- Suggestions for Collaboration with classroom teachers:
 - Look at curriculum and upcoming projects, find resources that can be used and offer to teachers.
 - Mention a resource that will be helpful next time the teacher does an activity/lesson, offer to help with it in the future.

- Start with approaching just one or two teachers for collaboration, they will come back for more.
- Talk to administrators about why it is a slow process, you are asking for teachers to trust you, and building trust takes time.
