was wrong it's okay

1165

00:44:50,800 --> 00:44:53,280

second question

1166

00:44:52,079 --> 00:44:54,319

because i'll go back to what i'm doing

1167

00:44:53,280 --> 00:44:56,079

in a second but i need to stay on my

1168

00:44:54,319 --> 00:44:56,960

velociraptor page first before i go back

1169

00:44:56,079 --> 00:44:59,200

and look

1170

00:44:56,960 --> 00:45:00,800

for the velociraptors that are currently

1171

00:44:59,200 --> 00:45:03,359

being affected by erupt earth

1172

00:45:00,800 --> 00:45:04,240

what can they get to within 15 feet uh

1173

00:45:03,359 --> 00:45:06,800

it would take you

1174

00:45:04,240 --> 00:45:08,720

ten feet of movement to get out of it so

1175

00:45:06,800 --> 00:45:09,280

you would have whatever is left beyond

1176

00:45:08,720 --> 00:45:12,560

that

1177

00:45:09,280 --> 00:45:13,119

so uh you can get the best you can do is

1178

00:45:12,560 --> 00:45:15,680

you can get

1179

00:45:13,119 --> 00:45:18,000

close to emor but not close enough to

1180

00:45:15,680 --> 00:45:20,240

attack or you can move over towards the

1181

00:45:18,000 --> 00:45:21,680

other velociraptors and intercept the

1182

00:45:20,240 --> 00:45:22,960

nulls that are coming in

1183

00:45:21,680 --> 00:45:25,040

okay yeah so those three are going to

1184

00:45:22,960 --> 00:45:25,839

start heading that way to intercept some

1185

00:45:25,040 --> 00:45:27,680

of the nulls

1186

00:45:25,839 --> 00:45:29,440

the other four that we're already

1187

00:45:27,680 --> 00:45:31,280

attacking the two and two

1188

00:45:29,440 --> 00:45:33,200

are they still are they still having

1189

00:45:31,280 --> 00:45:34,000

that uh scorpion friend that they're

1190

00:45:33,200 --> 00:45:35,680

attacking

1191

00:45:34,000 --> 00:45:37,359

uh well the scorpion thing is just what

1192

00:45:35,680 --> 00:45:40,640

they're it's their mount

1193

00:45:37,359 --> 00:45:41,839

right but they are still alive yeah so

1194

00:45:40,640 --> 00:45:43,359

the three are going to start moving to

1195

00:45:41,839 --> 00:45:45,839

try to go intercept some nulls

1196

00:45:43,359 --> 00:45:46,480

the other four are going to do another

1197

00:45:45,839 --> 00:45:48,400

attack

1198

00:45:46,480 --> 00:45:49,520

um so i'll start with that all right go

1199

00:45:48,400 --> 00:45:52,720

ahead so

1200

00:45:49,520 --> 00:45:53,280

one of two nat 20 for first hit i really

1201

00:45:52,720 --> 00:45:55,440

like my

1202

00:45:53,280 --> 00:45:56,560

ethereal sparkly fade ice they've been

1203

00:45:55,440 --> 00:45:59,119

rolling that 20s

1204

00:45:56,560 --> 00:46:00,640

left and right yeah i've noticed so the

1205

00:45:59,119 --> 00:46:03,760

first hit um

1206

00:46:00,640 --> 00:46:06,079

let's see 8 5 13. second

1207

00:46:03,760 --> 00:46:06,960

uh that one's only a 16 to hit still

1208

00:46:06,079 --> 00:46:10,319

hits

1209

00:46:06,960 --> 00:46:14,000

all right that one's four second of this

1210

00:46:10,319 --> 00:46:17,359

first is a 22 to hit so it's five

1211

00:46:14,000 --> 00:46:18,160

second of the second is a 23 to hit and

1212

00:46:17,359 --> 00:46:20,560

that's four

1213

00:46:18,160 --> 00:46:22,160

then we go to one of two and one of two

1214

00:46:20,560 --> 00:46:25,599

is a 21 to hit

1215

00:46:22,160 --> 00:46:29,240

and that's five 22 and that's four

1216

00:46:25,599 --> 00:46:32,079

and then four of four first attack is a

1217

00:46:29,240 --> 00:46:35,599

23 so that's five

1218

00:46:32,079 --> 00:46:37,680

23 for four okay cool they're both

1219

00:46:35,599 --> 00:46:39,599

bleeding out of every possible bleed

1220

00:46:37,680 --> 00:46:42,640

hole you can imagine they are on death's

1221

00:46:39,599 --> 00:46:46,160

[__] door good

1222

00:46:42,640 --> 00:46:48,160

so how close is everyone else currently

1223

00:46:46,160 --> 00:46:50,160

to emor right now

1224

00:46:48,160 --> 00:46:52,079

they're like right up on him right yeah

1225

00:46:50,160 --> 00:46:54,240

everyone aside from you

1226

00:46:52,079 --> 00:46:56,160

safe and the velociraptors are right up

1227

00:46:54,240 --> 00:46:58,800

on him

1228

00:46:56,160 --> 00:47:00,319

okay and i guess technically knifing

1229

00:46:58,800 --> 00:47:03,599

wouldn't be quite up on him because he

1230

00:47:00,319 --> 00:47:03,599

flew over him and ate [__]

1231

00:47:04,000 --> 00:47:11,520

he did do that it was pretty impressive

1232

00:47:07,359 --> 00:47:14,560

so i suppose i as wintera

1233

00:47:11,520 --> 00:47:18,240

am going to ice knife

1234

00:47:14,560 --> 00:47:21,920

one of the longbow

1235

00:47:18,240 --> 00:47:25,440

holders that's a non-nat

1236

00:47:21,920 --> 00:47:26,800

20 to hit yeah it's so is there anyone

1237

00:47:25,440 --> 00:47:28,000

close within five feet of that

1238

00:47:26,800 --> 00:47:29,920

particular longbow

1239

00:47:28,000 --> 00:47:31,520

person i would say that each of them are

1240

00:47:29,920 --> 00:47:33,119

spread five feet apart from each other

1241

00:47:31,520 --> 00:47:33,839

so the blast reggies would get three of

1242

00:47:33,119 --> 00:47:37,040

them

1243

00:47:33,839 --> 00:47:39,760

okay so the first the one it hits is for

1244

00:47:37,040 --> 00:47:40,720

piercing magical piercing and then the

1245

00:47:39,760 --> 00:47:44,319

other ones

1246

00:47:40,720 --> 00:47:47,599

c2 d6 don't i need to make deck saves

1247

00:47:44,319 --> 00:47:49,200

yes it's a 14 to pass two of them pass

1248

00:47:47,599 --> 00:47:51,119

okay well the one that doesn't takes

1249

00:47:49,200 --> 00:47:53,599

five nice

1250

00:47:51,119 --> 00:47:54,640

and then do the others just not take any

1251

00:47:53,599 --> 00:47:56,480

damage or

1252

00:47:54,640 --> 00:47:58,160

i must succeed on decks or take coal

1253

00:47:56,480 --> 00:48:02,240

damage okay

1254

00:47:58,160 --> 00:48:05,520

and then zal is going to do a flyby

1255

00:48:02,240 --> 00:48:08,880

attack on emor

1256

00:48:05,520 --> 00:48:11,040

jordan i swear to christ jordan

1257

00:48:08,880 --> 00:48:12,400

i'm going to burn your fey dice and

1258

00:48:11,040 --> 00:48:15,760

katie's blood dice i

1259

00:48:12,400 --> 00:48:19,119

swear so

1260

00:48:15,760 --> 00:48:21,520

this is the best that we've ever rolled

1261

00:48:19,119 --> 00:48:22,880

this is so great i had such plans for

1262

00:48:21,520 --> 00:48:23,599

this encounter it was supposed to be so

1263

00:48:22,880 --> 00:48:25,119

cool

1264

00:48:23,599 --> 00:48:26,640

i just gave you a giant vascular

1265

00:48:25,119 --> 00:48:29,920

punching bag

1266

00:48:26,640 --> 00:48:32,960

let's see 18 19 20

1267

00:48:29,920 --> 00:48:36,880

plus another 18

1268

00:48:32,960 --> 00:48:40,480

is 38

1269

00:48:36,880 --> 00:48:43,839

plus 10 is 48

1270

00:48:40,480 --> 00:48:47,200

plus 12 is 60 damage please from

1271

00:48:43,839 --> 00:48:49,980

zal for emor my god

1272

00:48:47,200 --> 00:48:55,430

does al just eat anymore

1273

00:48:49,980 --> 00:48:55,430

[Laughter]

