June 1, 2024

Technology and Engineering Educator,

The Long Island Technology and Engineering Educators Association (LITEEA) is pleased to announce that students going to college for Technology Education are eligible for a scholarship! *These students need your help in applying for this opportunity.* If you have any student(s) following this path please fill out this google form ([Teacher Form](#)) or see the link on the LITEEA website (liteea.org). Your student will also be required to fill out their own google form- also available on the website.

Scholarship details:

Applicants will be notified via email by June 1st if they are the recipient to be awarded. When students have completed their first semester they will be required to submit their passing grades to the LITEEA council members. Once the transcript has been reviewed the monetary scholarship will be awarded at the January LITEEA meeting. This scholarship is valid only for the Educational Institution named on the scholarship application and is no longer valid if there is a change of institutions or majors.

Sincerely,

A handwritten signature in black ink, which appears to read "Caitlin Caputo".
