Playoffs:

Playoff seeding will be based on the CBS Power rankings. The ranking is based on 3 parts. #1 Your head to head record (each scoring week you will play against one team). #2 Your overall record if you were to play each team each week. #3 Total points scored for the year.

What happens is you are ranked in each of these categories based on where you stand in the league. {example: if there are 12 teams in the league and you rank #1 for points scored, you would receive a 12 for that category} Your overall power ranking is calculated on where you stand in each of the 3 categories.

Playoffs will be determined by the power rankings. The top 6 power ranked teams will make the playoffs. The playoff Matchups are determined by the top seeded manager in each round will choose who they want to play. The tie breaker, if needed will be total overall points scored for the season. Second tie breaker would be overall record.

#3 seed will choose who he wants to play the first round of the playoffs.

This automatically puts the other 2 teams against one another..

Remember #1 and #2 get a bye the first week of the playoffs.

In Round 2, the #1 seed will choose who he wants to play.

Payouts:

\$1200-\$180(League Fee)=\$1020 (Money Pot)

13 weeks times \$10(highest scorer)=\$130

1st Place Power Rankings: \$90 plus \$50 for bye in the playoffs