1274

00:48:55,839 --> 00:48:59,040

i'm just imagining like arnold's just

1275

00:48:57,280 --> 00:49:00,559

like locked and combat with emory it was

1276

00:48:59,040 --> 00:49:03,280

like a standoff and look at each other

1277

00:49:00,559 --> 00:49:04,880

like western style and a big ass [__]

1278

00:49:03,280 --> 00:49:07,920

pterodactyl

1279

00:49:04,880 --> 00:49:09,520

lance you just see like this [__]

1280

00:49:07,920 --> 00:49:16,559

head come down just round

1281

00:49:09,520 --> 00:49:19,599

and then it's like

1282

00:49:16,559 --> 00:49:23,040

he's not dead yet yet

1283

00:49:19,599 --> 00:49:26,480

yes i know thank you god damn

1284

00:49:23,040 --> 00:49:30,400

oh my god that's perfect and then

1285

00:49:26,480 --> 00:49:33,839

i'm gonna go back up um into the air

1286

00:49:30,400 --> 00:49:35,920

uh obviously from my flying yeah

1287

00:49:33,839 --> 00:49:39,520

uh-huh the bare woman in her army of

1288

00:49:35,920 --> 00:49:39,520

dinosaurs doing the heavy lifting

1289

00:49:40,160 --> 00:49:47,359

okay i could have killed arlo and arkago

1290

00:49:44,480 --> 00:49:49,200

what happened how uh how much are you

1291

00:49:47,359 --> 00:49:50,480

regretting that decision

1292

00:49:49,200 --> 00:49:51,839

back as much as i'm rewriting a lot of

1293

00:49:50,480 --> 00:49:52,319

my decisions right now being completely

1294

00:49:51,839 --> 00:49:54,079

honest

1295

00:49:52,319 --> 00:49:55,680

hey if you're really like if you really

1296

00:49:54,079 --> 00:49:56,800

think about it though you know

1297

00:49:55,680 --> 00:49:58,880

in your heart of hearts i would have

1298

00:49:56,800 --> 00:50:00,960

just made a more annoying character

1299

00:49:58,880 --> 00:50:02,880

oh no i'm well aware i've dm'd a more

1300

00:50:00,960 --> 00:50:04,960

annoying character out of you

1301

00:50:02,880 --> 00:50:06,640

jordan remind me really quick this thing

1302

00:50:04,960 --> 00:50:09,280

to get the stones out of emor

1303

00:50:06,640 --> 00:50:09,760

they're strength checks right uh it is

1304

00:50:09,280 --> 00:50:13,280

either

1305

00:50:09,760 --> 00:50:16,400

an athletics or an acrobatics check so

1306

00:50:13,280 --> 00:50:19,760

who currently is in 30 foot

1307

00:50:16,400 --> 00:50:22,160

radius i think it's most people right uh

1308

00:50:19,760 --> 00:50:23,200

at this point again aside from safe i'd

1309

00:50:22,160 --> 00:50:25,440

say everyone

1310

00:50:23,200 --> 00:50:26,400

so when tara looks back like with a

1311

00:50:25,440 --> 00:50:29,440

shit-eating grin

1312

00:50:26,400 --> 00:50:32,800

after zell just whumps him and

1313

00:50:29,440 --> 00:50:36,000

um winks and uh baby bear is

1314

00:50:32,800 --> 00:50:39,520

uh down there too now so a

1315

00:50:36,000 --> 00:50:42,400

those allies get five uh no i'm sorry

1316

00:50:39,520 --> 00:50:44,880

13 temporary hp oh thank god because

1317

00:50:42,400 --> 00:50:46,960

they were doing so poorly on health

1318

00:50:44,880 --> 00:50:48,079

and two the best part of that is they

1319

00:50:46,960 --> 00:50:50,800

get advantage

1320

00:50:48,079 --> 00:50:51,680

on those throws for the strength related

1321

00:50:50,800 --> 00:50:53,200

ones

1322

00:50:51,680 --> 00:50:55,119

babyberry's sitting there like pounding

1323

00:50:53,200 --> 00:50:57,760

the ground with some like

1324

00:50:55,119 --> 00:50:58,800

corporeal sticks okay that's adorable

1325

00:50:57,760 --> 00:51:00,720

i'll give you that

1326

00:50:58,800 --> 00:51:01,800

baby bear is like this is my ass beating

1327

00:51:00,720 --> 00:51:06,740

music

1328

00:51:01,800 --> 00:51:06,740

[Laughter]

1329

00:51:07,200 --> 00:51:10,319

well now i love the idea of like a

1330

00:51:08,640 --> 00:51:12,000

little baby bear who's adorable but like

1331

00:51:10,319 --> 00:51:14,000

this has this is the most like vulgar

1332

00:51:12,000 --> 00:51:15,440

potty mouth [__] it's like

1333

00:51:14,000 --> 00:51:18,720

we're gonna [__] their [__] right

1334

00:51:15,440 --> 00:51:22,160

backwards oh you mean um

1335

00:51:18,720 --> 00:51:25,280

like oh dart oh [__] yeah i'm gonna [__]

1336

00:51:22,160 --> 00:51:25,280

your [__] sideways

1337

00:51:25,599 --> 00:51:30,720

safe anyway that's my turn none of that

1338

00:51:30,960 --> 00:51:37,839

damn it i was really hoping

1339

00:51:37,920 --> 00:51:46,800

why okay cool we're at the knoll's

1340

00:51:42,319 --> 00:51:49,119

turd okay so the guys who were eating

1341

00:51:46,800 --> 00:51:52,000

[__] are going to attempt to attack the

1342

00:51:49,119 --> 00:51:52,000

dinosaurs

1343

00:51:52,160 --> 00:51:55,839

what is happening god damn the guys are

1344

00:51:54,319 --> 00:51:56,640

telling a story and that story is [__]

1345

00:51:55,839 --> 00:51:59,200

me

1346

00:51:56,640 --> 00:52:02,079

the story is [__] tarot rolled in

1347

00:51:59,200 --> 00:52:04,319

with a [__] wave of dinosaurs

1348

00:52:02,079 --> 00:52:05,599

and everyone was like super unprepared

1349

00:52:04,319 --> 00:52:07,280

for it and there's just like

1350

00:52:05,599 --> 00:52:08,400

there's this bowman and [__] trying to

1351

00:52:07,280 --> 00:52:10,000

like fend them off but they're just

1352

00:52:08,400 --> 00:52:11,839

getting mauled and they're like flailing

1353

00:52:10,000 --> 00:52:15,680

against the mess they get eaten

1354

00:52:11,839 --> 00:52:17,760

next up is them they

1355

00:52:15,680 --> 00:52:19,040

cannot really get close enough to do

1356

00:52:17,760 --> 00:52:20,400

anything

1357

00:52:19,040 --> 00:52:21,680

all right so the shaman people just kind

1358

00:52:20,400 --> 00:52:22,720

of get closer but they can't really do

1359

00:52:21,680 --> 00:52:24,079

anything because none of their spells

1360

00:52:22,720 --> 00:52:28,640

have enough range

1361

00:52:24,079 --> 00:52:32,319

the gnolls are going to attempt

1362

00:52:28,640 --> 00:52:34,480

to help their shiggy shitty leaders

1363

00:52:32,319 --> 00:52:35,440

okay there we go that's damage uh first

1364

00:52:34,480 --> 00:52:38,559

one uh

1365

00:52:35,440 --> 00:52:41,400

takes five damage that's a nat

1366

00:52:38,559 --> 00:52:42,640

20 holy [__] finally so that's gonna be

1367

00:52:41,400 --> 00:52:45,359

congratulations

1368

00:52:42,640 --> 00:52:46,559

shut up that is going does it do more

1369

00:52:45,359 --> 00:52:49,760

than 21

1370

00:52:46,559 --> 00:52:53,680

no okay how much help do they have

1371

00:52:49,760 --> 00:52:56,559

god well they also get my temp baby bear

1372

00:52:53,680 --> 00:52:58,319

fair and they're beefed up from being uh

1373

00:52:56,559 --> 00:53:01,760

terraced lemons i think

1374

00:52:58,319 --> 00:53:05,119

yeah uh it was it was 13 damage okay

1375

00:53:01,760 --> 00:53:08,240

this is this is

1376

00:53:05,119 --> 00:53:10,240

why cool i got those hits guys i'm

1377

00:53:08,240 --> 00:53:12,559

running out of dice to put in dice jail

1378

00:53:10,240 --> 00:53:14,880

uh that just leaves the archers who are

1379

00:53:12,559 --> 00:53:16,880

going to futilely attempt to attack tara

1380

00:53:14,880 --> 00:53:20,480

please give me this

1381

00:53:16,880 --> 00:53:24,000

nope okay there we go uh does

1382

00:53:20,480 --> 00:53:27,040

a 16 hits out zal yes

1383

00:53:24,000 --> 00:53:30,240

five damage there's a thirteen hit zou

1384

00:53:27,040 --> 00:53:33,280

no five more damage and

1385

00:53:30,240 --> 00:53:36,480

god damn it that's it emore's back

1386

00:53:33,280 --> 00:53:39,760

up oh now you roll god [__]

