Symposium logistics:

- Thursday March 9th in the Hyatt House conference room (booked).
- 9AM-5PM, will order pizza for lunch so we have more time for the symposium
- Max 60 attendees. $30/person.
- Scholarships available
- Get tickets here!

Confirmed presenters:

- NCSF - Ioniangel
- Graydancer

Possible topics to cover (please add/comment!):

1. Introduction
    a. We all want to make events “safe;” how best to do this?
    b. Nomenclature
2. Developing better event/community policies
    a. Sharing incident information across events/community
3. Event infrastructure for handling potential issues
4. The stress response and the experience of being a victim (this could be said better, help?)
5. Bias-free interviewing techniques
    a. Interviewing via email, telephone and other non face to face techniques
6. Enable community to anonymously and openly report issues that should be addressed by the community and community leaders
    a. Includes proposing ideas for the symposium anonymously
    b. This is a living document, whomever you are - you can have your voice and needs represented (how do we handle x, y and z?)
7. Handling reported incidents at the event
8. Handling reported incidents after the event
9. Handling reported incidents that did not occur at the event
10. Punishment and “fairness”
11. Roundtable to discuss difficult issues
12. Plan for improving education about the things we discussed in our community, how are we going to change our practices based on the things we have learned?
