

Classroom Management Rubric

Score _____ / **33**

Make a copy and add it to your google docs for yourself and score yourself.

This is a self assessment of your classroom management. How well are you prepared? What can you do to improve? I will stop by to see how you did. Let me know if you need help with your classroom.

Procedures	Not evident No plan (1 point)	Somewhat planned (2 points)	Plan in place, written down and posted (3 points)
Open House parent information (video, power point, handout, etc.)			
First day of school welcome for students			
Entering the room / what do students do when they arrive?			
Emergency procedures (parent contact in binder, know where to go for different emergencies, green/red card)			
Sub book is current with the following information (book contains, schedule, lesson plans that state where to find things, allergies or special diets in book and on fridge, parent contact info, pick up information for students)			
Classroom Jobs (do you have a job for every student in your room? How long do they keep the job?)			
Communication to parents (See Saw set up?, where do you collect notes from parents? Other communication?)			
Transition routine (how will you transition? Music, singing, attention getter?)			
New student orientation (how will you teach a new student the procedures?)			
Melt down student (what will you do when a child has a melt down? Do you have a safe spot? Have you taught the S.T.A.R. to your students?)			

Other plans you want to make a note about? List them here so you remember them.