1387

00:53:36,480 --> 00:53:41,920

okay so what emor is going to do

1388

00:53:39,760 --> 00:53:43,440

is despite the fact that he is paralyzed

1389

00:53:41,920 --> 00:53:45,920

he is going

1390

00:53:43,440 --> 00:53:47,680

processing from casting spells does he

1391

00:53:45,920 --> 00:53:49,760

that'd be infuriating

1392

00:53:47,680 --> 00:53:51,440

does paralysis prevent you from speaking

1393

00:53:49,760 --> 00:53:53,200

oh [__] yeah he is paralyzed i don't

1394

00:53:51,440 --> 00:53:55,440

think he can cast spells if they have a

1395

00:53:53,200 --> 00:53:58,160

um any kind of a somatic component

1396

00:53:55,440 --> 00:54:00,079

oh or somatic or verbal component yes

1397

00:53:58,160 --> 00:54:01,520

thank you i caught that part

1398

00:54:00,079 --> 00:54:03,520

oh wow well you know that is verbal and

1399

00:54:01,520 --> 00:54:05,359

somatic how about that you guys

1400

00:54:03,520 --> 00:54:06,480

you guys can't see it but i have a

1401

00:54:05,359 --> 00:54:08,000

little bit of a [__] eating grin i'm

1402

00:54:06,480 --> 00:54:11,280

sorry jordan

1403

00:54:08,000 --> 00:54:12,079

i love it i like fully assume all of you

1404

00:54:11,280 --> 00:54:15,440

have a shooting

1405

00:54:12,079 --> 00:54:16,640

grin i just had to voice it because i

1406

00:54:15,440 --> 00:54:17,520

know you can't verbally you can't

1407

00:54:16,640 --> 00:54:19,680

physically see us

1408

00:54:17,520 --> 00:54:21,119

in a verbal only podcast so i feel like

1409

00:54:19,680 --> 00:54:24,640

it had to be said

1410

00:54:21,119 --> 00:54:27,839

it's felt all right

1411

00:54:24,640 --> 00:54:27,839

[__] sniff's turn

1412

00:54:28,960 --> 00:54:33,680

steal the stone steal the stone kill him

1413

00:54:32,079 --> 00:54:35,280

and take your rifle places the leader of

1414

00:54:33,680 --> 00:54:38,400

the nose

1415

00:54:35,280 --> 00:54:41,040

what i i don't want to do that you could

1416

00:54:38,400 --> 00:54:41,040

be the king

1417

00:54:41,359 --> 00:54:47,839

no what is wrong with you

1418

00:54:44,720 --> 00:54:49,520

they'll let you get all the best food i

1419

00:54:47,839 --> 00:54:52,799

want to help him

1420

00:54:49,520 --> 00:54:55,040

sniff steal the stone it'll help

1421

00:54:52,799 --> 00:54:55,040

ah

1422

00:54:56,240 --> 00:55:00,640

okay and he will very clumsily float up

1423

00:54:59,680 --> 00:55:01,839

and he will

1424

00:55:00,640 --> 00:55:03,680

it doesn't matter he has the same bonus

1425

00:55:01,839 --> 00:55:07,040

either way so he will

1426

00:55:03,680 --> 00:55:10,400

attempt to grab one of the stones

1427

00:55:07,040 --> 00:55:13,280

you said he has advantage on this right

1428

00:55:10,400 --> 00:55:16,240

he does not even paralyzed he is

1429

00:55:13,280 --> 00:55:20,160

incapable of doing it those things are

1430

00:55:16,240 --> 00:55:23,200

in a tight tight orbit

1431

00:55:20,160 --> 00:55:24,400

arlo you're up how is um how is he

1432

00:55:23,200 --> 00:55:26,000

looking

1433

00:55:24,400 --> 00:55:27,760

how is the dude who has been a literal

1434

00:55:26,000 --> 00:55:30,319

punching bag for you

1435

00:55:27,760 --> 00:55:32,079

for this entire encounter who is lying

1436

00:55:30,319 --> 00:55:33,040

paralyzed and bleeding on the ground

1437

00:55:32,079 --> 00:55:36,720

looking

1438

00:55:33,040 --> 00:55:36,720

yeah like how's this day going

1439

00:55:37,920 --> 00:55:41,359

it's going pretty good actually you

1440

00:55:39,359 --> 00:55:42,400

might be surprised to hear

1441

00:55:41,359 --> 00:55:49,119

does he look like he's been drinking

1442

00:55:42,400 --> 00:55:50,720

enough water

1443

00:55:49,119 --> 00:55:52,559

arla just gets like right up in his face

1444

00:55:50,720 --> 00:55:54,480

like hey buddy how you doing you want

1445

00:55:52,559 --> 00:55:58,200

some candy

1446

00:55:54,480 --> 00:55:59,280

doing good you want to sew down

1447

00:55:58,200 --> 00:56:01,599

[Music]

1448

00:55:59,280 --> 00:56:03,839

[Laughter]

1449

00:56:01,599 --> 00:56:04,720

would you would you like would you like

1450

00:56:03,839 --> 00:56:05,320

some cool

1451

00:56:04,720 --> 00:56:11,680

whip

1452

00:56:05,320 --> 00:56:14,400

[Laughter]

1453

00:56:11,680 --> 00:56:16,319

so he's looking pretty bad yes he's

1454

00:56:14,400 --> 00:56:18,000

looking awful

1455

00:56:16,319 --> 00:56:19,680

what is our verdict on eboard like do we

1456

00:56:18,000 --> 00:56:20,319

want him like murdered do we want him

1457

00:56:19,680 --> 00:56:21,760

dead or

1458

00:56:20,319 --> 00:56:23,359

he seems like we should probably like

1459

00:56:21,760 --> 00:56:25,280

just fight him right sniff

1460

00:56:23,359 --> 00:56:26,720

sniffs wants him alive if that means

1461

00:56:25,280 --> 00:56:29,119

anything to you

1462

00:56:26,720 --> 00:56:31,839

when tara would prefer he's not dead as

1463

00:56:29,119 --> 00:56:34,000

far as what she currently thinks

1464

00:56:31,839 --> 00:56:36,000

i guess i like earl like leaned down and

1465

00:56:34,000 --> 00:56:38,480

said as a doctor

1466

00:56:36,000 --> 00:56:40,319

i was ready to diagnose you with dead

1467

00:56:38,480 --> 00:56:42,000

but sniff says you should probably stay

1468

00:56:40,319 --> 00:56:43,440

alive so remember that he saved your

1469

00:56:42,000 --> 00:56:46,480

life and i'm going to attempt to do

1470

00:56:43,440 --> 00:56:49,280

non-lethal damage all right

1471

00:56:46,480 --> 00:56:50,720

go ahead and roll the hit that is oh

1472

00:56:49,280 --> 00:56:54,400

should i have advantage nevermind

1473

00:56:50,720 --> 00:56:54,400

yes for like 20 reasons

1474

00:56:54,960 --> 00:57:01,520

that's the 22 to hit hits

1475

00:56:58,079 --> 00:57:04,240

15 damage nice and

1476

00:57:01,520 --> 00:57:04,799

by the blessings of the war gods i shall

1477

00:57:04,240 --> 00:57:07,119

hit him

1478

00:57:04,799 --> 00:57:08,400

again uh it's gonna be a 24 to hit i'm

1479

00:57:07,119 --> 00:57:12,880

gonna assume that's good

1480

00:57:08,400 --> 00:57:14,240

no he magically gains a bunch of ac

1481

00:57:12,880 --> 00:57:15,440

out of sheer spite in the fact that i

1482

00:57:14,240 --> 00:57:16,799

haven't been able to do anything cool

1483

00:57:15,440 --> 00:57:19,280

with him

1484

00:57:16,799 --> 00:57:20,720

that's 16 damage i mean he's still

1485

00:57:19,280 --> 00:57:23,119

kicking but you know not

1486

00:57:20,720 --> 00:57:25,200

like super great this is all the ground

1487

00:57:23,119 --> 00:57:27,440

like

1488

00:57:25,200 --> 00:57:29,839

i know what a what a total waste of my

1489

00:57:27,440 --> 00:57:32,640

first use of my ravens

1490

00:57:29,839 --> 00:57:33,680

all right is that it for you um i'm

1491

00:57:32,640 --> 00:57:35,040

gonna do

1492

00:57:33,680 --> 00:57:37,200

how many times can i use my battlefield

1493

00:57:35,040 --> 00:57:38,720

awareness oh [__] that's right you did

1494

00:57:37,200 --> 00:57:40,400

that you actually get a

1495

00:57:38,720 --> 00:57:42,000

thing for that you can technically do

1496

00:57:40,400 --> 00:57:43,839

that as many times as you want but i

1497

00:57:42,000 --> 00:57:45,040

forgot that actually gets you some uh

1498

00:57:43,839 --> 00:57:47,280

knowledge

1499

00:57:45,040 --> 00:57:49,599

oh [__] yeah uh brought me an insight

1500

00:57:47,280 --> 00:57:52,319

check oh hell yeah that's a wisdom skill

1501

00:57:49,599 --> 00:57:54,079

that's gonna be a 23. believe it or not

1502

00:57:52,319 --> 00:57:57,280

that actually doesn't get it

1503

00:57:54,079 --> 00:57:58,799

oh what it's equal to his cr and despite

1504

00:57:57,280 --> 00:58:00,250

the sad showing he is a very

1505

00:57:58,799 --> 00:58:02,000

icr creature

1506

00:58:00,250 --> 00:58:03,520

[Laughter]

