

Thank you for stopping by this page! Please include a brief descriptor by each hyperlink.

Commitment tier 1

Educate - Educational resources for all levels on history, science, and current happenings

- <https://www.un.org/en/climatechange>
 - United Nations climate change page
- <https://www.bbc.com/news/science-environment-15874560>
 - BBC a brief history of climate change

Communicate - Communication tools for facilitating productive conversations over “touchy” lines (religious, political, social identities—helping tackling stigmas and misinformation)

- <https://www.frameworksinstitute.org/issues/climate-change-and-environment/>
 - A tool that shows what communication strategies work best with what populations
- <https://skepticalscience.com/>
 - This skeptical science website breaks down all of the most common myths on climate change.

Commitment tier 2

Donate - Credible institutions that will create the most carbon offsets with your dollar

- <https://www.edenprojects.org/>
 - Classic tree planting organization

Join - Pro-climate institutions with locally visible chapters you can get involved with

- <https://350.org/get-involved/>
 - 350 has chapters in most major American cities
- <https://citizensclimatelobby.org/>
 - A NON-PARTISAN political organization lobbying for climate action. Chapters in most major American cities and opportunities to join remotely

Lifestyle - Resources to help facilitate sustainable living

- <https://apps.apple.com/us/app/livegreen-daily-carbon-tracker/id1373553036>
 - A phone app that actively tracks your carbon offsets, and gives you the opportunity to offset your driving by donating proportionally to plant trees

Commitment tier 3

Support - Mental health support for coping with the emotional weight of the climate crisis

-

Jobs - Job opportunities for pursuing a life dedicated to saving the future

- <https://greenjobs.net/>
 -

Ideas - Platforms for connecting people’s ideas with resources to bring them to fruition

- <https://blog.temboo.com/environmental-grants/>

- This is a compilation of a bunch of different grants, along with their respective parameters and application link.

Local action

- https://19january2017snapshot.epa.gov/statelocalclimate/local-climate-action-framework-step-step-implementation-guide_.html
 - EPA guide (vague)
- <https://www.audubon.org/magazine/fall-2019/how-help-green-your-town>
 - Audubon guide (aspirational but more helpful)
