

SOUL RESTORATION COUNSELING
SERVICES, PLLC

"TO PROVIDE TRANSFORMATIVE THERAPY SERVICES THAT ALLOWS
EACH SOUL TO LIVE RESTORED"

Licensed or Provisionally Licensed Therapist

Soul Restoration Counseling Services, PLLC

Location: Telehealth — North Carolina Only

Employment: Contract or Part-Time with Opportunity for Full-Time W-2 Employment

Schedule: Consistent Daytime and/or Evening Availability

About Soul Restoration

Soul Restoration Counseling Services is a growing telehealth group practice serving clients throughout North Carolina. We provide compassionate, trauma-informed care while creating space for clients who desire Christian and faith-integrated counseling.

We are looking for **passionate, dependable therapists who want to build a sustainable career—not simply pick up a few extra clients.**

The Opportunity

We welcome both **Fully Licensed and Provisionally Licensed Therapists** who are interested in growing toward full-time employment.

Depending on your experience and current situation, you may begin as a:

- **1099 Contractor** while building your caseload
- **Part-Time Clinician** if you are transitioning from another practice or bringing an existing caseload
- **Full-Time W-2 Clinician** as your caseload and commitment to the practice grow

Our goal is to develop strong clinicians into long-term members of the Soul Restoration team.

Who We're Looking For

The ideal therapist is:

- **Passionate about therapy** and sees clinical work as a calling, not simply a job.
- **Authentic, warm, and down-to-earth** with a strong ability to connect with clients.
- **A great listener** who is patient, empathetic, and able to work with different personalities and backgrounds.
- **Dependable and consistent** with recurring availability each week.
- **Flexible** with either daytime, evening, or a combination of hours.
- **A team player** who values collaboration and communication.
- **Community-minded** and interested in outreach, networking, and serving communities throughout rural NC, the Triangle, and beyond.
- **Growth-oriented** and willing to learn, receive feedback, and develop professionally.
- **Comfortable with practice growth and marketing.** We provide marketing and referrals, but we value clinicians who are willing to put themselves out there and build professional relationships.
- **Faith-aligned.** We are a Christian-centered practice and value clinicians who are comfortable providing faith-integrated care when requested by clients.

What We Offer

Clinical Support

Access to clinical leadership, collaboration, and a supportive team environment.

Caseload Development

Referrals, marketing, credentialing, billing, and administrative support to help you build a sustainable caseload.

Flexible Scheduling

Choose consistent blocks that work for you—daytime, evenings, or a combination. Consistency is key.

Growth Opportunities

A clear opportunity to transition from contract or part-time work into **full-time W-2 employment with benefits** as your caseload and role develop.

Supervision Support

Provisionally licensed clinicians receive access to supportive clinical supervision as they work toward independent licensure.

Community & Culture

Opportunities to participate in team activities, community initiatives, outreach, and professional development.

What We Need From You

We are looking for clinicians who:

- Maintain a **consistent weekly schedule**

- Provide timely, high-quality clinical documentation
- Are comfortable working with **commercial insurance, Medicaid, and some self-pay clients**
- Can work independently while remaining connected to the team
- Are committed to ethical, culturally responsive, client-centered care
- Are willing to participate in appropriate networking, outreach, and practice-growth opportunities

Please note: Building a full caseload takes time. We provide referrals and marketing support, but we expect clinicians to take an active role in developing their professional presence and caseload.

Qualifications

- Current North Carolina license or provisional license
- Fully licensed: **LCSW, LCMHC, LMFT, LCAS**, or related eligible license
- Provisionally licensed: **LCSWA, LCMHCA, LMFTA, LCASA**, or related eligible license
- Ability to provide telehealth services in North Carolina
- Reliable internet and private HIPAA-compliant workspace
- Strong communication, organization, and documentation skills

This Could Be the Right Fit If...

You want:

A sustainable caseload.

A supportive clinical team.

The flexibility of telehealth.

The opportunity to grow into full-time employment.

A practice where your clinical work, professional growth, faith, and community involvement can coexist.

If you are ready to build something long-term and want a practice where you can grow professionally while doing meaningful clinical work, **we would love to hear from you.**

Apply today and tell us why Soul Restoration Counseling Services could be the right next step in your clinical career.
