

Geelong Grammar 10 km

Start/finish

Start is on walking path just west of gates into Geelong Grammar drive to clock tower, next to power pole (see photo below)

Finish is at same point, on grass beside walking track

From start, runners proceed west (ie towards Geelong) about 250 m (marked with blue turnaround arrow – see photo), then turn around and return past start/finish, run out almost to freeway and return to finish. (They don't go down to the west turnaround a second time on their return from the freeway.)

Chalk a turnaround arrow on path in addition to sign, cones and arrows.

Corner near boat club

Place a lot of cones to keep outbound runners to right of road at all times.

Also keep outbound runners left of carpark. In 2025, went to right of power pole but left of power pole (as in first photo below) would be flatter.

If grassy areas are very wet, would instead need to go through carpark then along right-hand side of road.

Cummins Road

Place cones so outbound runners veer right as per arrows in photo (and not left along path to Cummins Road)

You can drive and park quite close to there. You can get there via Shell Parade then Bell Road and Macgregor Road.

Chalk an arrow on path in addition to cones and arrows.

Far turnaround (approx. 5.25 km done/4.75 km to go)

After placing cones at end of Cummins Road, proceed back to roundabout at top end of Shell Parade then under freeway and right around along Rennie Street. Walk under freeway back to far turnaround point (see photos below).

Chalk a turnaround arrow on path in addition to sign, cones and arrows.

Runners view as they approach far turnaround:

Looking back towards Geelong:

Marshals

Corner near boat club

Keep outbound runners to the right-hand side of road.

After all outbound runners have passed, move up to where homebound runners first enter road area and keep them to the same as outbound (ie to their left-hand side of road)

Warning in briefing

As runners approach both turnarounds, keep left as other runners will probably be coming toward you.
