

Department of Electrical and Electronics Engineering

Academic Year: 2021-2022

Semester: I, B.Tech Chemical, Batch: 2021-2025

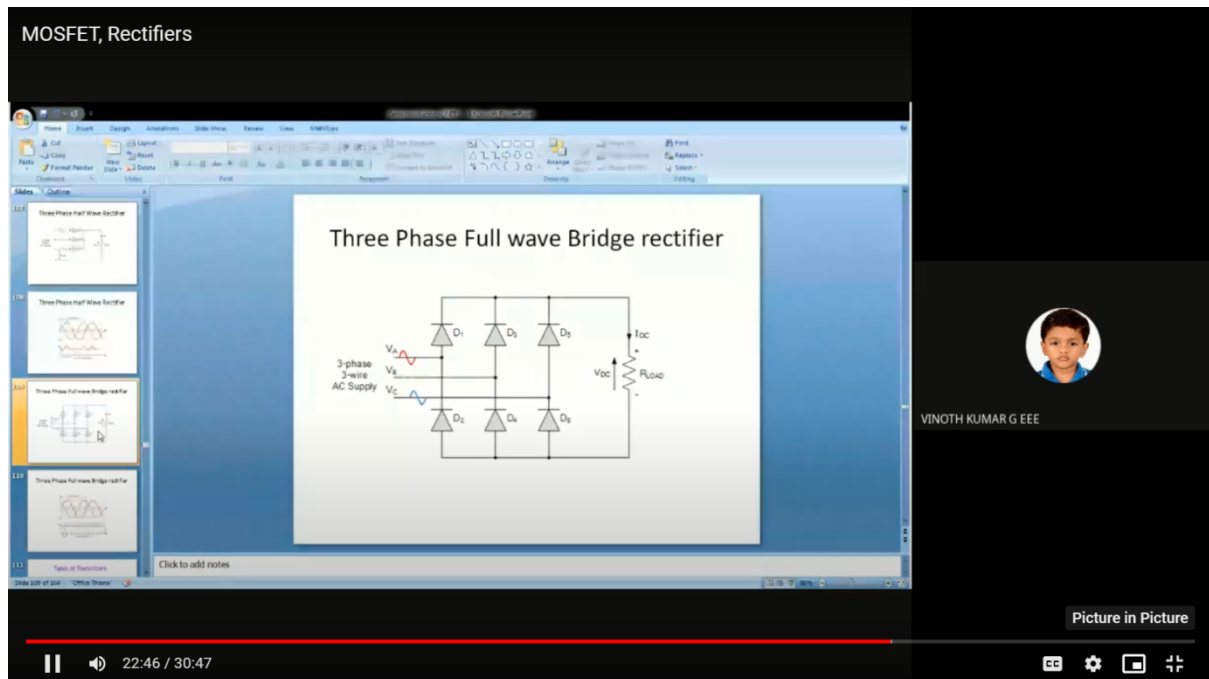

Subject Code: EE18153

Subject Name: Electric Machines and Drives

Topic Covered: MOSFET and Various Rectifier circuits

Online Lecturing–Google Meet Recorded video:

- The GCR video recording presents the explanation of MOSFET and various rectifier circuits. This has been utilised for flipped classroom for B.Tech., Chemical, first semester students.
- Screenshot of video lecturing
