

Added Danganronpa 3 Live Drama Reading

Want to get into Danganronpa? Is this impossible viewing order driving you to despair? Well I am here to set you on track, with what you need and needn't know about the bear Monokuma himself. (Also please read everything on this page before starting the franchise)

Firstly let's go over a key **ABSOLUTELY NECESSARY VIEWING IS IN RED OR BLUE.**

(DO NOT SKIP OR LOOK AT SUMMARIES, USE THE LINKS I PROVIDED)

Things that are great for expanding knowledge are marked with a [K] for knowledge.

Non-Canon things will be marked with [NC]

Unreleased items will be marked with [UR]

In-universe meta existing properties will be marked with an [M]

Underlined items will have a link, so just click them and look at the link.

ALL ITEMS ARE IN THE PROPER VIEWING ORDER, DO NOT DEVIATE FROM THIS ORDER OR SUFFER THE CONSEQUENCE OF SPOILERS

Sub or Dub? For the games, it's your preference, they are both good. The DR3 anime dub is an awful embarrassment, do not watch the anime dubbed, it changes the experience from its mystery horror to a stupid "black comedy" thing. **TL;DR Games? You Choose. Anime? Sub**

So here is the order, for your viewing pleasure (If too long, speed up by 1.25% on Youtube)

DANGANRONPA 1: Trigger Happy Havoc (Game recommended over anime)

Danganronpa: The Animation (Badly rushed adaption but it is shorter than the game)

SUPER DANGANRONPA 2: Goodbye Despair (No anime adaptation)

DANGANRONPA/Zero (IMPORTANT & CANON. PDF) (Fangame based on novel)

[K/NC] Danganronpa IF (Novel. PDF) (Has DR0 Spoilers) (Alternate Universe)

(Alternatively there is a movie which cuts unnecessary puzzles and is just lore here)

So Far that seems simple enough right? Well the next few pages are going to be very chock-a-block full of links, so good luck. All of that above was in preparation for Danganronpa 3, DR3 has a very convoluted timeline so i have linked everything in the order it is meant to be seen basically episode release dates, and manga updates, sometimes you will need to read a little then stop, then watch some more, so on so forth, why they did this is beyond me but here it is on the next page VVVV

[Danganronpa 3 Gaiden Killer Killer CHAPTERS 1 to 11 ONLY \(Any more will spoil. any less dr3 makes no sense. Why this order? Ask Spike Chunsoft not me\)](#)

YOU MUST NOT WATCH ANYTHING AFTER THIS BEFORE FINISHING PREVIOUS STUFF!!

Now, Danganronpa 3: The End of Hope's Peak Academy is split up into little Arcs, and these arcs have a certain viewing order, so I will now put links to all the episodes in order

EVERYTHING BELOW IS CANON AND REQUIRED, it's just not all red so it's not glary.

(Also for a good experience i recommend watching only one ep of both arcs a day for suspense)
