

hug - english ver.

english translation: thai1210

english translyrics: ami

hey hey, god above, i ask and i plead
why is it my heart's missing one big piece?
can't i face a day that doesn't hurt?
i'll close my eyes to tears that have spurred

can-can-can't do a thing, or so it seems
laughter feels like a stranger to me
shifting the blame in a silent self-hate
aah, i'm alone yet dreaming all the same

one day, i know that one day, you'll come to help me break the chain

in this silent, lonely night we're here but apart
sharing lonely rhythms in the beating of hearts
then, you told me, then you told me 'it's alright'
but will we find the laughter in the distant starry nights?
to the you who wears a mask you can't keep up
i'll be there whenever to give you a hug
even just a single step is fine today
take a chance to breathe, because i know you'll be okay

can-can-can't seem to let go of the past
every old regret brings an overcast
these old feelings that spin inside my head

i set them free, ignoring them instead

every day will bring mistakes like the rest
but i still keep trying to do my best
while there's no right answer in my sights
your voice will help make everything alright, ahh...

in the face of dawning days, i lowered down my head
hoping that the night would last forever instead
wanting to, wanting to tell you, but how?
hurting, it's hurting to lose the words now
but your words eased the hurt, bringing sun to my heart
brightening these feelings i had once let depart
and in a, and in a moment we finally found the laughter we could finally set free

in this quiet night we're here but apart
sharing lonely rhythms in the beating of hearts
then, you told me, then you told me 'it's alright'
but can we make the future in the distant starry nights?
to the you who wears a mask you can't keep up
i'll be there whenever to give you a hug
even just a single step is fine today
take a chance to breathe, because i know you'll be okay

just by being here and just by living free, aah, i can't seem to rid all these anxieties
i'm just human, so is it right if i ignore the future for this single night?
you already know all that you need to know
so don't think of the 'maybes' that will never show
share a laugh with me, let those feelings fly free
take them one by one, give them all a hug!
