

District President Annual Report

**North Carolina Extension
Association of Family and
Consumer Sciences**

District: West

Month/Year: July/2024

District Meeting Dates & Locations:

Fall Meeting: October 27, 2023 – Tracy Davis's tiny home in Mitchell County

Spring Meeting: March 22, 2024 – WNC Foodworks in Asheville, NC

Educational Programs, Tours, Professional Development activities:

Our Fall meeting was mostly planning for the annual Conference but we did learn about tiny homes. It was informative to see how efficient they are.

Our Spring meeting, at the WNC Foodworks, included a tour of the facility and also how food entrepreneurs can get support to begin their food business. We also continued our planning for the annual meeting.

Other district activities: We spent the year planning for the annual state conference which included meeting at the location, meeting in smaller committees and also determining the professional development sessions and keynote presenters.