1507

00:58:02,000 --> 00:58:06,240

not that this information is going to be

1508

00:58:03,520 --> 00:58:09,359

like super helpful to you right now

1509

00:58:06,240 --> 00:58:10,480

truth but i i will do my bonus action

1510

00:58:09,359 --> 00:58:13,280

dodge

1511

00:58:10,480 --> 00:58:14,160

try again next turn if he somehow lives

1512

00:58:13,280 --> 00:58:18,240

oh

1513

00:58:14,160 --> 00:58:20,000

all right what are

1514

00:58:18,240 --> 00:58:21,440

you know what not [__] it they're all

1515

00:58:20,000 --> 00:58:22,720

three of the fun pals are up and they're

1516

00:58:21,440 --> 00:58:24,720

just going to attempt to take off a

1517

00:58:22,720 --> 00:58:27,920

stone

1518

00:58:24,720 --> 00:58:31,200

oh [__] frightening gets one nice

1519

00:58:27,920 --> 00:58:31,680

nice brighton let's see which one does

1520

00:58:31,200 --> 00:58:36,000

he

1521

00:58:31,680 --> 00:58:39,040

get he gets

1522

00:58:36,000 --> 00:58:41,280

it's fried and fried and getting no

1523

00:58:39,040 --> 00:58:45,359

stones it's friday

1524

00:58:41,280 --> 00:58:49,760

oh my god which one did he get

1525

00:58:45,359 --> 00:58:52,480

so he pulls off one of the stones

1526

00:58:49,760 --> 00:58:55,200

and you see as he met it takes a lot out

1527

00:58:52,480 --> 00:58:57,280

of him to do it but he does manage to

1528

00:58:55,200 --> 00:58:58,799

reach one of the stones away from the

1529

00:58:57,280 --> 00:59:02,640

orbit around

1530

00:58:58,799 --> 00:59:05,760

imore's head and when he does this green

1531

00:59:02,640 --> 00:59:06,319

energy seems to flow out of emor and

1532

00:59:05,760 --> 00:59:09,520

back

1533

00:59:06,319 --> 00:59:14,000

into the stone and

1534

00:59:09,520 --> 00:59:19,440

as it does the other stones

1535

00:59:14,000 --> 00:59:22,799

fall yeah

1536

00:59:19,440 --> 00:59:27,359

emor immediately shrinks back

1537

00:59:22,799 --> 00:59:29,440

down to the size of a regular knoll

1538

00:59:27,359 --> 00:59:31,040

and he is no longer bound to any of the

1539

00:59:29,440 --> 00:59:34,200

stones that one

1540

00:59:31,040 --> 00:59:38,140

held 100 hp for him

1541

00:59:34,200 --> 00:59:38,140

[Laughter]

1542

00:59:39,440 --> 00:59:47,839

fun fact he had less than 100 health

1543

00:59:54,000 --> 01:00:00,640

cool you good there champ it's just

1544

00:59:58,559 --> 01:00:01,920

the amount of luck necessary for that to

1545

01:00:00,640 --> 01:00:04,559

happen

1546

01:00:01,920 --> 01:00:05,680

not as much as you think there was uh

1547

01:00:04,559 --> 01:00:08,960

i'm going to take a

1548

01:00:05,680 --> 01:00:12,319

stab in zidak and say i think we won

1549

01:00:08,960 --> 01:00:15,839

yay we won all hail king sniffs

1550

01:00:12,319 --> 01:00:15,839

king of the knolls

1551

01:00:16,330 --> 01:00:19,650

[Music]

1552

01:00:22,840 --> 01:00:25,929

[Music]

1553

01:00:27,200 --> 01:00:30,480

this can we try to start a champ what's

1554

01:00:29,280 --> 01:00:32,799

going on with the other knolls

1555

01:00:30,480 --> 01:00:33,640

uh the other gnolls look at you very

1556

01:00:32,799 --> 01:00:36,559

confused

1557

01:00:33,640 --> 01:00:38,880

[Laughter]

