Important Meet Information:

- **Parking:** Parking for both spectators and buses will be in the field to the right about 2/10 of a mile on County Home Road. Please follow the directions of the Fisher River Park Staff regarding where to park as they will be directing you.
- **Packet Pick up:** Coaches pick up your team packets at the timing tent, which will be the tent at the end of the chute in the finish area.
- **Team tents** can be set up on the opposite side of the creek from the finish line and any wooded area around the amphitheater. **Please keep tents and team camps away from the finish line area and grass area in front of the amphitheater.**
- **Race bibs** must be pinned to the front of the competitor's jersey, safety pins are provided in your team packet. If you have any unused safety pins or race bibs, please return those to the timing tent.
- Please have your team on the starting line at least 10 minutes before the scheduled start of their race.
- Races will go off every 30 minutes regardless of if there are still runners on the course from a previous race. If you have runners that will run over 30 minutes for a 5K we will do our best to get their time, but if we do not please make sure you get it and bring it to the timing tent.
- **Coaches, parents, and athletes are asked not to bother the workers in the timing and scoring tent while a race is finishing. Results will be posted on the meet page on ncmilesplit after each race is finalized.**
- **All NFHS rules are in effect for this cross country meet.** It is the coach's responsibility to inform athletes of the rules, not the meet director or meet management.
- **There will be races going on as teams and parents arrive, please watch the course as you come to the amphitheater area and as you exit if you leave before the meet is over.**
- Help make sure that the course stays clear during each race. Please inform parents and your athletes of this.
- There will be no assigned starting boxes at the finish line, it is first come first serve. Please put your top 5 runners on the line and everyone else falls behind.

- Results will be posted at <https://milesplit.live/timers/891>

 - The finish line has been moved about 50 feet to the left of the amphitheater stage if you are facing the stage. It now finished on the granite dust trail instead of the grass.
 - The course is easy to follow, where it can be confusing we have directional volunteers.