1558

01:00:36,559 --> 01:00:39,839

and snazzy like no please please stop

1559

01:00:38,880 --> 01:00:43,200

stop stop

1560

01:00:39,839 --> 01:00:44,880

no more none of this please no no no

1561

01:00:43,200 --> 01:00:46,000

when tara dives down with zell like

1562

01:00:44,880 --> 01:00:46,799

tries to put some space between them and

1563

01:00:46,000 --> 01:00:48,960

she's like

1564

01:00:46,799 --> 01:00:50,400

don't make zao or don't make uh sniffs

1565

01:00:48,960 --> 01:00:51,200

try to be a leader if he doesn't want to

1566

01:00:50,400 --> 01:00:52,400

be

1567

01:00:51,200 --> 01:00:54,480

that's the worst thing you could do

1568

01:00:52,400 --> 01:00:56,480

that's how you get bag leaders

1569

01:00:54,480 --> 01:00:57,839

so as you guys have this weird

1570

01:00:56,480 --> 01:01:00,480

conversation and

1571

01:00:57,839 --> 01:01:03,440

friday picks up the iron stones as was

1572

01:01:00,480 --> 01:01:03,440

his original mission

1573

01:01:03,520 --> 01:01:07,280

i need all of you guys to make me a

1574

01:01:05,280 --> 01:01:10,880

perception check

1575

01:01:07,280 --> 01:01:14,960

oh boy are we still in combat

1576

01:01:10,880 --> 01:01:19,200

let's just roll eighteen thirty twenty

1577

01:01:14,960 --> 01:01:22,240

nineteen safe you're the first one

1578

01:01:19,200 --> 01:01:27,040

to see this from your vantage point

1579

01:01:22,240 --> 01:01:30,799

the gem inside of emory's chest

1580

01:01:27,040 --> 01:01:35,040

begins to emit a dark

1581

01:01:30,799 --> 01:01:39,119

miasma oh that's not good it overtakes

1582

01:01:35,040 --> 01:01:42,480

his entire body slowly but surely

1583

01:01:39,119 --> 01:01:46,079

until eventually there is an eruption

1584

01:01:42,480 --> 01:01:48,720

of black energy it pushes

1585

01:01:46,079 --> 01:01:50,480

anyone who is near him back about 10

1586

01:01:48,720 --> 01:01:54,160

feet

1587

01:01:50,480 --> 01:01:57,760

and igor's body rises up

1588

01:01:54,160 --> 01:02:01,920

the gem begins to crack until

1589

01:01:57,760 --> 01:02:05,359

it shatters and then emor

1590

01:02:01,920 --> 01:02:07,599

grows once again

1591

01:02:05,359 --> 01:02:09,440

but not into the form you recognize from

1592

01:02:07,599 --> 01:02:13,200

before

1593

01:02:09,440 --> 01:02:16,400

now he grows horns

1594

01:02:13,200 --> 01:02:20,000

through his mane his eyes

1595

01:02:16,400 --> 01:02:23,200

turn bright crimson red

1596

01:02:20,000 --> 01:02:26,720

his snout elongates with more

1597

01:02:23,200 --> 01:02:29,359

teeth than he had before

1598

01:02:26,720 --> 01:02:30,640

muscles built on top of muscles making

1599

01:02:29,359 --> 01:02:33,920

what he was before

1600

01:02:30,640 --> 01:02:34,640

almost looks small by comparison as he

1601

01:02:33,920 --> 01:02:39,039

rises up

1602

01:02:34,640 --> 01:02:39,039

and lets out a bellowing howl

1603

01:02:42,319 --> 01:02:50,400

emor has returned as something

1604

01:02:46,160 --> 01:02:54,000

else entirely the other gnolls

1605

01:02:50,400 --> 01:02:57,200

see this and they run off in fear

1606

01:02:54,000 --> 01:03:01,920

they don't know what this is even

1607

01:02:57,200 --> 01:03:01,920

sniffs looks horrified

1608

01:03:11,760 --> 01:03:17,839

we're back to the top of the order safe

1609

01:03:14,240 --> 01:03:17,839

you're up

1610

01:03:18,880 --> 01:03:24,480

it's going to be a tough shot i can i

1611

01:03:22,400 --> 01:03:25,440

i'm going to call my shot at his uh at

1612

01:03:24,480 --> 01:03:28,880

his torso

1613

01:03:25,440 --> 01:03:32,559

at the gem itself the gym is shaggered

1614

01:03:28,880 --> 01:03:36,319

the gem is no longer in effect oh man

1615

01:03:32,559 --> 01:03:39,680

okay well i guess i'm just

1616

01:03:36,319 --> 01:03:43,520

gonna i'm gonna leave my birds

1617

01:03:39,680 --> 01:03:43,520

still with arlo

1618

01:03:43,599 --> 01:03:46,640

and i'm gonna take a shot all right you

1619

01:03:46,000 --> 01:03:48,079

said you were do

1620

01:03:46,640 --> 01:03:49,839

are you still doing a cold shot or are

1621

01:03:48,079 --> 01:03:50,880

you going back to standard i'm just

1622

01:03:49,839 --> 01:03:53,359

going back to standard

1623

01:03:50,880 --> 01:03:55,200

doing any special ammo i think all i

1624

01:03:53,359 --> 01:03:58,559

have left are

1625

01:03:55,200 --> 01:04:00,799

poison and concussion and blindness but

1626

01:03:58,559 --> 01:04:03,440

blindness won't do us any good

1627

01:04:00,799 --> 01:04:05,119

well his stones are gone we don't know

1628

01:04:03,440 --> 01:04:09,119

he still has true sight

1629

01:04:05,119 --> 01:04:10,400

oh he doesn't have true sight does he

1630

01:04:09,119 --> 01:04:13,280

we don't know that he does but we don't

1631

01:04:10,400 --> 01:04:15,920

know that he doesn't all right

1632

01:04:13,280 --> 01:04:17,200

i'm going with blindness all right go

1633

01:04:15,920 --> 01:04:20,720

ahead

1634

01:04:17,200 --> 01:04:24,640

does an 18 hit 18 hits oh thank god

1635

01:04:20,720 --> 01:04:29,599

okay uh roll me a deck save

1636

01:04:24,640 --> 01:04:33,039

there's a 15 pass i have a my ac is 15.

1637

01:04:29,599 --> 01:04:35,920

you're ac smite my my spell save sorry

1638

01:04:33,039 --> 01:04:36,559

i have to say what number are you using

1639

01:04:35,920 --> 01:04:40,880

that

1640

01:04:36,559 --> 01:04:44,079

matches so um yeah he takes it 26.

1641

01:04:40,880 --> 01:04:44,079

cool terry you're up

1642

01:04:45,680 --> 01:04:49,280

wait did it blind him did it do anything

1643

01:04:47,839 --> 01:04:52,720

is he blinded

1644

01:04:49,280 --> 01:04:54,720

yes hell yeah

1645

01:04:52,720 --> 01:04:56,079

he's covering his eyes with one hand but

1646

01:04:54,720 --> 01:04:59,200

he's still thrashing about

1647

01:04:56,079 --> 01:05:00,240

wildly with the other it has blinded him

1648

01:04:59,200 --> 01:05:00,799

but it doesn't seem to have done

1649

01:05:00,240 --> 01:05:04,160

anything

1650

01:05:00,799 --> 01:05:06,559

to lessen his bloodlust you know what

1651

01:05:04,160 --> 01:05:07,280

can i take a bonus action and hit him

1652

01:05:06,559 --> 01:05:09,280

again

1653

01:05:07,280 --> 01:05:11,039

oh [__] that's right crossbow expert

1654

01:05:09,280 --> 01:05:12,799

mm-hmm yes you can

1655

01:05:11,039 --> 01:05:14,160

all right this time i'm going with

1656

01:05:12,799 --> 01:05:15,599

concussion we're going to try to knock

1657

01:05:14,160 --> 01:05:19,599

him prone

1658

01:05:15,599 --> 01:05:21,359

all right do it does a 17 hit

1659

01:05:19,599 --> 01:05:22,640

17 matches but we have said that that

1660

01:05:21,359 --> 01:05:26,480

hits so yes

1661

01:05:22,640 --> 01:05:31,599

oh my god do me a con save

1662

01:05:26,480 --> 01:05:34,480

does a 30 pass oh [__]

1663

01:05:31,599 --> 01:05:35,920

yes yes it does all right so he just

1664

01:05:34,480 --> 01:05:36,240

he's a big boy his khan's probably real

1665

01:05:35,920 --> 01:05:37,680

high

1666

01:05:36,240 --> 01:05:39,440

he doesn't he's not going to take the

1667

01:05:37,680 --> 01:05:40,480

thunder damage then or be knock prone

1668

01:05:39,440 --> 01:05:41,920

he's just going to take my

1669

01:05:40,480 --> 01:05:42,960

shot then he should still take the

1670

01:05:41,920 --> 01:05:44,240

thunder damage he just doesn't get

1671

01:05:42,960 --> 01:05:45,520

knocked prone

1672

01:05:44,240 --> 01:05:48,960

okay cool i think is the way i wrote

1673

01:05:45,520 --> 01:05:52,880
that out 32.

1674

01:05:48,960 --> 01:05:54,900
christ yep 2d 12.

1675

01:05:52,880 --> 01:05:56,880
you know what that's on me

1676

01:05:54,900 --> 01:06:00,960
[Laughter]

1677

01:05:56,880 --> 01:06:04,160
all right tara you're up okay

1678

01:06:00,960 --> 01:06:07,520
i'm going to

1679

01:06:04,160 --> 01:06:11,119
first off ice knife him

1680

01:06:07,520 --> 01:06:16,480
ice knife that [__] 18 to hit

1681

01:06:11,119 --> 01:06:20,000
hits okay so uh that's the 10 piercing

1682

01:06:16,480 --> 01:06:23,280
followed by the duck saves

1683

01:06:20,000 --> 01:06:23,920
19. okay so he doesn't take cold damage

1684

01:06:23,280 --> 01:06:27,280

um

1685

01:06:23,920 --> 01:06:30,480

hey guys i found my good dice they were

1686

01:06:27,280 --> 01:06:30,480

hiding behind the first face

1687

01:06:31,520 --> 01:06:38,640

get rid of them and then can

1688

01:06:34,799 --> 01:06:42,000

my velociraptors get to him yes

1689

01:06:38,640 --> 01:06:44,079

okay first one does

1690

01:06:42,000 --> 01:06:46,799

a 17 hit i can't remember if we said

1691

01:06:44,079 --> 01:06:49,599

that does it matches so it hits

1692

01:06:46,799 --> 01:06:50,559

okay that's five piercing second attack

1693

01:06:49,599 --> 01:06:54,400

on the first one

1694

01:06:50,559 --> 01:06:58,559

is non-nat 20 which is four

1695

01:06:54,400 --> 01:07:00,160

second one is a natural 20 which is

1696

01:06:58,559 --> 01:07:01,760

uh not it's not too bad it's just a

1697

01:07:00,160 --> 01:07:04,160

velociraptor eight

1698

01:07:01,760 --> 01:07:05,359

plus five that's 13 for the first attack

1699

01:07:04,160 --> 01:07:08,559

on the second one

1700

01:07:05,359 --> 01:07:12,160

second attack is a 14

1701

01:07:08,559 --> 01:07:15,359

third one is a 21

1702

01:07:12,160 --> 01:07:18,000

so that's five uh that misses

1703

01:07:15,359 --> 01:07:19,520

fourth one it's a non-nut 20 so that's

1704

01:07:18,000 --> 01:07:23,599

five

1705

01:07:19,520 --> 01:07:26,880

followed by miss maybe five

1706

01:07:23,599 --> 01:07:27,440

gets a 17 which we said miss or it meets

1707

01:07:26,880 --> 01:07:30,799

so that's

1708

01:07:27,440 --> 01:07:33,920

5 followed by 21

1709

01:07:30,799 --> 01:07:37,359

which is 4 19

1710

01:07:33,920 --> 01:07:40,640

for the sixth one so 5

1711

01:07:37,359 --> 01:07:43,920

followed by a miss and 7

1712

01:07:40,640 --> 01:07:46,240

this is followed by another miss

1713

01:07:43,920 --> 01:07:47,359

they're moderately concerned by how big

1714

01:07:46,240 --> 01:07:48,559

he is

1715

01:07:47,359 --> 01:07:51,280

so they missed a little bit more than

1716

01:07:48,559 --> 01:07:54,480

they were before but then

1717

01:07:51,280 --> 01:07:56,160

zal is also gonna go back up in the air

1718

01:07:54,480 --> 01:07:58,240

does anyone want to get on zao while i'm

1719

01:07:56,160 --> 01:07:59,119

on the ground yeah clean i'll take you

1720

01:07:58,240 --> 01:08:02,240

up on that

1721

01:07:59,119 --> 01:08:04,000

uh i will jump on as well all right so

1722

01:08:02,240 --> 01:08:07,359

you guys jump on when tara says hang on

1723

01:08:04,000 --> 01:08:10,880

tight and i'd like zhao to go up

1724

01:08:07,359 --> 01:08:14,079

and then attack him in a swoop that's

1725

01:08:10,880 --> 01:08:16,400

a 23 to hit

1726

01:08:14,079 --> 01:08:18,640

22 from zal before where you go back up

1727

01:08:16,400 --> 01:08:20,560

in the air i'd say probably 50 feet

1728

01:08:18,640 --> 01:08:22,000

all right is that gonna be it for you

1729

01:08:20,560 --> 01:08:23,600

yes all right

1730

01:08:22,000 --> 01:08:26,000

cool so all three of you are up in the

1731

01:08:23,600 --> 01:08:27,520

air leaving this thing with the npc's do

1732

01:08:26,000 --> 01:08:29,839

i have that about right

1733

01:08:27,520 --> 01:08:31,600

unless any of them jumped on zao with us

1734

01:08:29,839 --> 01:08:33,279

yeah we don't control what they do

1735

01:08:31,600 --> 01:08:34,960

yeah but i'm hungry for blood at this

1736

01:08:33,279 --> 01:08:36,719

point

1737

01:08:34,960 --> 01:08:38,880

did any of the fun pals take us up since

1738

01:08:36,719 --> 01:08:40,640

they're tiny so you want this guy to

1739

01:08:38,880 --> 01:08:45,279

murder sniffs is what i'm hearing

1740

01:08:40,640 --> 01:08:45,279

no no sure damn

1741

01:08:45,640 --> 01:08:49,520

[Music]

1742

01:08:47,679 --> 01:08:50,799

remember sniffs does have my temp hp

1743

01:08:49,520 --> 01:08:52,719

though no i'm

1744

01:08:50,799 --> 01:08:54,000

i'm aware we'll see how much that

1745

01:08:52,719 --> 01:08:55,600

matters wait

1746

01:08:54,000 --> 01:08:57,759

wait that means the bear is like still

1747

01:08:55,600 --> 01:08:59,600

out yes

1748

01:08:57,759 --> 01:09:01,359

this all just happened and then the bear

1749

01:08:59,600 --> 01:09:07,839

starts jumping on the ground again

1750

01:09:01,359 --> 01:09:07,839

and it's like let loose the dogs of war

1751

01:09:09,359 --> 01:09:13,920

all right so emor is going to i'll i'll

1752

01:09:12,640 --> 01:09:16,960

roll a d4 and see

1753

01:09:13,920 --> 01:09:18,239

who he goes for i mean my velociraptors

1754

01:09:16,960 --> 01:09:19,040

are still on the ground too so he could

1755

01:09:18,239 --> 01:09:21,040

still technically

1756

01:09:19,040 --> 01:09:22,560

they're blocking him a little bit and

1757

01:09:21,040 --> 01:09:25,279

modi is down there too

1758

01:09:22,560 --> 01:09:26,239

and my birds okay fine i guess i'll just

1759

01:09:25,279 --> 01:09:28,799

do some

1760

01:09:26,239 --> 01:09:30,640

zoo yard genocide if that's really the

1761

01:09:28,799 --> 01:09:32,319

way we want to do this

1762

01:09:30,640 --> 01:09:34,159

i'm just saying there's multiple people

1763

01:09:32,319 --> 01:09:36,880

down there it's not just sniffs

1764

01:09:34,159 --> 01:09:38,239

i will roll a d8 and see what happens

1765

01:09:36,880 --> 01:09:38,799

all right cool he's going to swing at

1766

01:09:38,239 --> 01:09:41,440

sniffs

1767

01:09:38,799 --> 01:09:41,440

see what happens

1768

01:09:44,640 --> 01:09:48,080

you guys might be surprised to hear this

1769

01:09:46,719 --> 01:09:51,679

but sniffs does not have

1770

01:09:48,080 --> 01:09:51,679

an ac of 21.

1771

01:09:52,000 --> 01:09:58,239

so he is going to oh

1772

01:09:55,040 --> 01:09:59,120

my god jordan don't you hurt our baby

1773

01:09:58,239 --> 01:10:02,000

boy

1774

01:09:59,120 --> 01:10:03,440

you did this you did this okay there we

1775

01:10:02,000 --> 01:10:07,760

go he has this temp hp

1776

01:10:03,440 --> 01:10:12,080

now he takes 26 points of bludgeoning

1777

01:10:07,760 --> 01:10:14,640

or piercing poor boy

1778

01:10:12,080 --> 01:10:16,480

and he has more attacks oh emory you

1779

01:10:14,640 --> 01:10:19,920

done [__] up now

1780

01:10:16,480 --> 01:10:23,280

that one hits can i say

1781

01:10:19,920 --> 01:10:26,719

on the next attack he tries to do i

1782

01:10:23,280 --> 01:10:27,760

ask zal to call out using tactical

1783

01:10:26,719 --> 01:10:30,080

insight

1784

01:10:27,760 --> 01:10:31,840

to see if it distracts him trying to

1785

01:10:30,080 --> 01:10:33,199

give disadvantage

1786

01:10:31,840 --> 01:10:35,040

he already has this advantage because

1787

01:10:33,199 --> 01:10:38,640

he's blind that being said

1788

01:10:35,040 --> 01:10:40,480

sniffs is now down oh emor has just

1789

01:10:38,640 --> 01:10:44,320

put his penis through the hole of the

1790

01:10:40,480 --> 01:10:47,440

blu-ray copy of my favorite pixar movie

1791

01:10:44,320 --> 01:10:50,640

what the [__] does that mean

1792

01:10:47,440 --> 01:10:54,480

he just [__] up now oh

1793

01:10:50,640 --> 01:10:56,400

my god oh

1794

01:10:54,480 --> 01:10:58,400

boy let's see who he goes for next

1795

01:10:56,400 --> 01:11:01,920

because he still has more attacks

1796

01:10:58,400 --> 01:11:05,920

five he's going to attack the ravens

1797

01:11:01,920 --> 01:11:08,880

that misses does an 11 hit ravens

1798

01:11:05,920 --> 01:11:10,000

no okay cool so all he does is he down

1799

01:11:08,880 --> 01:11:13,679

sniffs

1800

01:11:10,000 --> 01:11:18,080

uh that is going to be sniff's turn

1801

01:11:13,679 --> 01:11:18,080

as he makes his first death saving throw

1802

01:11:19,199 --> 01:11:23,760

huh arlo you're up all right i want to

1803

01:11:22,239 --> 01:11:26,719

do that inside roll with the uh the

1804

01:11:23,760 --> 01:11:28,239

battlefield awareness again all right go

1805

01:11:26,719 --> 01:11:32,320

ahead and roll it

1806

01:11:28,239 --> 01:11:34,239

this is 25 son you do make that one

1807

01:11:32,320 --> 01:11:35,600

you can know either his current and max

1808

01:11:34,239 --> 01:11:37,360

hp his ac

1809

01:11:35,600 --> 01:11:38,800

his highest spell slot if any his

1810

01:11:37,360 --> 01:11:41,520

highest ability score

1811

01:11:38,800 --> 01:11:43,120

and the spellcasting modifier if any any

1812

01:11:41,520 --> 01:11:45,120

vulnerabilities resistances

1813

01:11:43,120 --> 01:11:46,880

or immunities he has to damage and any

1814

01:11:45,120 --> 01:11:48,960

conditioned immunities if any

1815

01:11:46,880 --> 01:11:50,480

which one would you like to know

1816

01:11:48,960 --> 01:11:52,719

vulnerabilities

1817

01:11:50,480 --> 01:11:54,239

he does not have any vulnerabilities he

1818

01:11:52,719 --> 01:11:57,520

is resistant to

1819

01:11:54,239 --> 01:11:59,360

cold fire lightning and then melee

1820

01:11:57,520 --> 01:12:02,480

damage from non-magical attacks

1821

01:11:59,360 --> 01:12:04,800

not made with silvered weapons and he is

1822

01:12:02,480 --> 01:12:06,320

immune to poison damage

1823

01:12:04,800 --> 01:12:07,920

well i was hoping i would find something

1824

01:12:06,320 --> 01:12:09,199

that would like uh make my plans a

1825

01:12:07,920 --> 01:12:10,480

little bit more exciting

1826

01:12:09,199 --> 01:12:12,480

sorry they'll never don't have

1827

01:12:10,480 --> 01:12:15,440

vulnerabilities they don't know

1828

01:12:12,480 --> 01:12:17,199

but erl's gonna yell out you [__] on a

1829

01:12:15,440 --> 01:12:20,320

stick and then he's gonna fire

1830

01:12:17,199 --> 01:12:22,239

a third level guiding bolt at him

1831

01:12:20,320 --> 01:12:23,600

oh well this is going to be great that's

1832

01:12:22,239 --> 01:12:26,880

a

1833

01:12:23,600 --> 01:12:29,840

dirty 20 to hit does it

1834

01:12:26,880 --> 01:12:31,120

yeah this is going to hurt like a [__]

1835

01:12:29,840 --> 01:12:34,560

that's going to be

1836

01:12:31,120 --> 01:12:35,120

66 22 radiant damage and everyone has

1837

01:12:34,560 --> 01:12:37,679

advantage

1838

01:12:35,120 --> 01:12:39,920

hitting him until my next turn wow that

1839

01:12:37,679 --> 01:12:42,100

means so much on a blind person

1840

01:12:39,920 --> 01:12:44,000

i mean whatever

1841

01:12:42,100 --> 01:12:47,679

[Laughter]

1842

01:12:44,000 --> 01:12:50,960

this is the most damaging spell i can do

1843

01:12:47,679 --> 01:12:54,000

is that for you that's it

1844

01:12:50,960 --> 01:12:57,679

all right cool uh that brings it

1845

01:12:54,000 --> 01:13:00,800

over to the fun pals

1846

01:12:57,679 --> 01:13:05,520

first things first friday is

1847

01:13:00,800 --> 01:13:07,360

going to use shatter

1848

01:13:05,520 --> 01:13:09,920

uh emor fully passes that one but he

1849

01:13:07,360 --> 01:13:12,320

will still take some damage

1850

01:13:09,920 --> 01:13:13,199

after that he is going to turn over to

1851

01:13:12,320 --> 01:13:15,280

nathan

1852

01:13:13,199 --> 01:13:17,280

say excuse me my friend if you would not

1853

01:13:15,280 --> 01:13:21,120

mind helping a tiny

1854

01:13:17,280 --> 01:13:24,000

smellier friend and

1855

01:13:21,120 --> 01:13:24,640

nathan is going to cast healing spirit

1856

01:13:24,000 --> 01:13:27,600

centered

1857

01:13:24,640 --> 01:13:27,600

on sniffs

1858

01:13:28,320 --> 01:13:33,840

so sniffs pops back up

1859

01:13:38,960 --> 01:13:47,840

guys that's not

1860

01:13:42,320 --> 01:13:47,840
anymore do what you have to do

1861

01:13:48,960 --> 01:13:52,239
everyone say you're here okay

1862

01:13:52,960 --> 01:13:55,840
sounds good

1863

01:13:56,080 --> 01:14:03,280
and p is going to

1864

01:14:00,080 --> 01:14:06,400
pull out a um little device

1865

01:14:03,280 --> 01:14:08,960
of his own and

1866

01:14:06,400 --> 01:14:08,960
actually

1867

01:14:09,679 --> 01:14:14,320
no he's not oh boy he's gonna do

1868

01:14:12,960 --> 01:14:18,080
something better

1869

01:14:14,320 --> 01:14:21,520
oh boy hey arlo

1870

01:14:18,080 --> 01:14:25,600
what up make

1871

01:14:21,520 --> 01:14:26,400

my arlo growl he's gonna cast enlarge on

1872

01:14:25,600 --> 01:14:28,480

you

1873

01:14:26,400 --> 01:14:31,040

without a power rangers reference as

1874

01:14:28,480 --> 01:14:34,159

opposed to

1875

01:14:31,040 --> 01:14:38,239

who are you to judge

1876

01:14:34,159 --> 01:14:40,159

you know what that's valid that's fair

1877

01:14:38,239 --> 01:14:42,239

so i'm guessing you don't have you're

1878

01:14:40,159 --> 01:14:43,360

not on my back any or not on zell's back

1879

01:14:42,239 --> 01:14:45,760

anymore

1880

01:14:43,360 --> 01:14:46,480

well probably not i think i have to get

1881

01:14:45,760 --> 01:14:48,719

off

1882

01:14:46,480 --> 01:14:49,920

you can also make it down safely because

1883

01:14:48,719 --> 01:14:53,520

you are now big boy

1884

01:14:49,920 --> 01:14:56,800

you are imore's size

1885

01:14:53,520 --> 01:14:58,960

hell yeah mecha fight and

1886

01:14:56,800 --> 01:15:00,560

with that is gonna go back around to

1887

01:14:58,960 --> 01:15:03,679

safe's turn

1888

01:15:00,560 --> 01:15:05,600

hey all right well first all of my

1889

01:15:03,679 --> 01:15:06,640

ravens are gonna attack big boy because

1890

01:15:05,600 --> 01:15:08,159

now they're pissed off

1891

01:15:06,640 --> 01:15:09,840

now that he has flailed wildly about

1892

01:15:08,159 --> 01:15:11,040

them missing like a [__]

1893

01:15:09,840 --> 01:15:13,520

all right do you want me to roll for

1894

01:15:11,040 --> 01:15:15,120

them separately there's seven of them

1895

01:15:13,520 --> 01:15:18,080

just roll as one big group i don't have

1896

01:15:15,120 --> 01:15:20,239

the patience for this anymore

1897

01:15:18,080 --> 01:15:21,920

a certain druid that summons monsters

1898

01:15:20,239 --> 01:15:24,960

out of the ass kind of killed the fun of

1899

01:15:21,920 --> 01:15:28,719

it for me

1900

01:15:24,960 --> 01:15:31,760

does an 18 hit 18 hits

1901

01:15:28,719 --> 01:15:36,320

all right 25. all right

1902

01:15:31,760 --> 01:15:39,679

and i still have one more special shot

1903

01:15:36,320 --> 01:15:40,480

oh [__] nat 20. yeah no that sounds

1904

01:15:39,679 --> 01:15:42,719

about right

1905

01:15:40,480 --> 01:15:43,679

i will tell you which special shot is

1906

01:15:42,719 --> 01:15:45,520

this

1907

01:15:43,679 --> 01:15:46,719

poison don't do that damage he's immune

1908

01:15:45,520 --> 01:15:48,719

to poison damage

1909

01:15:46,719 --> 01:15:50,560

oh perfect thank you for telling me that

1910

01:15:48,719 --> 01:15:54,159

cool so all right he'll

1911

01:15:50,560 --> 01:15:57,679

just get my d10

1912

01:15:54,159 --> 01:16:01,040

and my sneak attack

1913

01:15:57,679 --> 01:16:04,320

all right plus uh so that's 19

1914

01:16:01,040 --> 01:16:05,600

and i'm gonna take a second hit uh does

1915

01:16:04,320 --> 01:16:08,640

a 16 hit

1916

01:16:05,600 --> 01:16:10,560

no 16 does not hit nice

1917

01:16:08,640 --> 01:16:12,000

well there we go oh wait and then

1918

01:16:10,560 --> 01:16:13,280

there's modi

1919

01:16:12,000 --> 01:16:14,640

you guys are not allowed to complain

1920

01:16:13,280 --> 01:16:16,000

about when i throw a lot of things at

1921

01:16:14,640 --> 01:16:17,600

you anymore because now you guys

1922

01:16:16,000 --> 01:16:18,800

outnumber me by a metric [__] ton and

1923

01:16:17,600 --> 01:16:20,239

that's ignoring the fact that i got rid

1924

01:16:18,800 --> 01:16:22,960

of knowles

1925

01:16:20,239 --> 01:16:24,480

that's true you brought this on your in

1926

01:16:22,960 --> 01:16:26,000

yourself you wouldn't have to try so

1927

01:16:24,480 --> 01:16:26,800

hard if you didn't bring so many dudes

1928

01:16:26,000 --> 01:16:28,560

to the party

1929

01:16:26,800 --> 01:16:29,840

you did bring a lot of dudes you brought

1930

01:16:28,560 --> 01:16:32,159

too many lads

1931

01:16:29,840 --> 01:16:34,000

yeah you know if modi if modi dies he

1932

01:16:32,159 --> 01:16:37,360

just poofs and comes back to me so he's

1933

01:16:34,000 --> 01:16:39,360

gonna go and attack with my sword

1934

01:16:37,360 --> 01:16:41,440

wait wait wait when modi's in your form

1935

01:16:39,360 --> 01:16:43,840

does modi still go wow

1936

01:16:41,440 --> 01:16:45,280

he doesn't really meow that much he's

1937

01:16:43,840 --> 01:16:48,159

actually pretty silent

1938

01:16:45,280 --> 01:16:50,560

very stoic i might get him to purr from

1939

01:16:48,159 --> 01:16:53,679

time to time but that's pretty rare

1940

01:16:50,560 --> 01:16:57,280

just roll the hit 17

1941

01:16:53,679 --> 01:17:01,840

hits nice

1942

01:16:57,280 --> 01:17:02,640

five cool is that gonna be it for you

1943

01:17:01,840 --> 01:17:06,880

yep

1944

01:17:02,640 --> 01:17:10,400

all right we are back oh wait no [__] i

1945

01:17:06,880 --> 01:17:11,679

went sarah okay i'm sorry i almost i

1946

01:17:10,400 --> 01:17:14,400

almost skipped you because the turn took

1947

01:17:11,679 --> 01:17:16,480

forever and i associated that with you

1948

01:17:14,400 --> 01:17:18,159

cody wouldn't modi wouldn't get a bonus

1949

01:17:16,480 --> 01:17:21,120

action right no

1950

01:17:18,159 --> 01:17:23,199

okay no no no no no that's plenty thank

1951

01:17:21,120 --> 01:17:25,360

you

1952

01:17:23,199 --> 01:17:27,040

okay i'll start with what when tara does

1953

01:17:25,360 --> 01:17:27,440

and she's gonna take like a piece of

1954

01:17:27,040 --> 01:17:30,320

like

1955

01:17:27,440 --> 01:17:31,520

the sweat from her brow at this point

1956

01:17:30,320 --> 01:17:35,280

and then like

1957

01:17:31,520 --> 01:17:38,400

flick it and her ice knife and

1958

01:17:35,280 --> 01:17:39,280

that's a a sweat knife a sweaty ice

1959

01:17:38,400 --> 01:17:42,960

knife

1960

01:17:39,280 --> 01:17:45,280

gross 18 to hit it's

1961

01:17:42,960 --> 01:17:46,800

sweet and then he can make his deck safe

1962

01:17:45,280 --> 01:17:48,800

please while i roll this

1963

01:17:46,800 --> 01:17:50,000

so we know if he takes ice damage that's

1964

01:17:48,800 --> 01:17:52,560

an eight so i'm gonna

1965

01:17:50,000 --> 01:17:53,360

say he does yeah he'll take the ice

1966

01:17:52,560 --> 01:17:56,640

damage that's

1967

01:17:53,360 --> 01:17:59,760

five of the ice knife piercing

1968

01:17:56,640 --> 01:18:02,159

and then that's 10 ice

1969

01:17:59,760 --> 01:18:03,679

damage only five ice damage he resists

1970

01:18:02,159 --> 01:18:05,679

cold and he's resistant

1971

01:18:03,679 --> 01:18:07,679

right and then let's go back to my

1972

01:18:05,679 --> 01:18:10,239

little screechy friends

1973

01:18:07,679 --> 01:18:12,080

i will say despite how much he's still

1974

01:18:10,239 --> 01:18:13,920

roaring and thrashing about he

1975

01:18:12,080 --> 01:18:15,280

does not it looks like he's basically

1976

01:18:13,920 --> 01:18:17,920

moving by will

1977

01:18:15,280 --> 01:18:19,199

and fury alone do you want me to keep

1978

01:18:17,920 --> 01:18:20,800

rolling them individually or would you

1979

01:18:19,199 --> 01:18:22,000

like me to switch as a group

1980

01:18:20,800 --> 01:18:23,920

that would be lovely if you wouldn't

1981

01:18:22,000 --> 01:18:26,640

mind actually

1982

01:18:23,920 --> 01:18:28,239

uh yeah they all definitely [__] hit

1983

01:18:26,640 --> 01:18:31,280

cool

1984

01:18:28,239 --> 01:18:34,560

roll that delicious dino damage

1985

01:18:31,280 --> 01:18:35,840

not oh wait yeah nine times seven 63

1986

01:18:34,560 --> 01:18:41,840

damage please from my

1987

01:18:35,840 --> 01:18:41,840

my angry little chompy friends

1988

01:18:46,640 --> 01:18:50,719

they're just perfect in every single

1989

01:18:48,320 --> 01:18:54,000

waveform shape possible

1990

01:18:50,719 --> 01:18:58,320

and they are also the last thing

1991

01:18:54,000 --> 01:19:01,920

that emor hears before

1992

01:18:58,320 --> 01:19:06,320

he is alive by these

1993

01:19:01,920 --> 01:19:06,320

sickly dying velociraptors

1994

01:19:07,040 --> 01:19:14,400

feed and that is where we shall pause

1995

01:19:11,360 --> 01:19:14,400

our tale for now

1996

01:19:19,760 --> 01:19:23,920

hello everyone jordan here we have a few

1997

01:19:22,159 --> 01:19:25,920

plugs shout out as well as a few

1998

01:19:23,920 --> 01:19:26,880

bloopers that didn't quite make it into

1999

01:19:25,920 --> 01:19:29,360

the episode proper

2000

01:19:26,880 --> 01:19:30,640

so make sure you listen to the very end

2001

01:19:29,360 --> 01:19:33,840

[Music]

2038

01:21:28,000 --> 01:21:31,040
snyder's return is a tabletop

2039

01:21:29,600 --> 01:21:32,960
role-playing podcast featuring

2040

01:21:31,040 --> 01:21:35,600
interviews and a dnd 5e

2041

01:21:32,960 --> 01:21:36,000
actual play adventure so you can learn

2042

01:21:35,600 --> 01:21:37,440
about

2043

01:21:36,000 --> 01:21:39,840
different game systems and content

2044

01:21:37,440 --> 01:21:42,000
creation while also listening to us

2045

01:21:39,840 --> 01:21:43,679
disrupt everyday life on the saw coast

2046

01:21:42,000 --> 01:21:45,840
we release episodes every tuesday and

2047

01:21:43,679 --> 01:21:46,639

thursday on your podcasting platform so

2048

01:21:45,840 --> 01:21:51,199

come join us

2049

01:21:46,639 --> 01:21:51,199

as we improvise adapt and overcome

2050

01:21:52,960 --> 01:21:58,400

like he's mad with the power did we ever

2051

01:21:56,000 --> 01:21:59,840

establish that he's smarter he leads

2052

01:21:58,400 --> 01:22:02,719

them

2053

01:21:59,840 --> 01:22:05,120

we've established that he's boner but

2054

01:22:02,719 --> 01:22:08,639

bonery

2055

01:22:05,120 --> 01:22:08,639

okay and that's that's a word

2056

01:22:09,360 --> 01:22:14,159

we've established that he is more rigid

2057

01:22:11,600 --> 01:22:14,159

in niche

2058

01:22:15,520 --> 01:22:19,120

thank you drew you're welcome

2059

01:22:20,560 --> 01:22:26,800

46 that's not right

2060

01:22:23,679 --> 01:22:31,199

hang on i'm sorry wrong one how in

2061

01:22:26,800 --> 01:22:34,719

[__] [__] start it was my 100 i'm sorry

2062

01:22:31,199 --> 01:22:38,320

46 out of 10. i got a 46 out of 10.

2063

01:22:34,719 --> 01:22:41,360

that's not the right dice

2064

01:22:38,320 --> 01:22:41,360

i am sorry

2065

01:22:42,000 --> 01:22:47,280

holy [__] jordan i actually rolled a 9

2066

01:22:44,960 --> 01:22:50,960

000 on damage so yeah he turns into ash

2067

01:22:47,280 --> 01:22:53,840

oh my god i know i know

2068

01:22:50,960 --> 01:22:53,840

i deserve this

2069

01:22:54,239 --> 01:22:58,239

i'm still pretty sure because they came

2070

01:22:55,600 --> 01:23:01,040

from a magic tattoo your birds much like

2071

01:22:58,239 --> 01:23:02,320

when tara's everything counts as magical

2072

01:23:01,040 --> 01:23:03,760

yes

2073

01:23:02,320 --> 01:23:06,159

when tara flips her hair and there's

2074

01:23:03,760 --> 01:23:08,960

just sparkles of magic

2075

01:23:06,159 --> 01:23:08,960

indeed

2076

01:23:12,400 --> 01:23:17,040

tara's family thinks dandruff is excess

2077

01:23:14,719 --> 01:23:20,239

magic

2078

01:23:17,040 --> 01:23:22,000

magic that's oh boy ah so much magic

2079

01:23:20,239 --> 01:23:28,800

falls off mail it when tara please

2080

01:23:22,000 --> 01:23:28,800

shower at some point
